So, a lot has happened and I am so glad that Juicy is away from Flex's crazy ass even though shit really got serious in those train track thank God for that dready dude. I am happy that Egypt (which is a character from Noire's other book "Hood" btw that book is another one of my personal faves) was there to share her story and help Juicy get through her time in the shelter. Trey and Juicy's connection is mad cute, I really hope they do end up getting together in that way because Trey seems like a well rounded man for her. I hope that he can keep her safe & that she doesn't lose anyone else because I really don't know how she is going to make it after losing Rita in such a violent way too like everyone that is close to her is just dropping like flies but I definitely didn't see that one coming so soon too but I mean I knew they were going to come for her because where else would Noonie run to?

These books have me losing sleep and ignoring people. With each one the story just keeps getting better, more twisted and gets your juices flowing. Once you start you won't want to stop until you're done.

### **Sheena says**

There were a lot of unexpected twist and turns and the justice that I'm still waiting to happen has not yet been done; but, I'm keeping hope alive. LOL.

### **Suzette says**

Poor Juicy. Can't wait to see what crazy Flex has up his sleeves.

### **Lesa Divine says**

Juicy drama continues with more drama after another she gets locked up then gets out, but ends up in the arms of a wanna be G man that calls himself Flex. With Juicy wanting to live to see another day she holds on

until she can't hold on anymore. Juicy finds herself in a homeless shelter until help comes from an ok'd friend.

Trey well know in his hood that works the street to make it better ends up finding himself in the middle of Juicy drama.

Monique still out to get what she want and that's Salida out the way.

Ace is so in love he can't see what's in his face.

Great book! Waiting for for Deadly Sins 6.

We'll I'll be damn!!! Flex is a serious nutcase and needs to let his lust for Juicy go. I can appreciate Trey more after reading this installment because even though he didn't know Juicy well he still looked out for her. Maleek is a lost cause and playing right into what Flex has going on. When Truth finally got the courage to help Noonie things went all wrong. Pluto, Ace, Monique, and Salida are all working my nerves. Their lust for control and a big payout has them making some stupid decisions. I'm mad at Chiney because she knows how hard her brother is fighting against what she's doing but she doesn't seem to understand the trouble that will come about because of her choices. I'm glad Juicy got some answers from Quese but Sallie is just as slick as they come. To think he'd go as far as he did was beyond crazy and I can't wait until he hits a rough patch. I was rooting for Noonie because I just knew she'd finally get the opportunity to get her life back on track. Damn Rita! So much for trying to protect the ones she loved. Those dudes were heartless for how they handled the situation. I can't wait to see what more drama will occur once things begin to unfold.

Oh my gosh. This book had me going. First of all Flex need to get him some help...like yesterday lol. It makes no sense how bewildered he is with his feelings. I can't keep up.. That shit is just creepy. Poor thing. He needs to visit the nut house Salida was at lol. Speaking of Salida, how old is this woman? You mean to tell me she got hit by a damn SUV and she managed to just sprain her hip? She must have had a lot of milk. Them bones made out of steel. Salida trifling as hell giving Noonie those drugs and nobody has the common sense to see that Noonie ass is a child. She's a hot bucket but still a kid. My heart was heavy reading about Noonie's downward spiral. I just wanted to give her an old fashioned ass whooping then put her in church. Make her go to Sunday school. Listen to some Joel Osteen. Something! She needed an ass whooping and a real tight hug and never let her go. I figured Pit didn't shoot Juicy & Gino. That's too easy. Damn I love Noire and her twists and turns. Got my ass on a roller coaster. Oh and Sallie.... The hell wrong with that sadistic ass dude. \*throws hands up\* can't wait to finish the other books. I wish I could give this book more stars because damnit my heart had never wept so much.
