Get Me Right Again 2: Shaniqua & Desmond Diamond Johnson

Miami's favorite couple is back, but just like last time, they can't seem to catch a break. What is it about Desmond and Shaniqua that's so hard to get it right? Then there's Harlem. Somewhere in the back of her mind, she is still holding onto hope that her and Desmond will one day be back together.

Part two of the get me right again series is filled with so much drama, heartache, and loss. It would be perfect if this book ended on a good note, but with all the drama in the atmosphere, a body will fall this go around.

Can Desmond catch a break!!

This series is something else. So glad that Desmond & Shaniqua got themselves together. Desmond is going to be a mess with all that tragedy happening on what would have been a happy occasion Milan's birthday but nooooooo.....now we gotta wait till part 3!!!

Once again this series is ????

akeyshia says

Yes a great read

I enjoyed this book from beginning to end. I'm glad Shan band Dee got it together. I hope Chase and Vick gets whats coming to them very soon. I hope Dee take his daughter from Harlem. I know in pt3 Dee will be painting the streets red. I hope everything is good with Shan and the baby.

This series just keeps getting better. Harlem has to be the dumbest chick ever. Chase is learning karma is a big bad b*tch. Ready to see how it all ends.

BEAUTIFUL MEEKA says

Nooooo

Don't deserve it like this Diamond OMG it was his grandma. His lifeline besides Sha..... I don't want it to be that way (tears). And on top of this Sha is losing the baby what more can my heart take. I need part 3 so bad because Diamond has taken CLIFFHANGER TO THE EXTREME!!!!!! Another awesome book so glad I'm a fan ?

Latoya Brooks says

Just ok

I feel like this author has kind of fell off. This book was not as good as the previous series. It kept my attention but I found myself skipping pages. There definitely wasn't any WTF moments except with the cousin hurting the baby and her sister snatching the chain...

Shannon says

Desmond and Shaniqua complimented each other well. I know it was hard forgiving Desmond but Shaniqua was able too and work on their relationship. Instead of Harlem moving on she was focused on getting Desmond back. I hope Shaniqua is okay and her and Desmond take Milan from Harlem. In part 3 Vick needs to suffer right along with Harlem for everything they've done. Great job Diamond.

Mar Lo says

Another Phenomenal Book

I love the love that Desmond and Shaniqua have and I am happy they were able to get past there issues and get back together. They make a great couple. The marriage was a added bonus. I glad that Jahiem and Antonia were present in the book. That damn Harlem and Vick and trouble and I hope that everyone can work pass the issues that they are going to bring.

Ladii Zig says

Oh my godddddddddd

Why lord why did you have to do that, Diamond I swear you just gave me a massive heart attack. I swear Harlem is like the devil himself and I had a feeling Vick was touching on that baby. I just pray and hope Desmond get him and torture him for the old and new, right along with Harlem. Overall this was a great read and can't wait for part 3. EXCELLENT

Tammy Benton says

OMG the drama and Mayhem continues

The story leaves off with Chase has broke in to Shaniqua condominium and takes advantage of her doing sexual favors without her permission. The plot thickens with Desmond demands to see her and confront Chase if looks could kill then he pulled out a gun. Chase was trying to intimidate Desmond but he wasn't having it. Chase thought she was so smug when she took advantage of Shaniqua while she was asleep. Harlem has came up with a different route. She creates a fake website to get rid of Shaniqua once and for all. Harlem created a fake website that make it looks like Shaniqua was talking about Desmond and Harlem daughter to her hair dresser she was to have said his daughter was ugly. Desmond has a soft spot for his daughter. He jumps to conclusions he attempts to chocked Shaniqua out comes to find out it was false hocus . Desmond finds Vic and runs him over with his car. Shaniqua and Desmond end up back together trying to

make their relationship work . Shaniqua gets pregnant and has a miscarriage due to stress and Harlem the baby mama from hell. Desmond and Shaniqua takes a getaway to try to reconnect with each other. They ended up getting married in Mexico after drunken stupor. Harlem make hugest mistake of her life when she let her cousin move in with her and cause her to have Desmond take her daughter away. Harlem and her sister get into when she ask for money and she doesn't have it she take Milan necklace and sells because of jealous towards her sister they start fighting. Shaniqua a while ago fights Harlem for lieing on her. Then tragedy strikes again and Desmond finds out from his grandmother neighbor found her shoot and murder in her drive way. Desmond was devastated and was in so much pain he was still grieving for the baby that Shaniqua and he lost.

shawanda Woods says

?????

Desmond is going on a killing spree with his baby mama and her cousin on his hitlist. I pt 3 don't take long to come out. I hope Shaniqua don't lose the baby. That ending has me in my feelings for sure.

Shronda says

Banging 5 stars book

This author is the truth. Shaniqua and Desmond have had some ups and downs in their relationship. Now Husband and Wife everything seems to be going ok. Shaniqua ex Chase is crazy and insane. And poor Desmond is about to be hit with the death of his grandmother, possibly his wife having a miscarriage and whatever Vick may be doing to his daughter. Harlem, Chase and Vick needs to go. Can't wait for part three.

Pam Smith says

Can't wait for the next book!!!!

This book was just as good as the first one!!!! I love me some Desmond!!! That man is everything he's a protector, a provider, and he loves hard can't beat that combination. Did not like how the book ended I won't give away anything but if you are thinking of getting this book wait no more!!!!

Kristie Kilson says

Awesome read although her books are always sad. Very depressing

Andrea Anderson says**Wow**

I can't wait til these tainted minded people get dealt with. Vick is a perv that should be raped himself as well as Chase. I mean touching children that is just bottom of your shoe low and I can't wait til they feel Desmond's wrath. I hope Shaniqua doesn't loose the baby because Desmond can only take so much lose. I hope this ending truly becomes a love story. That dumb Harlem deserves to die too, she's the definition of stuck on stupid. I can't wait til the next book drops.

STACEY E SWEAT says**Drama on top of drama**

I was so excited about Desmond &Shaniqua.but it's like I'm hating this book right now,people don't know how to move on.people being spiteful for no reason,& it's just wayyyyyyyyyyyyyy to much drama for one ?.you got Chase doing crazy things,Harlem being ignorant as hell,Vick being crazy as hell.these won't be in my correction.
