Poor sisters

It took me longer to read but I finish it. It was ok just wasn't exciting enough but when it did towards the end I enjoyed it

Shana Carter says

Dang

I think Jewel is the one that set her husband up. Once Harold said the Mama was sleeping with someone from Jai's past I know it's Brian. I on want Jai to abort the baby. Will Jacey and Dak get over her brother killing Shante once the truth surfaces.

Chonda Jordan says

Good read

This book kept you guessing and on edge from beginning to end so ready for part 2 to find out what happens next

Mznicki Ervin says

Must Read

This book was very good. Dak and Perry were something else. They both went after what they wanted. Dak messed up so much in this book that he made me want to slap him. He did Jace so wrong. Jai should have been more open with Perry. He also should have listened when she let him know some things up front. The way he reacted to some things coming to light was wrong. She told him and although she didn't go into full detail he wasn't completely in the dark. Jermel and Ashley had a good relationship. She did some things to please her man that may have not been the right choice. Things were crazy in this book. Secrets came to light and relationships were tested. Looking forward to book two!!

What a ending!!!

This book had me intrigued from the beginning and I love every page of it. I'm so anxious to read the next book til it's not even funny. I'm dying to know who summit Harold but I have a feeling that it was Perry, I could be wrong but that's my gut feeling. I'ma need Dak to do better than that because Jacey is a good girl and she deserve better than that. I feel like Jermel Jr did what he thought was best to protect himself and his family because Shante was coo coo for cocoa puffs. I have a feeling Jewel their mother was sleeping with Brian which is Jai first heartbreak and I really feel like he's the one who killed the secretary because that was his girlfriend at the time and he and Jewel wanted to frame Jermel Sr. This is why I'm so anxious for part 2 great job

Shekie Johnson says

And there it is

So who is this person.. Omg sometimes I hate cliffhangers. Karma is on the way. I felt bad for Dak. He was really in love and wanting to do the right thing... This was an okay read. I'll be reading part 2.

teresa wheaton says

Excellent

Part 1 was excellent as I knew it would be! I can't wait to see what skeletons come out in book 2! Will Jai get an abortion? I hope jacey works it out with Dak! I also feel Jewel is somehow involved in the mess with Jermel Sr!

Felicia says

Damn

I can't wait for part 2 all of them are stressing me the hell out from the sisters to the brother n his freak ass fiancé to the daddy ass like wtf

Michelle Hawthorne says

?

I literally have no words! This book is beyond a page turner. There is something juicy in each chapter. This was a great read!

Pamela Johnston Ward says

Nooooo

Nooooo! Did you have to leave me hanging like that? After all of the craziness, you left me wondering what is really going on. This has to be one of the most dysfunctional families that I have ever seen. So much drama. Secrets coming out left and right. Someone set the mayor up, and I need part 2 asap. I have to know who did it and what's going to happen next. His wife is real suspect to me. Hopefully I won't have to wait too long for part 2.

Mya says
