Perfectly Ever After Elizabeth Hayley

A novella...

In Pieces of Perfect we introduced you to Lily, Adam, and Max. In Picking Up the Pieces, Lily found her happily ever after with one of the men vying for her heart. But what about the man she didn't choose? Find out how he attains his perfectly ever after in this final installment of the Pieces series.

Vickie says

You need to read *Pieces of Perfect* and *Picking up the Pieces* before reading this book. This is a fairly short story following up on the man Lily left behind and his own happily ever after. We meet up with him 2 1/2 years after Lily left, and he's happier than ever. This is a very sweet book and a perfect conclusion to the *Pieces* series. It's nice to see everyone finally leave the past behind and getting on with their lives. All in all, like the rest of Elizabeth Hayleys books, this is a great story, fantastic characters, and brilliant editing, funny in parts, sweet in others, and just enough sex to keep me happy. If you've read the other two books in this series, then you really need to read this. You'll finish it with a smile on your face, whether you think he should have been with Lily or not, this will leave you with the satisfaction of knowing all the drama and heartache was worth it in the end. Another 5 star read.

Megan ~The Never Ending Book Basket says

So this is the novella for the guy that Lily didn't choose. This is where you get to see his happily ever after. As much as I think Lily made the absolute right choice at the end of *Picking Up the Pieces*, I still wanted this guy to have his day too. He really deserved it, and I truly loved his character. There was no way around that.

This was nice little snippet of what his happily ever after is. I really enjoyed getting to jump into the shoes of this guy again, and I couldn't help but love how everything worked out for him. I found that the person he ended up with seemed to truly fit him, and that their relationship was what seemed right.

This is a really quick read, but it will fulfill everything you could have wanted for him. It's got everything you want: a little bit of drama, some hot and spicy, plenty of romance, and of course the happily ever after you've been pulling for since day one with this gentleman caller.

Melissa says

4.5 stars~ Loved this follow up Novella for the man that Lily did not choose! I thought it was perfect for him and I am so glad that he ended up with his happily ever after too! Great series! Really loved all of the books!!!!

Jessica Ann says

I loved, but I expected nothing less from the 2 brilliant minds of Elizabeth Hayley!
Perfect ending to a great story!

Penny says

5 stars for closure.

Although I was 100% on the other team I think it's great to have this sexy, fun book for all fans of the series.

Andrea BE says

I didn't read this book. I tried, but I really hated the character Adam in the previous two books.

The Kara B says

What I truly LOVE about your writing is the seamless transitions that occur from moment to moment. It really makes me feel like I am living their story and made it easy to get caught up in the story.

Dawn Wynne says

This 91 page book really could have been included in the epilogue of book #2.

Claudia says

I guess everyone is happy now. I was not thrilled with this HEA, though. How come he wouldn't do a quickie-style first time before but now falls in love and marries his one night stand? Hmm, just a little hypocritical dude!

AngelinaT says

So, I am not going to give anything away in my review that might spoil it for anyone who hasn't read book two yet. This is the story of what happens to the guy Lily didn't choose. His happily ever after. Let me say that Lily picked the guy I was routing for all along but then my heart broke a little for the guy she didn't pick. However, he found his HEA and it worked out for him. I think he ended up with someone much better for him than Lily:) That's all I'm saying! I hope to read more books like these from Elizabeth Hayley soon because I truly enjoyed them all:)

Jules Batemen says

Its sad to see the end of this series but it went with such happiness that I can't be sad. Plus I can always read it again! Such great stories.

Becky Fenner anderson says

SWOON! This book is filled with my favorite man from Picking up the Pieces. Enjoy following Adam and Carly as they move towards their wedding and starting their lives together as husband and wife.

Very sweet story filled with some steamy moments and a whole lot of love.

Kristin says

So glad that Adam finally got his perfect ending. Would love to see Eva's book.

Maria says

Should of been an Epilogue in book 2!
