# **From Reader Review Review of Medical Microbiology and Immunology for online ebook**

**Kristi says**

Great book!!! Such a pity that the Albanian version: "Mikrobiologjia klinike", translated by Dr. Betim Byku is a load of crap!!

---

**ahmad afridi says**

too long for a review book .. and too deficient for a standard text book ..  
however the portion "PEARL" after every chapter is what you can call literally pearls of this book .. sum up whole discussion in a page or two and ideal for revision on Exam night

---

**Faisal says**

Nice Book

---

**?? ?? says**

thanks for this nice book

---

**Ahmad Ali says**

nothing

---

**??? ????** says

VERY useful one, specially for students  
the questions in the end of book so helpful .

---

**Siarasaleemyahoo.com says**

plx want to read

---

**C says**

Neither concise nor high yield. Otherwise, fine.

---

**Angel Haya says**

bactiral growth
