### **AgosCB says**

Este libro es muy, muy,muy tonto. La protagonista no tiene los ovarios para invitar al chico a salir o para besarlo y pone la patética y ridícula excusa de "yo no soy esa clase de chica" (juro por Arya Stakr que realmente decía eso) Ay si claro, no es la clase de chica que tiene puestas bragas de chica grande y va por lo que quiere, no sos la clase de estúpida que espera que el hombre haga todo. Por favor, ya estoy cansada de leer lo mismo, una y otra y otra Y OTRA VEZ.

No se que decir así que... Supongo que el final tiene sentido :)  
Sigo sin poder sacar que la autora hizo un fan-fiction de One Direction  
con otros nombres.

I really enjoyed reading this series. All of the books were short, which meant that i was able to read them really quickly. As i reached the end of each book, they made me want to read more and more(one problem with short books like these-THEY END TO QUICKLY!!!).

I would recommend this series to someone who wants quick, easy to read books. Personally, my favorite book in the whole series would be Star burst.

The Star Kissed series was great to read and has helped me get in the mode to read lots this month!!
