Awww, this book was enough to make me love the heretofore underutilized Brother Dave. He MADE this book.

This is the seventh book in the Dragon Slayers' Academy series by Kate McMullan. Our girls have been reading a few different dragon stories and so this series piqued their interest.

One of the series we've been reading (the Dragon Keepers series by Kate Klimo) paints the dragon as the hero and the slayer in a bad light. But this story gives us more of a typical look at dragons and their slayers, although the story is riddled with tongue-in-cheek humor.

This series offers an interesting take on the dragon/knight saga. The story centers around a school where children are taught to become dragon slayers, primarily for the purpose of enriching the school's headmaster with the slain dragon's hoard. So far he hasn't been the beneficiary of much dragon gold, but I get the feeling that with 19 books in the series, he will keep sending his boys out, hoping to succeed at long last.

It's a very entertaining story, with lots of subtle humor and word play within the narrative. I thought it was fun that the characters took a break from dragon slaying and the three friends competed in a quiz tournament.

It's a quick read and I liked the story. Our oldest has been reading these stories on her own, so I'm reading them quickly to catch up with her in the series. We've read a few of the stories together, but now we're all reading them independently. Our youngest is also reading a few of these tales now that she's finished with the first Warriors series. I am sure that we will look for more of the books in this series at our local library.

Its where Wiglaf and his friends have to compete with others schools to win a big trophy filled with gold.Every point in the winning team is one piece of gold.

### **Alta says**

Intermediate chapter book- a great adventure for young readers. Once again, some antiquated terms and ways of saying things on occasion. The contest in the book is a good way to get kids thinking.

### **Natsu says**

This one is super amusing!! I laughed everytime Bragwort said, "Who?" \*LOL\* Loving this series more..

### **Sydney says**

Its about Wiglaf and his friends are going to this tournament and there captain who says he knows a lot but when he rings the bell he keeps getting the answers wrong so they put a spell on him so all he says is who and the spell helped so they won the tournament.

### **Kristen Gurri says**

Fun and predictable. At least both kids will listen to this series. The best part is they go off afterwards and play dragon slayer school. It's the best possible compromise for a daughter that wants to play school and a son that wants to kill great beasts.

Possibly my favorite of the Dragon Slayers' Academy books so far! Brother Dave has got to be my favorite character. And I just love how he saves the day in this one!
