**Aliens Like Us Gini Koch**

**Judging by 2080 date on Amazon it appears this isn't going to be available 2-2019**

Author, 1-28-2019: Since the last quarter of 2016 life has just been pounding at my family and moving across the country was only part of that. I've been buckling under the pressure. Plus, Aliens Like Us wasn't done and needed a lot of work to be the book in my head that I've described to my editor. We made the hard choice to pull it off the schedule so that I could do a reset and feel the joy, versus the pressure, of writing. Aliens Like Us WILL be done and back on the schedule once I finish it, but I needed to admit that I couldn't keep up the pace after the last couple of years. So, Kitty will be coming back, just a little slower than originally planned.

**As some of you have surmised based on Amazon's advising you of such, Aliens Like Us is not actually going to release in August. The why is pretty simple -- 2017 kicked my butt and I'm so far behind that even Kitty can't make a joke about it. It's not fair to DAW and Penguin Random House, and it's not good for me or my sanity, either. So, my editor and I went over things and Aliens Like Us will release in February 2019.**

**Katherine "Kitty" Katt faces off against aliens, conspiracies, and deadly secrets in the seventeenth novel in the Alien series, where sci-fi action meets steamy paranormal romance.**

When a call for help from an unknown entity comes to Kitty, she figures it's just business as usual for her life. Only the call isn't from someone in her own universe but from one of the many others, where her life is even more different than the one she discovered in Bizarro World. And, this time, it's not just Kitty who changes universes.

The fate of the multiverse is now resting on Kitty and company's shoulders, but they may not be able to save it alone--and the help Kitty's come to rely on may not be able to intervene, assist, or even show up to watch.

Or, as the multiverse calls it: Game On.
