Cowboy Joseph W. Morris

That is where it began; the Home, an orphanage, where Danny Cantrell, then but a tot, and his two brothers were brought and left by their father, and where Miriam Angelique was to come with her mother from Ciudad, Mexico: both, the two youngsters, Danny and Miriam, there schooled and tutored and molded by the wise Old Rutgers Fallon; and then later by the shrewd, but benevolent Jewish enterpriser, Carl Weiss, possessor of boundless wealth. But this for them was more than a beginning. It was an inexorable journey, replete with cotton and oil and cattle and intrigue, played out on the length and breadth of Texas soil and on the plains of New Mexico. In time the empire became Danny Cantrell's to govern, the beautiful Castilian Miriam at his side.
