## **Darkness Calling** Laurie Olerich

Book Five in the Primani Series. This darkly intense story is a standalone in the urban fantasy romance series.

Finally freed from a century in purgatory, former-wild child Aisling just wants to raise her son and live as a normal human again. Her demon hunting days are over. Her taste of freedom is cut short the moment her past comes searching for her. There's a reason she was exiled, and his name is Cain. He is the one demon she couldn't kill. One she couldn't resist, didn't resist. With him, there was only darkness, and the angels help her, she liked it that way. Now he's back to keep her on a short leash. His commands are simple. Stay away from Sean or else. But when he threatens to take her son, she turns to the one man who can save them both. Sean.

Primani Sean is sick and tired of his baby mama's hateful attitude. He's been more than fair for five years. Her mood swings give him whiplash, and he's seriously thinking of strangling her. But when a brutal old enemy shows up to destroy everyone Sean loves, he discovers Aisling is hiding more than her feelings for him. When the ice finally thaws, he's stunned to realize how she calls to the darkness within him.

Joining forces to protect their son, Sean and Aisling set out on a journey that leads them from the city streets of Manhattan to the elegant hotels of Vienna to the final terrifying showdown in Rome.

## From Reader Review Darkness Calling for online ebook

### **Barbara says**

I received an ARC from the author of this book for an honest review.

Absolutely loved it!!! OMG where do I begin, first loved the story of Aisling and Sean. Some might call Aisling a bitch and I agree but she redeemed herself and as for Sean my BBF what a hunk of a man. The book was very well written it had my interest right from page one. Laurie's writing is amazing I wish I could give it 10 Stars. You need to add this book to your TBR.

---

### **Penney Nile says**

I got an autographed copy of Darkness Calling in one of the Goodreads giveaways, and am I ever glad I did! This is the first of Laurie Olerich's Primani series that I have read, and it was well worth the read. Now I know that I MUST read all of the other books in this series. Laurie definitely has a new fan, and I would rank her in my top ten amongst such other urban fantasy authors such as Laurell K. Hamilton, Jeaniene Frost and Kim Harrison. If all of the Primani are like Sean, then I am in love! Aisling is a kick ass heroine with a temper and a wit to match. Can't wait to find out about the others!

If you are an urban fantasy fan, grab this book! You won't regret it.

---

### **JoAnne Finan says**

WOW!!! This was so worth the wait! Sean and Aisling are perfect! Their stories are riveting! I re-read the book as soon as I finished it the first time, it was that good. The plot keeps you on the edge of your seat and is full of twists and turns. The characters in the Primani series are so well developed, each book is like visiting old friends. You can't help but get invested in the characters. All the books in the series are great reads and ones you can read over and over again.

---

### **Tammy J says**

Darkness Calling is the fifth book in the Primani series. I didn't like Aisling in book four very much since she appeared to always be on the attack. I knew there was a story behind all that bi\*chiness though and man was it ever! Aisling's story is dark, sensual, guilt ridden and extraordinarily emotional. Sparks fly between Sean and Aisling in bad ways and in oh so good ways too. Of course it goes without saying that it gets deliciously steamy between Sean and his baby mama! This is such an addicting series as Laurie Olerich really knows how to build a fantasy world with incredibly intriguing and hot characters that draw you into their world! I was given this copy in exchange for a fair and honest review.

---

## **Theresa says**

### **Wonderful**

It took them awhile to find their way back to each other, but the end result was so worth it. I'm so happy Sean finally found his one special love!

---

## **Robin Toy says**

### **Good read**

Sean and Aislings story was pretty good. Love how Dalmatians are demon detecting dogs throughout the entire series. There are still parts that I have to reread several times and still don't get it till down the story road. But still a page turner that is action packed.

---

## **Cyn Thia says**

I received an ARC copy of this book from the author.

I will admit, I'm not a big Sean fan and was a little bit wary of being able to get into this book, but from page one, I couldn't put it down. Aisling's story is so emotional and raw, I ached for her as it unfolded. Sean also redeemed himself in my eyes throughout this book, despite his childishness, his steadfast (sometimes misguided) sense of loyalty won me over in the end.

The writing in this book is degrees above the first book I read in this series. The way the author describes the scenes, emotions and thoughts of the characters makes you believe you are right there, just watching it all unfold. This is a book I will absolutely read again.

---

## **Rosanna says**

OMG!! Another fantastic book!!

This is book five in the Primani Series. Finally we get to know why Aisling is such a bitch in the other books. She has had it rough since she's been made by the Archangel Gabriel. Made out of regret because he killed her father and two brothers when he was toying around with a demon.

We find out how she was vaporized. We find out the biggest reason why she was involved with the Angel Slayer himself.

Im glad it has a HEA. I couldn't bear her and Sean not being together with their son Sean Michael. Can't wait for the next book as always... It's going to be bitter sweet seeing as it is the last book in the series!!

---

## **April (TwilightTINK) says**

I have to admit that when I started this book, I didn't expect to love it. I thought I would like it but hadn't been a fan of Aisling from previous books and since she was our lead character, I didn't think I would love it. Just shows you how much I know! She was a very compelling character. Getting her story, figuring out why she behaved as she did left me no choice but to love her.

Sean has always been a favorite character and that didn't change in this story. I find him yummy and fun. And he is still yummy and fun.

When these two get together, sparks fly.

Add to the mix their young son Sean Michael and it left me crying and hoping for more of the story.

It was fun to see more of Rafael and to get to know Gabriel better. The archangels make for some interesting story telling.

Laurie has really well thought out characters and a wonderful flowing storyline that moves seamlessly between books. Very glad I found her work!

---

### **Debra says**

#### **WOW!**

This book keeps you on your toes. It's a tough one that keeps you wondering what is next. You are thrown for a loop several times....can hardly wait for next one.

---

### **Christine Young says**

I received an ARC copy of this book from the author.

Holy hell this book is HAWT!!! The sex scenes made me sweat ... besides that ... here's my review: Can I give more than 5 stars? No? Damn - Oh how I've been waiting for Sean & Aisling's story. Like Romeo & Juliet - if Romeo & Juliet wanted to kill each other - I've been anxiously anticipating where Laurie would take this story line. These two Primani have a son together and have been trying to maintain the peace while raising him to be the warrior he is meant to be - and trying not to choke each other. Here we get Aisling's backstory. I have to admit in the beginning of the book I really didn't think there was any way Aisling could redeem herself. No matter what Sean does she is just so aggressive (and blatantly mean) towards him - which is really annoying, as I adore Sean (all the boys really). When she is called a bitch I can't help but agree. Until we hear her story which takes you on an emotional roller coaster of grief, blame, sadness, sensuality and eventually, hope. She is so strong it makes you fall in love with her completely. We also get to hear how Sean became a Primani and how he came to be the man he is. And how can you not love this man. No matter how many knocks he takes he just keeps getting back up. His no nonsense attitude and willingness to say what he thinks no matter the consequences is brilliant. Like Dec, he also has the ability to make me powerlaugh which I love as well.

Not only is this book HOT but it also brings out so many emotions as you become emotionally invested in each character. But the sex ... holy hell the sex made my eyes water, my face blush and I'm pretty sure I was panting a couple of times.

Alexandyr & Dimitri are intriguing characters who I hope we eventually see more of! Gabriel and Raphael also make appearances and I will always love Raphael – and Gabriel pisses me off to no end. There is just so much awesomeness in this book and it will leave you wanting so much more!

---

### **Rebecca Waldron says**

I received an ARC from the author of this book for an honest review.

Holy hell!!!! Laurie Olerich has done it again! Through the entire series, I have had a soft spot for Sean! As the series went on, all I wanted was for him to find happiness. Aisling..... total bitch! Never thought she was good enough for Sean! Until I found out why she was so mean and bitter. She softens up, and I am so happy to say, her and Sean are perfect together! This series keeps on getting better, and I will be so sad when it comes to an end! Somehow I feel that Laurie will make it close out perfectly though! Hopefully not too soon though :)

---

### **Angel says**

HOT,HOT,HOT!!!! Erotic! This book was AMAZING! I couldn't put it down! Laurie Olerich out did herself with this one! Did I mention HOT! I love Laurie's writing the book has so much action and suspense, and the romance will steal your heart!

---

### **Jolene says**

I believe this is book five in the Primani series- It is a classic Angle/Demon story and it has the tension you would expect and want in a series like this. I have not read the previous books so it was easy to pick up and read as a stand alone. After this life and death struggle to protect the child they have together. Their love/hate relationship brings on some very hot scenes when they are forces together. If you like dark paranormal you will love this book.

---

### **KathyAnne says**

I've been stalking this author for a while and finally decided to dive into one of her books in the Primani series... I was in the mood for something a little dark and edgy and this hit the spot!

Even though this is book five it can be easily read as a stand alone. I liked this one so much that I'm definitely going to go back and read the previous installments.

The Primani are humans who have been gifted immortality by the angels... you know... the big guys upstairs we know as Gabriel, Michael and Raphael. The Primani are trained to guard and protect humanity against demons who are hiding and masking themselves amongst humans for evil purposes.

There are many layers to this story but the primary focus is on the character Aisling. The story flips back and forth from past to present as we learn about Aisling's journey to becoming Primani and the unfortunate circumstances of her previous life and her new eternal one. The present Aisling is without a doubt a cast iron B\*\*\*ch. But as the story of her past unfolds it becomes clear as to why. She was the unfortunate pawn in the

games being played between angels and demons.

Next we have Sean. Sean is also a Primani and he has a love/hate relationship with Aisling. They have a child together but tension between them is high. Aisling is always pushing him away but clearly she has deep feelings for him. They find themselves forced together to hunt a powerful demon who is determined to destroy his family.

Cane, the demon they are hunting, is powerful, seductive and dangerous. He was an intriguing character that was the perfect combination of beautiful but deadly.

This story was dark, edgy and suspenseful. There were some very emotional scenes but then the author would stick in a scene that had me laughing out loud. When Aisling and Sean finally come together... they bring down the walls... literally! Most entertaining sex scene I've read in a while... :)

I loved how this couple slowly came back together and gave into their feelings and desires for each other. Sean was so good for her and helped her find a path back to hope and happiness. My favorite quote in the book:

**Just as she closed her eyes, he whispered, "I might not be a demon, but I'll still take your soul." He buried his nose in her hair, and promised, "The difference is I'll treasure it."**

**\*\*LOVE\*\* :))**

If you love PNR but you like to have an edge of darkness... I would definitely recommend this one. It's very well written, engaging and has some very intriguing characters.

Looking forward to more from this author...
