### **Sue Davis says**

#### **Should be good**

Another good sounding book. With a need to have the rest of the set to be able to sit back with them all and enjoy the whole book at once. Story seems good and has me wishing for the rest to see what's next.

### **Alida Arabelle says**

The only reason I read this is because i was so bored. And i am so regretful that it happened. I have no idea why people try to write Night World fantasies when they have no idea what it is. And for a die hard YA vampire /werewolf /witch fan this is a disgrace.

### **Jenny Prose says**

3.5 stars

A short novella alpha shifter book that has a cliffhanger. It's in need of a good editor but otherwise a good book.
