## The Voice of Darkness:

Believing he's finally taken care of Tyki Mikk, Allen is brought up short by Road and presented with a stark choice--if he wishes to rescue Lenalee and Chaoji, he must destroy his friend Lavi! Allen refuses to do it, little realizing that the choice is not what it seems. Lavi knows what's up, and may be the only person who can turn the tables on Road. Has Road, however, destroyed his will to resist?

I love this . It was a crepy good stuff

## **Preston says**

Not too bad, the story continues to develop nicely.

## **Viridian5 says**

Yay, Lavi! I'm glad to get his background and personal growth. I liked Allen's conversation with Lenalee about why he does what he does and how she would do the same in his place; it's an important moment. I'm wondering exactly what it is that Allen's arm sword really does if driving the Noah out turned Tyki Mikk into a being that kicks everyone's ass even better and more powerfully than usual instead of a human. It's good to get a look at the infamous Cross Marian at last.

But I have to say that some of the battle scene panels are so densely drawn up that I had no idea what was going on.

## **Amy says**

So, this marks the 200th book in my challenge!! Woot woot! And then I was distracted by life. The inner struggle of Ravi, which surprisingly didn't interest me that much, I was hoping to look at his life more, well, there's some character development there, but now Ticki intrigued me the most. Cross Marian, such a handsome jerk... Hope to see more of him soon!

## **Gabriela Paige says**

YES. ACK!!! I am so intrigued my this man, General Cross. I want to know more!!!

## **Michelle (Crazy Cat Lady) says**

I forgot how cool and creepy Tyki Mikk was in this volume. Loved thos volume!

## **Pixie P says**

Cross is an interesting character, and I've always wondered what happened to parasitic-type exorcists after they die. I guess he figured one way to deal with it. I don't really like Chaoji as a character and some of the panels were a bit rough, but overall this was still a great chapter. Aseel bought me a copy of this volume when we met in Dubai!

## **Jessica says**

Allen, Lenalee, and Lavi are face to face with two of the Noah clan, Road and Tyki Mikk, who stand between them and safely getting themselves and their friends out of the collapsing ark.

As Allen and Tyki engage in a battle to save Lavi, Lenalee, and Chaoji, Lavi is fighting a battle of his own, but one inside his own head, in a dangerous alternate world created by Road which is intended to turn him against Allen. In order to rescue Lenalee and Chaoji, Allen is now faced with the only option of fighting his friend. He struggles to pull Lavi from Road's possession, avoiding Lavi's attacks without hurting him, and as time goes on, the world is collapsing around them, time remaining before the ark, and their reality, crumbles and destroys them.

Allen must destroy both Tyki and Road, save Lenalee and Chaoji while pulling Lavi back to reality. He still hasn't forgotten Krory and Kanda, and hopes to still be able to return and bring them back before time runs out. Things get complicated when Allen can't seem to destroy the Noah and a familiar face returns unexpectedly.

## **Kirsten Simkiss says**

Just as this start to really look bleak, General Cross appears to save the day - at least for the clean people which Allen and Lavi don't qualify as. And, of course, the Millenium Earl shows up just to be a jerk. We'll see how this all goes in the next one. It seems a pity that Chaoji might be dead right as he starts to be revealed as being capable of being an exorcist.

## **Joy says**

The long-expected appearance of General Cross could have been a huge letdown, but thankfully it is not! It is all sorts of awesome, and easily the highlight of the volume, if not the series to date! I also liked the insight into Lavi's situation, which made his particular showdowns with Road more interesting than some of

the earlier fights in the Ark arc.

### **Rena says**

This one was emotional turmoil for me. I had to watch my favorite character battle and internal war with a psychopathic version of himself as well as watch Allen try not to kill the external version of said psychopathic self. It was not fun. Yet, I scored it higher because it kept me on my toes and driving straight through. But now Lavi is fine, and I am happy. I hope to never go through that again, but I know I will. I always get too attached to characters.

### **Bbabri says**

Allen és a többiek még mindig a bárkán vannak. És ?szintén szólva már kezdem unni. Mármint már mióta ott vannak, mióta csak ?k vannak. És még Kanda sem t?nt fel! Ez baj!  
Rhode irányítása alá vonta Lavi-t. És ? megtámadja Allen-t. Lavi egy másik dimenzióba kerül, ahol Rhode szembesíti a bels? gondolataival, és kétségeivel.  
Nagy nehezen, de kijut onnan.  
Úgy t?nik Rhode is meghalt. Bár ki tudja.  
Tyki Mikk ereje megzavarodik, és egy furcsa, ?rjöng? lényé alakul. Amit én igazán sajnálok, mert benne van a top 5 kedvenc karaktereim között.  
Allen-ék hiába próbálkoznak, nem sikerül sebet ejteni Tyki-n.  
A matróz, aki velük tartott szinkronizál egy Innoence-vel.  
És a kötet végén végre felt?nik Cross tábornok is.  
Alig vártam, hogy megjelenjen. Kíváncsi vagyok rá!

### **Scott Lee says**

This volume--as impossible as it seemed to me when I started it--begins and concludes still within the Ark. It is nearly entirely Hoshino's impeccable blow-by-bow battle work, as several Noah rise from apparent death to continue the battle. Oh! and General Cross *finally* shows up.
