El Archivo de las Tormentas (Flash Relatos): Una guía de bolsillo para El camino de los reyes y Palabras radiantes Brandon Sanderson

This pocket companion is designed to provide facts and details that may have been missed on first reading of The Way of Kings and Words of Radiance and speculation about what is to come. As such, it contains spoilers for the first two novels of The Stormlight Archive. This edition is limited to 5,000 copies.

Chris says

Great little primer to prepare for the awesomeness that is Oathbringer!

Mariel Zani Begoña says

Nada nuevo pero siendo Sanderson trash como no disfrutarlo

Claudia says

Nice companion to Stormlight universe. In fact, it's a tiny encyclopedia about the main characters, places, ecology, Surgebinders and Knight Radiants in particular.

Best to look through it after you read the books for a while for it refreshes your memory. It doesn't bring anything new but it gathers some info closely together, which in the books you find in bits and pieces. And it has some of the original drawings from the books, which are a delight.

But if you want more on this universe or others of Sanderson, you may wanna check these places:

<http://stormlightarchive.wikia.com/wi...>

<http://coppermind.net/wiki/Coppermind...>

And also, you can check the progress BS makes on his books here: <http://brandonsanderson.com/>

Louie Reynolds says

I love the Stormlight Archive and at Book 2 we are barely at the stage of asking the questions as well as trying to answer them. This has good prompts set out smartly with some nice illustrations.

John says

Nice little handbook, and free to boot. It's been a while since I read the first two books, but this brings it all back and makes me excited for number 3.

Tara says

Good for people who want a quick catch up but I already knew most of it. A majority of the information can be found online! I thought it was going to be a summary of both books or something, a good prep for Oathbringer.

José says

No recordaba algunos detalles de los primeros libros de *The Stormlight Archive* así que descargué esta pequeña guía que sirve para refrescar algunos datos sobre los personajes, el mundo de Roshar y los spren.

Esta mini guía está muy bien: es concisa, contiene las ilustraciones que aparecen en los libros y sirve para no tener que volver a leer los dos ladrillos de 1000 páginas (aunque obviamente no abarca todos los detalles, solo los más importantes), seguramente le pegue otra leída cuando se publique el tercer libro. Me encantó volver a leer acerca de este impresionante universo creado por Sanderson; si todavía no leyeron *The Stormlight Archive*, se están perdiendo de una verdadera obra maestra.

Por suerte falta menos para la publicación de Oathbringer :)

Timóteo says

Várias informações úteis dos dois livros. Vai ser bom para consultar se esquecer alguma coisa até o terceiro sair. Ah, tem spoilers fudidos do segundo livro, então se não terminou ainda eu diria para não ler isso.

Skylar Phelps says

Quick and concise. I was hoping this little guide would be a bit more comprehensive, much of it was quite simple. However there were some fascinating tidbits that were very insightful on the world of Roshar as we know it (so far).

I especially liked the list of spren types with their accompanying attributes and the orders of the Knights Radiant and their surges.

I absolutely cherish and treasure the Stormlight Archive and I so look forward to experiencing it as it unfolds over the next two decades.

OhWell says

Good refresher, I'll have to refer to it again when The Stormlight Archive #3 comes out.

Thaylens have long white eyebrows that they often wear tucked behind their ears.

Now that I'm reading WoT I know where Brandon Sanderson's inspiration came from :)

Octavi says

Bueno... Es toda la info que ha salido hasta ahora recopilada y ordenada. Nada nuevo pero es práctico.

Layla ✱ Praise the sun ✱ says

The book is only 30 pages long but nicely made and a great quick reminder of some of the stuff (characters, places, open questions) of the first two books of the Stormlight Archives.

You receive this book for signing up for Tor.com's newsletter at <http://torforgeblog.com/2016/08/01/do...>

Tosh says

This is a great little guide, providing a quick refresher to the characters, creatures and locations on Roshar. You could find this information online, but it's still nice to have it in book format.

Jesper says

Lovely little guide

Aki Tman says

I feel bad giving something that's technically not a new or whole book 5 stars. But Stormlight Archives is so badass I'm going to allow it
