## **Georgie on His Mind** Jennifer Shirk

Georgie Mayer has no boyfriend and rarely goes out. In short, she needs a life. Since graduating from college and returning home, her brother's protectiveness has been in overdrive, and she hasn't been able to have any fun, never mind go on a date. So what's a poor particularly attractive girl to do in a situation like this? The only thing she can do: find him a woman! He'll thank her for it in the end. That is, if his best friend Walt Somers would stop interfering with her plans. The handsome pharmacist has made it no secret that he doesn't approve of what she's up to. Unfortunately, having Walt hanging around does strange things to her mind, and she finds she can't help but take a healthy interest in him. But how can Georgie entertain thoughts of the two of them together when Walt still treats her like his best friend's little sister?

## **From Reader Review Georgie on His Mind for online ebook**

### **Teya Peck says**

To cute for words. It was a twist she was the one thinking like a man in relationships and he was the one chasing her for a more permanent relationship. Cute, fun, clean and a fast read. Totally recommended for sheer blissful fun.

---

### **mandyfujita says**

A quick read about a beautiful girl, Georgie Mayer, and her overprotective brother Brad. She wants her independence and is tired of everyone looking out for her well being. Then her brother's best childhood friend, Walt Somers, comes back to town to help his uncle with the pharmacy that Georgie is working at.

Sparks fly, and Walt falls for Georgie hard and fast. Georgie is afraid of getting herself hurt again so she pushes Walt away. Not the best writing, but an easy read.

---

### **Katie W says**

Georgie is weeks away from becoming a full-fledged pharmacist. Her brother is very overprotective, especially since their parents are dead. And when his best friend, Walt, comes back to town, he joins right in--still treating her like his little sister. But...they've both grown up a lot. She thinks the only way to get her brother off her back is to find his a girlfriend.

I thought this was a very light, easy story--full of crazy things, embarrassing situations, and romance. I was a little worried some of the romance would push past the "clean" boundaries (got a little close a few times), but it stayed on the clean side of things. Kudos for that!! I love a clean, cute romance. :) Georgie is very spunky and speaks her mind, which leads to some of those embarrassing situations, but it was very enjoyable and fun, not over the top.

---

### **Charanya says**

Adorable book - has all the tropes that you would expect in a romantic comedy, but it was not unnecessary complicated. It was enjoyable and you were invested in Georgie and Walt in the quick read and looking forward to Brad's story in the next!

---

### **Kathy \* Bookworm Nation says**

This was a cute story. I liked Georgie and Walt and thought it was fun watching them figure things out. The

end got wrapped up a little too quickly, but otherwise it was an enjoyable read.

Probably more of a 3.5, I wish it had been a little longer. I also thought there'd be more about her date with Clay, but it ended up being glossed over.

---

### **Pascale says**

Cute story. It reminded me a bit of Marilyn Shank's writing style. This is a clean romance. It's fast-paced with engaging characters. Realistic. I liked it. I would read more books this author.

### **Judy (Geeky Reading) says**

~2.5/5

[Also available on my blog.]

I really wanted to like this book more than I did. Like, really badly. When I found it, I thought it would be one of those cute little gems that are always overlooked. And was a bit disappointed when I found that I was wrong.

Don't get me wrong, it wasn't bad. It just wasn't very good, either.

This book is about a girl, name Georgie, who works at a pharmacy and falls for her brothers best friend, Walt, who has just moved back to town.

The characters were fine, but I didn't really have a lot of feelings for them. Their relationships were pretty good. Well, fundamentally. I liked Georgie and her brother, Brad's, relationship. I almost always like the idea of a brother's sister and best friend getting together. Georgie's interactions with her friends were nice. The whole idea of the story, with how Georgie falls and not wanting to be in a serious relationship while he does, and entering a dating contest, are interesting.

It just wasn't pulled off as well, or as interesting, as I thought it would be. It wasn't boring, per se, but it never captured me the way I wanted it to. There wasn't really any surprises, it was very predictable in that I knew exactly where it was going, and there weren't very many small things that made it even better along the way. I mean, it took me, like, a week to get through this book, and it's not even two hundred pages long (although, part of that might be me, since I seem to be going through a very slow streak).

The writing wasn't super pretty, but I didn't really have any problems with it.

My favorite parts were probably when Georgie and Walt were trying not to think about the other, trying not to think about all the little things they liked about them. Also, I wanted more about Brad. And we got a tiny glimpse of his love life, and then were kind of left hanging, when I was hoping there would be more resolve. (Although, apparently there's going to be a sequel [mentioned in her blog, and this contest], titled with the girl he had a thing for's name, so maybe there will be some resolve there.)

Maybe, hopefully, other people found this book to be better than I did, cause it was probably just not for me.

### **Englishrose says**

This was yet another wonderful story from Shirk and I absolutely enjoyed it. A great feel-good story that made me smile and laugh. Georgie was sweet and funny and I commiserated with her. Walt was a good, strong character with realistic feelings and internal conflict. I loved their story together - very sweet romance with good realism that draws you in. I got some good toe-curling from this one. A few good side characters filled in the story and left it open for a sequel. I would definitely recommend this one, just as I would anything else I have read by this author.

### **Kristi says**

Cute, fun read! Jennifer's characters are always relatable and I love the charming, small town feel of Maritime city.

So glad she set another novel here that deals with Georgie's older brother, Brad. Can't wait to read Kissing Kendall.

---

### **Wendy Marcus says**

I really enjoyed this book. It was a fun, flirty, fast-paced read. The characters are believable and likable, their situations relatable. Excellent dialogue and fun interactions kept the story moving and entertaining. I'm very interested in Brad's story! I hope that's in the works...

---

### **Sara Cardon says**

Pretty cute story. Great chemistry between Walt and his best friend's little sister, Georgie. Georgie is impulsive, which I liked, and she's pretty innocent, but some of her choices made her look really ditzy, despite being a pharmacist (which I really liked - it's fun to have a professional aspect, it added to the story). A cute and goofy first time meeting since these two "grew up." I like that Walt sees the long term and convinces Georgie.

### **Susan Swiderski says**

You remember how good it feels when you skip the meat and veggies, and go directly to dessert? What? No, huh? Okay, (ahem) me neither, but if I were ever to do such an irresponsibly delightful thing, I'm pretty sure

it'd equate with how I feel about this book. It isn't too heavy and filling, but boy oh boy, is it ever sweet and enjoyable.

Predictable? Yeah, I suppose it is. But so what? When you get into a car to drive to your favorite vacation spot, don't you bubble with anticipation, and enjoy the ride to your destination? Same with this story. Readers can just sit back, relax, and enjoy. Shirk's natural style of writing, laced with bits of humor, make for a very smooth ride.

I mean, it's great to sink your teeth into a good steak from time to time, but wouldn't you like to indulge yourself with something a little more decadent? Yep... dessert. That's what this book is. And guess what? It's non-fattening.

---

### **Emily says**

First time author Jennifer Shirk pens a hilarious tale of Georgie Mayer whose outspoken ways land her in a lot of trouble.

---

### **Esther says**

Insufferable characters. Kind of sexist. So much cringe. Quick read

---

### **Julie Stone says**

Sweet and funny with charming characters-this book is compulsively readable!
