**Lady Star** Claudette Williams , Claudy Conn

Star Berkley had never seen the likes of Sir Edward. He was so deuced arrogant. He was so dashing and fashionable and just as insolent. Added to this, was the fact that he was the most handsome man she had ever come across in all her twenty years of life!

Sir Edward, for his part, could do without the pert country airs of a chit like Miss Berkley. She was impish, plain-spoken and went about clothed in virtual rags, and obviously not his sort, which, was just as well for it seemed she had stolen the heart of his closest friend.

And then—Sir Edward stumbled onto a most sordid secret: the Berkley's estate teetered on ruination, and brother and sister were being brutally blackmailed by a vile den of thieves. Sir Edward meant to save them if only Star would allow him to do so. She was determined to keep him and his help at arm's length, but he was just as determined to do otherwise.

A clash of wills ensued and a web of passion flourished.

**\*\*note:** this is an updated version of an earlier novel, Regency Star written as Claudette Williams. The updated versions of Claudy's Claudette Williams titles are more sexually explicit than the original versions.

Five Stars for Lady Star!!!!

Star Berkeley and her brother Vern are in dire straights and about to lose their estate. Vern has gotten into trouble with the wrong people and they are being blackmailed by thieves. They desperately try their hardest not to lose their home. Star is admired by her neighbor Jules Stamford but when he brings his friend Sir Edward to his home for a visit, all the best are off. Sir Edward doesn't think Star is well suited for Jules. This is mostly because he wants her all to himself.

I love the chemistry between the hero and heroine. This book had a variety of interesting aspects to it. It had a wonderful storyline and it keeps you captivated right from the beginning. Claudy Conn is one of my go-to authors and I am never disappointed with any of her work. Her historical novels are nothing short of magical. I wish I could have given this book more than five stars. All Claudy Conn's books are a must read.

Lady Star by Claudy Conn

Sir Edward Danton has lost the girl he thought he loved and is going off to hide for a while. In Rye, he runs into his old friend Jules, who is also coming to hide out with his supposed broken heart after being thrown over for another. Jules has a plan though, Star Berkeley. Edward didn't think the gal was any good for his friend, what surprised him was that he wanted her for himself.

Star Berkeley was in the country with her brother Vern instead of taking London by storm. Not only was Vern ill, he was burdened with money issues their father had left behind. In his desperation Vern had turned to the wrong people. Seems there could be worse things than losing your home, much worse.

If you read Claudy Conn's book, Wildfire Kiss, you would have already met Sir Edward Danton as he thinks that Lady Babs might be the love of his life. She thought different. This story has some exciting secondary characters along with the main ones. Her brother Vern, Miles Denning who is lover of all women, Jules and Georgina. There is romance and intrigue and a storyline that grabs hold of you from beginning and does not let go until the very end.

I thought this was a great romance set in historical England. I thought the girl star was remarkable and head strong. She catches the eye of sir Edward who was mislead by lady babs. I thought he was endearing in this story because before he was a cad.

#### **Liked it**

You might want to read Wildfire Kiss first before you read it to get to know Sir Edward background. However, you will not like him there he was a villain in that book and yet I loved the h is here than WK. Overall I liked this book more. I put Ms. CC's books the same writing styles as Suzanne Enoch except IMO CC heroines a bit younger for my tastes and I could be fit to younger audiences.

(I read and reviewed this in 2014. Perhaps some of the grammar, spelling, and punctuation problems have been corrected since then? I'm not going to download a newer version to check. You can't make me.)

Where are the punctuation police when you need them? Actually, I didn't give this book 2 stars because of all the misplaced and missing commas or the multitude of ellipsis marks. Nor for the use of "I" instead of "me" as an object. Not even because the author says things like "deducted" when she meant "deduced".

Nope, this story gets 2 stars on its merits as a story. It's pedestrian, repetitive, rather silly and not very historical. The characters are not well drawn and most seem to have been taken from my local high school, dressed up in period costume, and sent off into this story to do whatever it is they're doing here.

There's a hero who I assume was a bit of a jerk in a previous book by this author and now will be given the chance to redeem himself in this one. He almost blows that chance, but in his defense I must say he may be the best character in the book. (But that's not saying a whole lot. Remember the rest of them came from my local high school. He's at least a graduate.)

The heroine is a young, beautiful, innocent but adventurous (kinda) young woman and her best friend is ditto all this plus being a women's rights advocate (somewhat). There's also a rather useless brother of the heroine, who is trying to keep their estate from financial ruin and going about it all the wrong way. Plus a bunch of suitors for the lovely girls. Suitors who, BTW, seem to fall in and out of "love" with one or another woman just whimsically, making all final declarations of love much less convincing.

We also have some bad guys doing bad stuff, with an attempt by the author to do authentic period lower-class speech for them. Their nefarious doings plus all the romantic mix-ups are the gist of the whole story.

This may be worth the price I paid (\$0.00) but I regret the time I spent reading it. I went through it AQAP (as quickly as possible) and so must have missed the reason why the heroine has the name "Star". Did she wander into this Regency story from the Western she was supposed to be in?

Lady Star Berkeley and her brother, Vern, are in dire straits and are in trouble of losing their Estate because of their deceased fathers gambling debts. Vern has made an alliance with smugglers to make some money to help them out of their debt.

Sir Edward Danton has lost his love - or so he thinks - and travels to Rye where he meets his friend Jules Stamford. Jules invites Sir Edward to stay with him for a while. Jules happens to be enamored of Lady Star and he introduces Sir Edward to her. After meeting her a few times, Sir Edward realizes he's quite attracted to Lady Star and feels she won't do for Jules' political career, especially since he wants her for himself. Add to this mix we have Lady Georgina Madison who is Lady Star's staunch friend and Miles who is Vern's staunch friend.

Will things work out for Lady Star and Vern with saving their Estate, who are the characters going to partner with? We have so many loveable characters, intrigue, twists and turns and hot romance! As her usual style, Claudy Conn pulls you into the story from the beginning of the story until the end. I haven't been disappointed with any of Claudy Conn's books yet. This is a lovely romp of a story and I so enjoyed it. I highly recommend it.

### **REVIEW**

Yet another fantastic book from author Claudy Conn. This is a very sweet and a little spicy ? Historical Romance. The characters are strong and the book is well written.

Lady Star Berkley is not your typical woman. She doesn't mind dressing in clothing made for a man and getting dirty cleaning up the stables. Her family is on the verge of ruin and her brother has taken Ill. Star is doing all she can to keep things afloat. Then we have Sir Edward who is getting over his broken heart from Lady Bess. He can not understand why a woman would want to do things that Star has been doing but eventually he is smitten.

Will Lady Star accept his romantic ways? Well grab your copy now ?  
If you are a Historical Romance lover I highly recommend this book.
