**Midnight** J.K. Beck , Julie Kenner

**Enter J. K. Beck's thrilling, seductive world of the Shadow Keepers, which *New York Times* bestselling author Lara Adrian calls "exciting paranormal romance with a sharp, suspenseful edge."**

Carissa de Soranzo will not rest until her kidnapped younger brother has been freed from the nobleman Baloch de Fioro, a fiendish werewolf who means to turn the boy at the next full moon. Against her father's wishes, Carissa secretly seeks help from the mysterious werewolf hunter Tiberius. Desperate, she promises to do *anything* if he'll save her brother—and she can see in his eyes what that will mean.

Dark, strong, and virile, Tiberius cannot resist ravishing the most beautiful woman he's seen in centuries. But he can never truly have his fill of her, for Tiberius is a vampire. On a quest to trap the werewolf in his den, Tiberius realizes that the only way to rescue Carissa's brother is to reveal what he truly is. But he risks losing Carissa forever—especially when she discovers that she has given her heart to a vampire.

## From Reader Review Midnight for online ebook

### Kate says

It's too short a story to really have any character development, but that's more a function of the medium than the author, I think. This is the first of this author's work that I've read and I definitely think I'll look for more. I have a feeling she'll do better with a larger canvas.

Carissa de Soranzo will not rest until her kidnapped younger brother has been freed from the nobleman Baloch de Fioro, a fiendish werewolf who means to turn the boy at the next full moon. Against her father's wishes, Carissa secretly seeks help from the mysterious werewolf hunter Tiberius. Desperate, she promises to do anything if he'll save her brother--and she can see in his eyes what that will mean.

Dark, strong, and virile, Tiberius cannot resist ravishing the most beautiful woman he's seen in centuries. But he can never truly have his fill of her, for Tiberius is a vampire. On a quest to trap the werewolf in his den, Tiberius realizes that the only way to rescue Carissa's brother is to reveal what he truly is. But he risks losing Carissa forever--especially when she discovers that she has given her heart to a vampire.

I have never read JK Beck before, but found this author to be inventive and original. Good story line, and many gripping turns. Hold your interest and makes you want more. 4 stars.

---

### Robin says

This was a novella explaining Caris and Tiberius relationship before we go into their current messed up lives. It was the story of his turning her and how it all came about. Enjoyable and a nice build up to the next book.

---

### Kerri says

Entertaining quick read. I also gives you some background into the character's in her next novel.

---

### Melindeeloo says

Midnight is a prequel to Beck's next novel when When Passion Lies and stars the same pair, Caris (Carissa here) and Tiberius.

When Carissa's young brother is kidnapped by a man known to consort with demons, Carrisa just can't

understand why her father refused the aid of the dark and dangerous Tiberius. Carissa, who will do anything to save her brother including using her feminine assets, approaches Tiberus to secure his help.

Set way back in old Italy, Caris and Tiberius' connection is quick and there isn't anything too original about this vampire romance short - especially knowing that the pair's story continues in the future and that Caris starts out human here, it isn't too hard to connect the dots to know where the story is going to take us. And since an excerpt of *When Passion Lies* is included at the end, it is kind of sad to read the teaser for their upcoming book and see that their happily ever after wasn't - at least not yet. Still it did wet my appetite for *When Passion Lies*, but now the long wait until May begins...

### Tania says

"Midnight" by J.K. Beck. Book 3.5 of The Shadow Keepers series.

I really really enjoyed this novella featuring Tiberius and Carissa (Caris). Both characters have been in the previous books and this story tells us how they met.

Carissa's brother has been kidnapped and her father is refusing help from the one man that is offering to get her brother back. Tiberius is indebted to Carissa's family from a past encounter with her ancestor. Carissa is determined to get her brother back so she makes a deal with Tiberius herself offering herself as payment.

The story is very fast paced and to the point with lots of action and great chemistry between Tiberius and Carissa. It's a really great novella to read for background information about these two characters.

Okay..so I should of read this before reading #4..it helped me understand soo much..why not just put it in one!! Now I have to change my rating.

This was a good prequel to Caris and Tiberius story in *When Passion Lies*.

This is a short and while the story is good, it needed a little more before declarations of love. Tiberius has vowed to protect her family.

It was a good short story, the only problem I had with it was that they professed their love so early. I mean They knew each other a day (if that) and they was like "I love you." That threw me off a bit but other than that it was a really good short story between Caris and Tiberius. If you're planning on reading this series, read this one before **When Passion Lies** because if you read it afterwards like I did, you'll know what happens already but the short story gives it more detail.

## Cindyg says

Terrific short story. It was a nice introduction in to how Tiberius and Caris met.  
Recommended read!

---

### **Mskychick says**

Only 79 pages, so it had to be instalove. Which I hate.

---

### **Mossie Sweet says**

Not sure what the point of these short shorts is. Interesting enough premise, but no character development - presumably it's in the other books in the series, which my library doesn't carry.
