One Southern Night Marissa Carmel

Kamdyn Ellis is the man.

Mr. All-Star athlete and resident bad boy. #7 quarterback on the field, and #1 player off.

Every guy at school wants to be him, and every girl at school wants to date him. Well, except Laney

Summers that is. The sassy city girl is the only one immune to Kam's clear blue eyes and arsenal of southern charm. But when a debilitating injury sidelines Kam's future and ability to play football, it's Laney who is tasked to be his tutor while he recuperates at home.

The chemistry between Kam and Laney is undeniable, and after months of ignoring what's clearly evident, Laney gives in. Allowing herself one night with Kam, no strings attached, no commitment to speak of.

Alone, under the stars, on the fifty-yard line, Kam and Laney set out to discover if what they have is real, or just one steamy southern night.

This was really cute.

After reading some dark n dirty, I needed a cutesy hit.

Naughty scenes, fun scenes, serious scenes and issues.

Perfect little novella

Christine says

This one was just okay.

The heroine moves from NYC to Alabama. She tutors the quarterback of her HS after he has a severe injury. The hero is a player. He dated a girl, Cheyenne for three years in high school and does not want a relationship his senior year in high school. The heroine knows the hero is a player, but they still continue to be friends and than more. Predictable. A quick read. Nothing memorable.

“I slide my fingers into her hair and kiss her reverently. I don’t think she has any idea how much she means to me. But I’m going to do my best everyday to tell her.”

5 Stars!!! I absolutely loved this book!!! I really fell into this book and didn’t come out until I was done!! It hooks you in from page one!! Great characters and the story was a lot of fun to read!

Kamdyn is the football hero in his hometown with all the girls falling at his feet. All except one, Laney.

Laney is a no nonsense girl from New York that was forced to leave her plush life behind when her parents got divorced. Now in a new town, with no real friends except her cousin, she has an awkward meeting with Kamdyn. He tries to put the moves on her but she wasn’t having any of it, so because of her sour attitude, he

calls her Lemon. They end up becoming friends, but at time goes on Kamdyn realizes that he may want more with her. After an injury puts Kam in a coma he's forced to relearn how to do things and is on bedrest at home. He's not too thrilled with the fact that he is being forced to have a tutor, well that is until Laney walks into his room. Their friendship eventually evolves into more, but will he ruin it with his bad boy reputation?? Can Laney put her sassy city girl life behind for the down home football hero?? I really loved this book and I can't wait to see what's coming next!!

A hot romance with a sprinkle of 'A Walk to Remember'

Many readers remember the wide spread phenomenon romance novelist capable of wringing the tear and heart wrenching sensation by even the most guarded and senile reader, Nicholas Sparks, of the 2000s - if so, then please, let me introduce you to the 2015 writer that not only matches the geniality in writing but also adds the oomph to captivate any age group of reader for the entire novella, Marissa Carmel. Within two chapters I was hooked. Really. I was bouncing from chat to chat with friends who also have read the same novel simply to ask them if they knew if Ms Carmel had other novels - she has the second novella of the Laney and Kamdyn story as well as an another series that has, for now, two parts. For a new and upcoming novel, she has managed to hook and suck me right into Laney and Kamdyn's high school romance, only without the 'a Walk to Remember' cutesyness, because how can one girl be that 'perfect' and one boy be that 'wrong' and still turn around and become her knight in shining armour; but it also wasn't a crass romance either, there was a story, love, trust issues, two opposite people who managed to complete each other - and still, I don't know how she managed it, my heartbeat kept gaining speed and then I took a break for some water and went right back to reading again. It's simple, there's no vengeance, no deeper plot to hurt anybody, and there's a dream and an ending, and what an ending it was - one that makes you antsy if you can't get your hands to the next part right away. My food for thought, if Marissa Carmel's new adult novels can make your heart skip a beat, if she were to try her hand in romance or contemporary (or heck, 18+), what would readers be treated to then?.

Crystal Solis says

Kamdyn Ellis is the big man at the local high school; he's the football prodigy and star quarterback. Everyone loved Kam...especially the ladies. And since he just wanted to have fun in high school, he never turned them down often.

Lainey Summers was the new transfer student from New York who moved to the small town in Alabama. When her parents got divorced and her dad needed a change.

Lainey and Kam were paired up as lab partners in chemistry class, and Kam fell almost instantly. Lainey was not having it though, she did not want to be just another girl on his roster. Then one day after Kam was seriously injured at a football game, Lainey became his private tutor.

Lainey tutored Kam all while he was recovering, but would Lainey still be able to remain unaffected by Kam after spending all of that extra time with him? Would Kam be the person to finally be able to reach Lainey and heal her?

I loved how the characters had more facets to them than we originally saw from their outward appearance. They grew so much as people as the story moved on and their characters developed.

This was my first book from Marissa Carmel and I really enjoyed it. I cannot wait to start on One Northern Morning.

I am not going to continue with this series, I don't really see the point. Kam and Laney end this book on a happy note, they actually spend most of the story in a good place. They're basically already in love with one another when the story starts, I actually went to GR and Amazon to make sure I hadn't missed a book before this one because everything started off so well for the two of them.

It's my understanding that you can only get this book as part of the bundle now, The Southern Nights Series

Romance Between The Sheets says

Please note this review may contain spoilers.

Laney is starting out her senior year at a new high school and immediately catches the eye of the very popular and attractive quarterback, Kamdyn. Why did I love Laney? Because despite being attracted to Kam, she kept putting him in his place. Even at 18 years old, she had too much self-respect to wind up as just another notch on his bedpost (or storage closet wall). And I liked Kamdyn because as soon as he realised he might actually have a chance to win Laney over, he stopped hooking up with the other girls immediately.

ONE SOUTHERN NIGHT is a novella, so it's a very quick read that only took me about an hour to finish. But despite it being a quick read, I thought the story moved at a good pace. The story does span a few months, but at no point did I feel like I'd miss something important just by blinking. I liked the quirky banter the characters had both out loud and in their heads. While the story takes place at high school, Laney and Kam didn't behave like I expect kids that age to act. There was a little drama when Laney's trust in Kam was tested, but other than that they came across as very mature. The story is told in Kam's POV, with Laney only

getting her POV in the prologue, and while it doesn't end in a cliffhanger per se, I know their story isn't finished yet. I'm definitely interested in reading more about Laney and Kam.

Becca says

Kam is a football god - star quarterback and header to Alabama - Crimson Tide as a Freshman Quarterback. Life is good for him. Until an accident puts him on the side line. The one good thing to come out of the accident is Laney Summers. Laney has been is Science Lab partner and other than that has had nothing to do with him. But once she becomes his tutor... she will finally get to see the real Kam Ellis and maybe just maybe finally become his girl.

Great start to the series. This is set in high school so not a lot of steam. But its fun and flirty with just the right amount of teen angst. Looking forward to the rest of the series.

Melyssa Winchester says

I bought this ages ago, so I'm a little late to the reviewing and reading party here, but this book was great. Short to be sure, but given the novella status of said story here, it didn't come off too surprising. All things considered, there was a lot of stuff crammed in here that made it read like a full length novel, or at least at times it felt like it to me.

I could easily connect to the characters, their own struggles, especially given their age bracket and who they were at the time the story commenced and I honestly thought that these two falling in love, was the cutest thing ever.

This short and sweet little ditty gave me all the YA feels I've been missing as of late and I couldn't be happier that I finally got the chance to sit down and read it.

Megan Lowe says

I voluntarily received an advanced review copy of this book and chose to review it.

I liked this story. It was sweet and had the right amongst of angst, but I felt it was rushed. There were so many instances where you'd be reading and suddenly it's two weeks, or two months later. It could be more of a format problem but I think it could've been fleshed out more, to really build the angst and feelings between Kam and Laney.

Reviewed for 2 Rs blog.

I have had this for quite some time.. and I had received a ARC of One Northern Morning (review for that on its page) and figured I better read this one first.. hehe.. Not sure why I waited... This was a super fast read.. if you like sweet books..read this one.. There is little agnst/drama.. but nothing to bad..

We have Kam who is your all american Southern Boy and the guy every girl at his highschool wants.. See Kam refuses to be attached to any one girl his senior year.. after a 3 year relationship with one of the school's biggest B***H's he has vowed...NO GIRLFRIENDS.. until Laney walks in...

Laney is a Big City New York girl who moves to Nowhere Alabama with her father once him and her mother divorce.. Laney is probably the only girl who is amune to Kam's charming ways.. or well she is for a while..

After trying and trying Kam finally makes a bet with Laney.. He wins the big game and covers the spread he gets One Southern Night with her..

After the Big Game has been won.. Spread Covered.. Kam is on fire..till it all goes BLACK...

Will Kam and Laney get that southern night? Read to find out.. I really really liked this book alot.. :)

No big surprises here but I thoroughly enjoyed it anyway!

When the star quarterback and the new girl in town meet on the 50-yard line, you can expect way more than a game of football. This was a really fun-to-read sports-themed novella. Young love - first love - sweet and spicy - and lots of laugh-out-loud moments.

I needed a break after several disappointing reads and found it with Kamdyn and Laney -- on and off the field!

3.5 stars, would have been 4 stars if it was longer

Jos says

3.5-4 Good Stars

This was short, sweet and yes a bit of sexy too.
