## Rock & Roll Curves D.H. Cameron

Darcy loves rock & roll. She even quit school to tend bar at a rock & roll club. Now her rock & roll dreams are coming true as Gage Tucker, lead singer of the break out band Dark Fire Love invites her to his suite after the show. What follows is a night of passion that Darcy could only imagine until then as Gage takes control, ties her up and pleasures her to her limits. But the next morning, Darcy wakes up alone without so much as a goodbye.

Despite fulfilling a fantasy, Darcy feels used and worse yet, she feels like Gage took advantage. She feels like he picked her because he thought she'd be desperate enough to give in to his torrid whims. Gage seemed to enjoy Darcy's curves but now she's not so sure. But when a driver appears at Darcy's door with a note from Gage asking her to join him in Vegas, Darcy has to decide what to do. Will Darcy stubbornly reject Gage's request or will she risk her pride to live out her rock & roll fantasies?

What happens when a curvy bartender gets tied up by a sexy rock star? Find out as a night of delicious passion becomes so much more. When Big Girls & Bad Boys get together, the results are always sexy, hot and satisfying.

## From Reader Review Rock & Roll Curves for online ebook

### **Dhamiera Johnson says**

This was a decent book, but not good enough to make me want to read the entire series. The main character was confident, unless she compared herself to her BF that worked at the bar with her. The fact that she had a 1-night stand that ended up turning into something more wasn't very believable, but a nice idea to escape to. Maybe if the book was longer and she played hard to get for 5 minutes, then it would have been better.

---

### **Mary Mooney says**

I am reading this in the Rock Star Romance boxed set of 12 stories that is 99 cents for a limited time. This is a great short story. Darcy sees herself as fat while her best friend Tiffany has the perfect body. They both work in a bar that showcases rock and roll bands. Darcy has loved Gage Tucker, lead singer of Dark Fire Love for years. His band shows up at the bar and after the show he comes up to the bar and ask for shots and then he ask Darcy if she is busy after work. Darcy thinks he is talking to Tiffany, because lets face it, Tiffany is ever mans dream. Well not Gage's dream woman. Read it to find out what happens between Darcy & Gage. You will enjoy it, just like did. Great job D.H. Cameron, looking forward to reading more from her.

---

### **Michelle Ash says**

Another in the Rock Star Romance box set that I didn't like enough to finish

---

### **Rosanne says**

Part of the Rockstar Romance Boxed Set.

Short story. No romance.

Hard to believe that the male character could want the female so badly, so quickly, and consider their sexual fling fate.

---

### **Michael says**

I enjoy books. I like reading things. This 'book' constitutes an assault on the written word. It is a masterpiece of self-loathing, and the confused sexuality of a giddy teen without access to a personal massager. This piece of nonsensical garbage felt like it actively wanted to make me hate both it and myself.

The repeated descriptions of the main character as fat, while making sure to describe every other female character mentioned as a 'skinny bitch', thin bimbo, etc. come off as the sad journal entries of an overweight

manic depressive. This title and the millions of others like it represent a skewed, disturbed, infantile, dangerous view of what intimacy both sexual and emotional should/could be. It teaches that the only way for a young woman to feel loved and love herself is by inserting a hard cock somewhere inside of her.

Also, thank you D.H. Cameron for some incredible comic relief provided by your description of rough sex/bdsm. Stephen King would love to be able to describe scenes are horrific as the ones featured in this story.

This is a bastardization of the English language and human sexuality, and I feel less intelligent for having read it.

---

### **Michele Lovegood says**

Just a lot of kinky sex--no romance at all.

---

### **Char (1RadReader59) says**

Rock & Roll Curves is a very interesting story to say the least. I can't say that this is the type of book I would want to read all the time and I know this is not the type of sexual torture I would like to call fun. To me it just seems sad, that is just me.

Why I am giving this a three star is because of the back story to this book. I like that feelings and emotions it gives to the story of Darcy and Gage. Gage is this new up and coming star on the rock and roll scene. They meet when he has come to play at the bar she is working at as a bartender. Darcy is a full figured lady and thinks that if he is going to notice anyone it will be her best friend Tiff. But when Gage sees her and wants her she finds it hard to believe and goes with him with a little talking from Tiff.

When they get to her car and are driving Gage is very clear on what he wants and it is not really dinner but it is her and in every position that they can think of. So, with little thought she says okay. After a night of some hard core bondage (at least for me it was) they eat, talk & sleep. She wakes up the next morning to find him gone. Now she is left with her feelings and not much more. What happens from here is what you get to find out.

I don't know I was left feeling like this was just not me at all. The sex was way too intense for me, the emotions were worth it, but the outcome left me cold at the end. So, for me it was not one that I would continue with the series. Was part of the Rockstar Romance Box set provided by netgalley.com.

### **Stace says**

Rockstar romance boxed set

---

### **Sheila Lord says**

Great book ..... It's nice to have a book where the main character isn't a skinny girl but more normal size with curves and she gets hit on by the sexy rocker

---

**Saskia 'follow my shoes' Smith says**

the rocker/big girl love triangle. I liked the characters but at times i felt it was rushed, and some parts felt unfinished. The story line is ok, but it didnt grasp me in the way Id liked it to. The only downfall for me is I get the feeling that book is going to be draged out over a few books/series, and to often this ruins a story line, and can work out expensive. Over all, not my cup of tea.

---

**Natalie Townsend says**

Not sure how to rate this book. Gage ties her up, gags her and fucks her the first night and when she wakes up he is gone. She feels used but when he sends a limo for her to go to Las Vegas she goes to him. I suppose he does give her a pretty good orgasm in Las Vegas so maybe that's why she forgives him so easily but what does he really have install for her.

---

**Angarad says**

Totally unreal. I didn't believe it one second and was not impressed at all with the characters sorry.

---

**Kristi Davis says**

Part of an anthology. Not one of the best, imho

---

**Errin Lawton says**

Got this as part of the 99 cent Rockstars Romance and wow! Definitely not what I had expected within this set. Steamy scenes and at times somewhat unbelievable but hey that's why we read to escape reality for a little while :)

---

**Paganalexandria says**

Another plus-sized heroine, so not my thing. It was cute though. 3 stars

---
