**Scent Of Danger** Wendy Vella

**She believes in duty, not love....**

As the illegitimate sister of the Duke of Raven, Emily knows only too well how society judges a woman like her, and what a debt of gratitude she owes her family. She also knows the vital importance of maintaining independence, and how cruel fate can eclipse good intentions anytime. Certainly she's not going to let her head or heart get fooled by the devilishly annoying Cambridge Sinclair, her family's protector, and London's notorious rake... who also happened to save her life... more than once.

**He's a reformed rake seeking redemption....**

Cam has been intrigued by the mysterious Miss Emily Tolly for years, even though theirs is a turbulent relationship. With her family and others, she's shy and timid, but with him, she's anything but. He knows this kitten has claws beneath the quiet exterior and a whole lot of other secrets she's hiding. But her passion and intelligence draw him irresistibly to her, so when he's given the opportunity to rescue her once again, he grabs it with both hands. This rescue, though, takes the form of a hastily arranged marriage, which Cam enters into willingly for her sake and her family's. What he doesn't count on is the closer he and Emily get, the stronger their passion burns, and Cam finds himself wanting not just her body, but her heart too.

**A destiny written in the stars...**

It was meant to be a dutiful betrothal from the start, but it soon becomes something more. As Emily sees the real man beneath the roguish reputation, her carefully guarded heart begins to believe and hope. Dare she trust the one man who could destroy her?

## From Reader Review Scent Of Danger for online ebook

### Sissy's Romance Book Review says

Scent of Danger Wendy Vella is book Four in the A Sinclair & Raven Series. This is the story of Emily Tolly and Cambridge Sinclair 'Cam'. I have read (and loved them) the other books in this series but feel this can be a standalone book.

I really enjoyed this book! Cam and Emily are fun to read when they are bickering. Emily feels she knows her place as a illegitimate sister of a Duke but when it comes to Cam he brings out the strong feisty side of her. This doesn't help each time Cam seems to have to save her. Cam can't help but enjoy saving Emily and getting her all riled up.

I have really enjoyed this series and this book just added to that enjoyment. Such a great read...Loved it!

---

### Mireille says

I love this series and this addition is no exception. I was eagerly anticipating this book and I wasn't disappointed. Emily and Cam can't be together for more than 5 minutes before they start bickering. I enjoy the whole family dynamics of this series, and find myself laughing out loud on occasion, much to the bemusement of my husband. Wendy writes a great story and my attention was held throughout the whole book. Can't wait for the next instalment.

---

### S. Hartley says

Cambridge "Cam" Sinclair is one of my favorite characters in the Raven/Sinclair series. The world sees a light-hearted rake, but there is so much more to him than meets the eye! Cam is one of the most complex characters created by Wendy Vella... Unlike his siblings though; he has vowed not to love.

Emily, the illegitimate sister of the Duke of Raven, isn't so different from Cam. The world sees a proper miss often found hiding from not only the world, but also her family. Like Cam, there is so much more to Emily and the more he digs the more he finds they have in common.

Cam has saved Emily more than once! The Raven/Sinclair curse brings them together and soon they find that the loathsome feelings they have believed were the only thing they shared for one another pales in comparison to their true feelings! Fate brings them together in what is believed to be a means to an end, but is one of the sweetest happily ever afters in the series.

The Scent of Danger did not disappoint. Wendy Vella has brought to life a family that makes you want to be a part of it! This is an amazing series, filled with love, commitment and promise. All of the main characters make an appearance and a new family member is introduced! This series just keeps getting better and better! I cannot recommend it enough!

---

### **Lucina says**

3.0 stars (I skipped through the last 15%)

It wasn't as good as I expected, I missed the chemistry between Cam and Emily and I never really felt their romance. It happened unbelievably fast in the end. Additionally Cam's sense (scent) never really played a huge part of the story. :-/

---

### **Hailee (haibooklovers) says**

Didn't enjoy this one quite as much as its predecessors, but that doesn't mean I disliked it!

---

### **Lynn says**

This just wasn't my thing. I found the hero, Cam, to be a huge jerk. He was constantly bossing around and teasing (in a mean way) the heroine. I think it was supposed to be taken as tit for tat with these two but that's not how it felt. He had all the power as a male during that time and he doesn't acknowledge it. All he wants to do is control the heroine at every point and with every choice she makes. She can't even go anywhere without him getting all up in arms and manhandling her until she complies with his wishes. I just didn't enjoy the dynamic at all.

---

### **Elizabeth says**

I was curious about Emily's character as soon as she made an appearance, and I think she and Cam's relationship was one of the most fun to read. Their evolution from bickering to heartbreakingly honest gave this one a shot of well-placed humor. Though the villain in this one was clear from the beginning, the pacing of the story was well done. I am kind of worried that we are going to run out of adults to marry off in this family! We do have the cousin left though!

---

### **MELISSA says**

#### **As good as all the others in this series.**

Another fine book by Ms Vella. The Sinclair and Raven series just keeps improving as each sibling has a book devoted to him/her. This time Cam has the focus along with his verbal sparring partner, Emily. What fun to experience the unveiling of their HEA especially with the excellent dialogue and strong family relationships always present. Great characters all around. Looking forward to the next book, hopefully Wolf.

---

### **Lana Birk says**

I really love this series & this one is my favorite of all of them! I enjoyed a lot of things about the book; witty banter, mystery, suspense, humor, romance, loving families & a HEA. As soon as Emily Tolly's brother married Mr. Cambridge Sinclair's sister, the two have been argumentative, bickering, badgering enemies. The families have learned to put up with this nonsensical relationship & consider it normal entertainment for them. Within the Raven-Sinclair family, their prickly relationship has become the normal, and even a source of amusement. Then Cam & Emily's lives get intertwined & danger appears & the two families must band together so save the day. I really like that we get to revisit members of the Sinclair & Raven families that we have met in the previous books in the series. I highly recommend this series to anyone who love some suspense, danger, romance & loving families.

---

### **Synergy Quest says**

Oh, what a wonderful read!

I have been a long time fan of Ms. Vella's. She has a real gift for the written word. While we can always count on her to give us a swoon worthy HEA and strong characters, I sometimes feel like I want just a bit more story. I want to know the characters' deeper thoughts, passions and aspirations. I want a word picture with all the trimmings (greedy of me, I know). I'm greedy because I have read Ms. Vella at her best and with Scent of Danger she really delivers.

In this read I got everything I could have ever asked for. There are the romance and familial connections that we expect from Vella's Sinclair and Raven families, but she also paints the vast and full dimensions of Cam and Emily including that they fear and why. How that fear manifests itself in each of them. The role that family plays in their ease or hesitation to show genuine emotion and the slow building of trust and truths that lead to acceptance and security.

Oh, it was so good. You just have to read it for yourself!

### **Deb Diem says**

I love this series! *Scent Of Danger* by Wendy Vella is an amazing historical romance. Ms. Vella has delivered a well-written book. The characters are phenomenal, even the little ones are entertaining. Emily is a bastard of a duke and brought into the family folds when her brother discovers her. Cam has spent the last few years clashing with Emily. Their story is full of exciting adventures, drama, humor and sizzle. I love this action-packed story and look forward to reading more from Wendy Vella soon. *Scent Of Danger* is book 4 of A Sinclair & Raven Series but can be read as a standalone. This is a complete book, not a cliff-hanger.

I voluntarily read and reviewed an advanced copy of this book. All thoughts and opinions are my own.

### **~Volha~ says**

I like Ms Vella's writing style. All of her books are good. This book is no exception. The last part of the novel I could not put down, it was very fascinating and well-written but the first part of the book was a little slow going and slightly confusing. There was just too much arguing and it felt like there was no chemistry between Cam and Emily. As if they were the last two unattached adults, so we will just put them together because there is no one else. And first they hate each other and suddenly they love each other. That was just there out of the blue.

I enjoyed the interactions and banter between the family. I was also pleasantly surprised by the appearance of another Sinclair branch. I do hope the series will continue on. I was also glad that Emily got a chance to get close with her brother James. The part when it started getting better for me I think was the balloon accident and subsequent events after. It was a lovely book. Thank you Ms Vella!

### **Barbara Xedos says**

#### **Scent of Danger**

Here is another wonderful story by Wendy Vella. It's about learning to be the person you should be and about learning to trust. I have read all of this series and have enjoyed reading them. I can't wait until Vella's next book comes out. I hope it is another story about the Ravens and the Sinclair's. I hope you will enjoy

reading this book as much as I did.

---

### **Cheryl says**

This story main focus is on Cambridge (Cam) Sinclair and Emily Tolly, the half sister of the Duke of Raven. Cam is such a loveable rogue and also a caring member of his family. Emily has had quite a hard life and finds it difficult to express her true feelings. The two of them always seem to annoy each other. This has a number of dangerous incidents as well as input from the two families. There is also a new cousin and I'm wondering for he may feature in his own story. This was a very entertaining read as with all the stories in this series. I received a copy and have voluntarily reviewed it. All thoughts and opinions are my own.
