Miranda Sings

Selp-Helf *Miranda Sings*

In this decidedly unhelpful, candid, hilarious “how-to” guide, YouTube personality Miranda Sings offers life lessons and tutorials with her signature sassy attitude.

Over six million social media fans can’t be wrong: Miranda Sings is one of the funniest faces on YouTube. As a bumbling, ironically talentless, self-absorbed personality (a young Gilda Radner, if you will), she offers up a vlog of helpful advice every week on her widely popular YouTube channel. For the first time ever, Miranda is putting her advice to paper in this easy-to-follow guide, illustrated by Miranda herself. In it, you’ll find instructions on everything: how to get a boyfriend (wear all black and carry a fishing net), to dressing for a date (sequins and an orange tutu), to performing magic (“Magic is Lying”), and much, much more! Miranda-isms abound in these self-declared lifesaving pages, and if you don’t like it...well, as Miranda would say...“Haters, back off!”

I honestly don't think I can give this a star rating. Don't get me wrong, I loved it, but it was nuts! This was basically a bunch of Miranda Sings videos in book form. If you're a fan of Miranda Sings like myself, you'll love this book. If you have no clue who Miranda Sings is, you'll be SO CONFUSED and weirded out by this book.

Whitney Atkinson says

As far as books written by YouTubers go, this was actually pretty good! I'm not the hugest fan of Miranda- I can only take her in small increments- but I ADORE Colleen and this book has been on my mind since she announced it. I really enjoyed the bursts of humor in this book-- it was genuinely funny in some places and brought a smile to my face during my time of SUFFERING when I am hopelessly ill with a cold. I LOVED that every single page (or nearly so) was hand-made. I understand that Miranda is a character, but still some things she says like she doesn't approve of "lebanese" or "sluts" is kinda irking, but I know Colleen well enough to know it's just an act with Miranda. If you like Miranda/Colleen and you were unsure if you should pick up this book or not, it's not necessarily worth \$22, but if you can grab it off bookoutlet or the library, it's a quick read that's worth the giggles and interactive activies/cut-outs!

I was always going to buy this book as I am a huge fan of Miranda/Colleen. However I was disappointed. I do understand that this is Miranda's book and not to be taken seriously at all, but I just felt like there wasn't much to it at all. I read it in under an hour because there was hardly anything on each page. I did like the fact that some pages had interactive barcodes to scan to watch videos, but to be honest the rest of it was a let down.

I'd love to see Colleen write a book as herself, not Miranda, as so much more could be done with it

Didn't read it back to back, just skimmed it mostly, read a few pages. It feels more like a magazine than a real book. I love Miranda Sings and her videos, but this book didn't feel truly like her. Don't really know why, it's seemed a bit over the top (which are also usually the videos that I don't like). Dunno. Think I won't be buying YouTuber books anymore.

Selp Helf is a true book embodiment of Miranda Sings. Funny, insane, and completely Miranda. It doesn't get much better than this.

3,5 Sterne

Echt witzig, aber auch ziemlich teuer. Ich bin mir daher nicht sicher, ob ich es mir nochmal kaufen würde. Aber es ist einfach zu 100% Miranda. :D

Kaitlyn says

It was a very funny book but if you are a serious person and very realistic then I wouldn't read this book, it would just make you upset.

Spencer says

She is the queen.

Le doy **cuatro estrellas** no por el contenido en sí, sino por la edición en conjunto. Se nota que gran parte de las cosas han sido hechas a mano por Colleen, y luego escaneadas. No ha dejado su trabajo (ni su personaje) en manos de otras personas. Eso es, sin duda, algo que he agradecido muchísimo.

El libro está lleno del humor característico de Miranda. Es una obra de arte. Encaja perfectamente en su mundo y es **tan** real que se percibe que el personaje de Miranda es un ente con vida propia. Bravo por ti, Colleen, por mantenerlo tan vivo después de tantos años.

Soy muy fan de Miranda, y tras la serie de Netflix, no sabía qué esperar de este libro. Porque en la serie, aunque me encantó, el tono era ligeramente distinto. Pero *Selp-Helf* es su vuelta a los inicios, su personaje de YouTube al cien por cien.

Recomiendo este libro tan divertido a gente que conozca al personaje, a quien le guste aunque no sea fan. Puede ser extraño si lo lee alguien que desconozca su existencia, aunque seguro que hay pasajes donde se echarán unas risas. Yo, al menos, lo he pasado bastante bien.

3.5 / 5

It's a Miranda Sings "Selp-Helf" book. It delivers really well what it promises, but it's still got rather limited content. Still it's fun/funny and very obnoxiously Miranda.
