## **The Hunt for Shambhala** Rob Jones

The Hunt for Shambhala is a fast-paced, action-packed thriller featuring an ancient archaeological mystery and a brand-new crew of misfits who are thrown together in desperate circumstances and must fight to stay alive.

When an old journal from a British explorer comes to light one hundred years after his death, it triggers a sequence of events that could lead to the annihilation of billions of people.

John “Mitch” Decker is a former US Marine Corps officer and pilot who just wants a quiet life running his cargo business, but his world is turned upside down in a few seconds when Professor Selena Moore walks into his life. She is on the run and her life is in danger and they must learn to work together fast if they are to discover the ancient Tibetan Kingdom of Shambhala and stop a deadly and ruthless enemy before he can deploy a truly terrifying weapon.

Similar in tone to the Joe Hawke Series, the Avalon Adventure Series follows Decker and the rest of the Avalon crew as they fly around the world in their own aircraft and explore the most mysterious archaeological and historical locations on Earth.

## **From Reader Review The Hunt for Shambhala for online ebook**

**rester725 says**

### **Hunr for Shambhala**

Love adventure books! Very exciting & page turning read. Didn't want to miss a minute of this adventure. It reminded me of the first Indiana Jones Adventure Movie. Captain Mitch Decker could easily be played by Harrison Ford! Well worth reading . Looking for more in this series!!!

---

**Ralph says**

### **Good reading could not put it down. Keep up the Good work!**

Lots of good turns, no bs stories about characters, lots of action. Nobody from the team died. This is as far as I go!.

---

**John M Sewell says**

### **Total rubbish. Badly written formulaic**

Badly written, formulaic rubbish!!!

Paper thin characters and plot. A bit like a cartoon. Nothing good to say. Overpriced. Sorry.

---

**Chaplain Stanleigh Chapin says**

### **Not for me**

A good editor would eliminate the way over use of junior high locker room quips, short retorts and other like commentary, especially during an intense life or death battle. At about forty percent the unbelievable dialogue and action started skimming and at around sixty percent, so unrealistic I quit. In reading several thousands of book I can count on one hand ones not finished.

**Henry Hayes says**

### **Love The Author**

I had already read all of the “Joe Hawke” series & I absolutely can not wait for the next installment. The Avalon crew are just as great! I love & can relate to Decker’s love and bond to his airplane.

---

## **Patricia Gerhart says**

### **A wicked good read!**

I loved the characters in this book. The ending is outstanding. Bloody, gutsy and scarily apocalyptic. I am looking forward to Rob Jones next book.

---

## **Paul Thompson says**

### **Enjoyable**

This book provided an enjoyable read with lots of action and all situated in an exotic location while pursuing an traces of an ancient legend.

---

## **Robert W. Shaw says**

### **A book read that you cannot wait to wake up to continue.**

It amazes me how an author 's mind can comprise words of fiction and put them in a book in which the reader cannot put down. I gave this book a 5 star rating because I was memorized by the flow of action from page to page right to end. I just couldn't put it down.

---

## **Susan Freeman says**

Great start to the book with new interesting characters and a good plot. Looking forward to see how they progress in the second book

---

## **Jill Wemekn says**

### **Great Read!**

I would recommend this book to anyone looking to escape from reality for a while. I look forward to reading the next installment and hope for many more to come.

---

## **Nigel says**

This is the start of hopefully a new series from Rob Jones. An interesting set of characters which are

developing slowly hopefully we will find out more about them as the series progresses. This story centres around the hunt for a fabled kingdom, and a crazed billionaire who wants to destroy the world as we know it. Great story and some nice twists and turns, more please Rob.

**robert denes says**

Very stupid book  
I stopped reading it!
