The Lady Who Broke the Rules

Anticipating her wedding vows and then breaking off the engagement has left Kate Montague's social status in tatters. She hides her shame behind a resolute facade, but one thing really grates: for a fallen woman, she knows shockingly little about passion.

Could Virgil Jackson be the man to teach her? He's a freed slave turned successful businessman, and his striking good looks and compelling strength prove too much for Kate to resist. She has already scandalized society, but succumbing to her craving for Virgil would damage her status beyond repair....

Lady of Shame

Lady Claire is notorious for the wild persona of her youth, but she must set it aside if she ever hopes to find a suitable match. Swapping rebellion for reserve, Claire returns to her imposing childhood home, Castonbury Park, seeking her family's help.

But when the dark gaze of head chef Monsieur Andre catches her eye, he seems as deliciously tempting as the food he prepares. Claire knows he's most unsuitable, even if the chemistry between them is magnetic. Risking her fragile reputation for Andre would be shameful—but losing him could be even worse.

Both of these stories were unique enough to keep them interesting. Both couples had to overcome difficult social circumstances that made you wonder if love could really win out in the end.

Forbidden love plots. Not my cup of tea.

"This tome combines book three and four in the Castonbury Park series, featuring the Montagues, their friends, their servants and their scandalous secrets. These ladies break the rules in order to find love with men outside the straitlaced world of the ton. The liberated heroines and intriguing, unconventional heroes will delight modern-day readers looking for an out-of-the-box Regency. The sensitive love stories, colorful backdrop and large cast of characters only add to the enjoyment." RT Book Reviews, rated 4 stars

I really enjoyed both stories. It was refreshing to read an above/below stairs romance. ~ Kim S
