## Copping Attitude Ava Meyers

She's ready to be touched again...

Jenna's a former centerfold who's a pro at deflecting male attention—with good reason. A painful past has her mistrustful of men and hell-bent on getting revenge against one in particular, even if it means having to first overcome her fear of physical intimacy.

He'll touch her body but also her heart...

Noah's an honorable cop used to making a woman feel safe, in bed and out. Although he's been attracted to Jenna for weeks, he takes her seeming disinterest in stride. When she suddenly offers him a temporary place in her bed, Noah's willing to give her everything she's asking for.

Together, they'll heal the past and build a future...

The last thing Noah wants is to walk away. In order to help Jenna truly overcome her fears, Noah will teach her that no fantasy is forbidden and that sometimes surrendering control can be the greatest victory of all.

Teaser:

“As much as I want him, I doubt a night in the sack with Noah James is going to change my opinion of men—”

She heard a male throat being cleared behind her and froze. Several seconds passed before she forced herself to turn around. The bedroom door had been slightly ajar and Noah had pushed it open. He stood in the open doorway, his dark eyes laser-like into her. Humiliation punched through her, taking her breath away.

“Maybe not,” Noah drawled. “But why don’t we give it a try? I’m game if you are.”

### **Karen says**

A short and sexy read.

### **Chris says**

Would actually be a 3.5 star review just because of the ending that felt unfinished. Sexy little novella with decent characterizations told in the hero's point of view for 95% of the story.

I have been reading this series and this is by far my favorite one! Not only does the author give us a gorgeous hot, Hispanic cop (YUMMY) who is a Dom but has a gentle, tender side that any woman would want to submit to.

This was a touching story of a beautiful woman who despite her looks is broken inside and is trying to gain control over her life.

Jenna is a former Playboy centerfold but as we learn in the story she only did it because she needed the money and to help her break out of her shy shell. Unfortunately it lead to men thinking that she is a challenge and as a result she suffers a horrible sexual assault that left her fearful at the mere touch of a man.

Noah is a good cop, but most of all a caring man who knows how to tend to the needs of a woman and make her feel special. Set up by his colleague and Jenna's friend, Noah tries to help Jenna get through the emotional and psychological damage that she has gone through and slowly help her get in touch with her feelings.

The only problem is Jenna is too afraid to face the emotions that Noah awakes inside of her. The emotions not only play havoc with her body and mind, but with her plans at revenge.

I highly recommend this book to people who enjoy hot, scorching scenes with an emphasis on two people who discover an emotional connection that they have never felt for others before.

5 Stars

Review originally posted at [Ramblings From This Chick](#)

Out of all of the stories in this series, this one was the most realistic and moving. I loved the connection between Jenna and Noah. Noah is a great hero and is very compassionate. I loved that he wants to help Jenna overcome what happened in her past. Even though he wants her he is willing to wait until she is ready.

Several years ago Jenna was a playmate and because of it, guys think that she's easy and always down for a good time. They couldn't be further from the truth. Jenna is trying to overcome a painful secret-she is a victim of rape. She wants to put her past behind her and move on, but in order to do that she first wants to get revenge. And she needs Noah for her plan to work. She needs to get over her fear of intimacy and figures Noah would be a great start. If she sleeps with him hopefully her fear will dissipate and she will be able to work on her revenge plot. She never expected to enjoy her time with Noah or to feel anything for him. But he's just so gentle and caring, so much more than she is looking for.

Noah has had the hots for Jenna for weeks now and has been slowly working up the courage to ask her out. When she offers him a spot in her bed for the night he jumps at the chance. Little does he know the pain and suffering she experienced at the hands of another. Noah will do whatever he can to help her overcome her horrendous past and move forward. He has no problems being slow and gentle if that is what she needs. She is worth it in his eyes.

I loved the dynamics between these two. Jenna is bound to keep Noah at bay but Noah, is such a sweetheart he continues to push, but he's not overbearing at all. He gives Jenna exactly what she needs. I wish that this story would have been a bit longer because there is so much more from these two I would have liked to have seen. I loved their connection and I found their story to be much more sweet than the previous ones in the Red Hot-Cop series. Don't get me wrong, this book was still hot, it just felt like this story focused more on their connection rather than the sex.

More! I want more! These stories are great, just not long enough!

I loved this short, sexy read. The idea of Noah "helping" Jenna overcome her recent sexual assault was a new twist. I'm sure that premise has been penned before, Copping Attitude made it seem natural. The only complaint was it was not long enough and a few areas seemed rushed. I await for the day that Ava Meyers will right a full length novel and as naughty as the Red-Hot Series!

This was a 3.5 star read for me and would have been a 4 star if it was longer. The story really intrigued me, but I wanted more. Just as you really started to get into the characters, it was over.
