## Honor Sherryl Woods

Kevin Halloran had defied his lofty family tradition in order to wed lower-class Lacey Granger?and he'd been a better man for it. Surely, then, there was no dragon he couldn't slay to honor and protect his beloved bride.

Yet time and tide proved unstoppable...and youthful passion was eclipsed by doubt. Worse, white knight Kevin took a near-mortal blow. Would Lacey be able to slay the dragon of time so that this fallen knight would rise again?

*Vows: Love, Honor and Cherish?words that three generations of Halloran men vowed to live by.*

## Honor Details

## From Reader Review Honor for online ebook

### **Sabra Parks says**

#### **Woods Magic**

Have read many many of Wood's works but this is the first time I've ever seen this depth of insight. Gives me foundation to analyze my own life situations. She has accomplished more than just writing another book.

### **Katy M says**

**This one reminds us that friendship and communication is as important as love in a marriage.**

**This one reminds us that friendship and communication is as important as love in a marriage.**

I never put spoilers in my reviews.

I've found a new author to enjoy! Ms. Woods writes absorbing, lively, non-trite romance with fully fleshed characters and plots. The Vows series is wonderful in that the books don't all center around the very young, including all ages up to the 60's. Amazing, a romance author who realizes you don't lose that spark when you reach your 30's. Thank you!

Read, enjoy, prepare to be entertained. I can't wait to delve into more of this delightful author's tales.

Oh, for those who are bothered by blue language and over the top sex scenes, these are for you. They aren't asexual, just fits the storyline, isn't more than a couple of times and is making love with mostly euphemisms not borderline porn.

### **Beth says**

I will just say it was ok.

---

### **Michelle says**

I just couldn't stand the main characters in this book - but mainly Lacey. Kevin nailed it when he told her multiple times that she was immature and needed to grow up. She's upset with her husband because he changed - they met when they were 11 and are now 48 so of course they've changed! And she's too immature to have an adult conversation with her husband and instead just moves out on him and their marriage. Even though I knew it wouldn't happen I was pulling for Kevin to dump Lacey and find someone who would love and support him. Terrible story.

### **Normally I love Woods but**

This story was hard to get wrapped up in. Maybe it was my focus or maybe the story didn't grab me like normal.

---

### **Amy says**

The Vow Series by Sherryl Woods. I love when authors bring out their backlist titles that they published before they were famous. I enjoyed spending time with the Halloran family and the poor guys, never knew what hit them! The series order is: Love, Honor, Cherish, Kate's Vow, A Daring Vow and A Vow to Love.
