Multimillonaria Libre ~ Chloe: La Obsesión del Multimillonario ~ Libro 8 J.S. Scott , Marta Molina Rodriguez (Translator)

Por fin Chloe Colter puede cumplir su sueño de casarse después de más de una década de estudios para convertirse en veterinaria equina. Pero sus sueños de una vida perfecta se hacen añicos cuando su prometido se vuelve violento, obligándola a distanciarse definitivamente de una relación destructiva.

La vida siempre ha sido fácil para Gabe Walker... hasta el momento en que besa a Chloe Colter en una fiesta de Nochevieja. La desea y está acostumbrado a conseguir lo que quiere. ¿Podrá convencer a Chloe de que acepte un trabajo en su rancho de caballos para poder verla todos los días y ver aflorar lentamente su pasión a medida que ella aprende a confiar de nuevo en un hombre?

La llama entre Gabe y Chloe arde vivamente, pero ¿podrá Chloe desprenderse de su horrible vida antes de Gabe para darle una oportunidad?, ¿será lo bastante fuerte como para tenderle la mano y aceptar a un hombre que la desea, que no quiere cambiarla y que la quiere tal y como es? ¿O la confusión emocional por los sentimientos que Gabe despierta en ella hará que le resulte aún más difícil reponerse y la empujará a alejarse?

Lindsay Thompson-Sublett says

JS Scott has done it once again!

This book sparked several emotions. It's sad to know that many women go through this on a daily basis and people around them probably don't even know. The flow of the story is wonderful and I read it in no time.

If you are familiar with this series then you know how wonderful it is. This book is towards the top, if not the best in the series so far and that is saying a bunch.

Deserie williams says

self note: not for me. h is still on and off with her fiancée (she already shared a kiss with H) too many triggers for me!

Lacy says

This is, Chloe Colter's book, from The Billionaire Obsession series.

Chloe has always wanted to be an equine vet, after years of school she has returned home to Rocky Springs to be with her family and to make her dreams come true. Her family has no idea what Chloe has been dealing with, she's engaged to James and appearances on the outside look as though she is ready to marry him, but the truth is much darker.

Gabriel Walker, the Billionaire Cowboy, Chloe has known him since they were kids. He could make Chloe shudder just with the sound of his voice. One night they share a passionate kiss that puts doubt in Chloe's mind of everything she's been told by her fiancé James.

Be ready to experience a lot of emotions with this book, I felt heartsick for Chloe, James is physically and mentally abusive to her. Over time she begins to believe the things he tells her, she's fat, no one would want her but him. There were times I wanted to strangle James through the book, he is so mean and cruel to Chloe. I loved Gabe he tries so hard to make Chloe see how beautiful and amazing she is and he wants to be with her so badly.

This is such a good book, you will not be disappointed.

Kathy Osborn says

Amazing, another's one of J. S. Scott's finest writing. Chloe and Gabe story will bring you love, passion and awareness of how domestic violence traps victims.

Chloe and Gabe are childhood friends, but they share a New Years kiss on fateful night. She is engaged to James, but never felt the feelings that she felt when Gabe kissed her. She is forced to examine her life and gets the steps to get control of her life.

She accepts a vet job on Gabe's ranch and that sets everything in motion. Chloe feels alone since her friend, Ellie went missing and opens up to Gabe. She wants more and reaches out for more with Gabe.

Wonderful passionate scenes, suspense and a sneak peek of the next book I'm sure regarding Ellie and Chloe's brother Zane.

Yulanda Bolton says

Billionaire Unbound

Once again J. S. Scott has outdone herself. The love Gabe showed Chloe was surreal. They way the family stood strong for her was amazing. Can't wait for Zane and Ellie story.

Isa Jones (Jo&Isalovebooks Blog) says

Wow, after months of speculation for Chloe and Gabe's story, the eight book in The Billionaire's Obsession Series was finally all mine and I couldn't wait to meet the characters, however, this was a different and more serious approach from the Queen of Romance, J.S. Scott who introduces the reader into the life of sweet Chloe Colter.

Nothing could have prepared me to read some of the things she had to endured in her relationship to the man she thought was meant to be the one she would spend the rest of her life with. With some elements of abuse, we are privy to a glimpse into some of the terrifying things she has to go through at the hands of a cruel and evil man, her fiancé James.

A chance encounter with the sexy Gabe Walker, who has been a friend of the family for many years, put some things into perspective for Chloe and sets some of the wheels in motion to kick start a new stage in her life.

Gabe never expected to have the woman who has occupied most of his thoughts to finally be close to him, but never in a million years did he expect to know what she has suffered and how much this has affected her, emotionally & physically. He has to save her in more ways than one. Chloe has to learn to not only learn to flight an abuser for also fight her demons if she wants to have a chance to a happy life.

As always, J.S. Scott carries the story in such a passionate and tender way. We see the characters in a new light and how they develop as we read along. There were however some suspenseful twist that will make the reader hurry to read along and find out what happens next, and oh boy did she have me enthralled and

entertained.

A complete page turner, Billionaire Unbound is another hit in a line of fascinating stories.

With a sexy Billionaire, a solid story line and plenty of steamy romance you must make this your next read!.

5 BRIGHT AND SHINY STARS. Isalovesbooks

Karen Alleyne says

I'm never disappointed with a J.S Scott read. So another five star was granted to me again with this book. The Billionaire Unbound. To fully understand what I mean I must first explain! This author writes under the genre, erotic romance. But clearly her books reveals so much more. For the book #8 in her installment Chloe is packed so much emotional scars of pain and miss direction about what it means to be truly loved. But its at the very beginning, my favorite author attack and grab my undivided attention of how she addresses the details Chloe's hurts and able to successfully bring about the intense chemistry between Chloe and Gabe. I was deeply moved also by the way in which the author address the issue of domestic violence and even the scene of recollection and recording into Chloe pass, for that was profoundly sensitive material and the author handle it beautifully as I know no another author could have done such a spectacular job. Every scene carried the right paste in showing a woman's road to recovery, from domestic abuse and every scene was packed with emotions of kindness, loyalty, and love in the Colter family. I'm now looking forward to the next read!!!

Note to author...

Next time could give me a peek into the fight !!

Melinda says

Billionaire Unbound by JS Scott

5*

I have been so eager for Chloe's story since Billionaire Untamed and I'm so pleased to say that JS Scott absolutely delivered an outstanding read.

Chloe is working to extricate herself from an abusive relationship and eventually ends up working for Gabe. There is a definite spark between these two and I really enjoyed the slow build to their romance. Chloe is understandably hesitant and I think the way the author treated that situation with utmost respect was spot-on. Gabe was just perfection personified and I swear, I could hear him talk to me with that delicious drawl. I think I have officially found my billionaire boyfriend in Gabe and I think he's here to stay.

I really loved this book as I have done the whole series. I particularly enjoyed the elements of intrigue and loved that both Chloe and Gabe are billionaires! I think Zane's book will be next and I'm intrigued to say the least!

*arc received in exchange for honest review.

Joanne Swinney says

If you are fan of the Billionaire's by Author J S Scott you will know that her alpha males are extremely hot, passionate and caring with a touch of possessiveness to claim the women in their lives as 'MINE'.

This is Chloe's story and I honestly didn't know what to expect. What I got has blew me away. Such a touching story. This book had me gripped, I was choking on the lump foaming in my throat a few times. I have always been able to connect with this Author's books. Such a talented writer who develops the stories so well, you literally follow a journey the characters take and it's almost as if they become part of you. You feel the emotions as they do, excitement, sadness they all play a part.

Sweet Chloe has not had an easy life. I mean considering she has millions, you'd think anything was possible for her but that's not the case. Money isn't everything. In Chloe's case I think she'd give every last penny away just to have happiness in her life.

Chloe has a fiance, James and by God I hate this man. I know hate is a strong term but I mean it with every bone in my body. He's despicable, there is not one person on this earth who will disagree with me after reading this book.

Chloe has a wonderful family around her but she's hidden the truth for so long, she can't bring herself to tell them or want them involved. To say her brothers will not be happy if they ever find out what's been happening in Chloe's life is an understatement.

Gabe who is the best friend of Blake one of Chloe's brothers comes to Chloe's rescue. He has always had a thing for Chloe and wishes she would leave James. It seems a few people close to Chloe realise that he is not the man for her. God if only they knew the half of it.

Gabe offers Chloe a job on his ranch, it's always been her dream to work with horses. She's been through years of college, essentially putting everything on hold in her life to study hard. Gabe finds it hard to believe that Chloe is tolerating being treated in such a disgusting manner. Jesus wait till he finds out the whole truth and nothing but the truth. He will be like an atomic bomb waiting to explode its fury.

Chloe's best friend disappears off the face of the earth, some are presuming she's dead it's been so long but others are holding onto hope. Nothing makes sense as to why she has just vanished. The whole Colter family, especially Zane are determined to find her.

This is a brilliant book, the story is gripping. The scenes have been dealt with sensitivity. I just don't know where Author J S Scott is going to take me next but, I can tell you I'm extremely looking forward to her next book.

Anaïs says

This review was originally posted on Fifty Shades of Books

1 out of 5 Stars

Chloe Colter is back in Colorado Springs with her fiancé, and looking to settle as an equine vet. But being surrounded by friends and family, she suddenly notices that the relationship she has had with her fiancé over several years now is not what she should be expecting from life. He doesn't treat her well, criticizes her figure, and dictates her life.

And since that slightly drunken kiss with fellow billionaire **Gabriel Walker** on New Year's Eve, she is slowly starting to wonder whether she should exit that vicious cycle she is currently in...

What I loved about this book:

Not much to point out...

What I felt needed improvement:

The rather moot plot

The main characters' lack of determination

The rather clichéd storyline

Billionaire Unbound is book number 8 in the *Billionaire's Obsession* series by J.S. Scott. I really liked this series so far given the fact that all books provide for a nice romantic and sexy read. I was especially intrigued by Chloe's story, as she had already been featured in the previous book as someone who was being aggressively treated by her boyfriend.

However, I found this book a lot less exciting than the previous ones. I did like the fact that the author brought up the subject of mental & physical abuse, and emotional blackmail - which is definitely an important one that needs awareness-raising. But I definitely disliked the fact that Chloe seemed way too helpless in her relationship with her fiancé, and Gabe way too alpha-male/knight-in-shining-armor. It turned to a *damsel-in-distress* plot rather than seeing a *tough-cookie-girl-manning-up* type of story. Indeed, Chloe really must have suffered from Stockholm Syndrome, because no one would have put up with the way she was being treated by her fiancé throughout several years.

I also had to look at this story from a realistic standpoint, and found that the domestic abuse issue here was kind of moot. Chloe's family (and support group) consisted of helicopter-flying dirty-rich senators/scientists/CIA agents, which is so far removed from "usual" domestic abuse cases it hurts. Sorry, pun *not* intended. Because well, I doubt a typical housewife and victim of abuse has such a support system at hand, which can automatically roll out a huge search party for her as soon as she is missing. So obviously, the domestic abuse side of the story was an easy one to deal with here.

And last but not least, I felt the story was too flat. There wasn't really a secondary intrigue (at least not one that isn't a sneak peak into the next book) and the main intrigue is being resolved way too quickly and

easily to my taste...

It was still a quick and nice read (with some nice sexual tension and steamy scenes) but overall it was unfortunately lower quality than the rest of the books, which was a bit of a disappointment...

Theresa says

Before I start my review, I wanted to say a big thank you to Jan and her husband Sri. You two are one in a million and I'm so blessed to be apart of your online family. To me that's what we are (Family).

Now this Is Chloe's story, Book 8 in the billionaires series.. I personally love Chloe and you would think that because she is a billionaire, that she would be happy but with all the curve balls, secretes AND lies, there's no way she can be. Chloe is engaged to marry James. I dislike this man. When you read the book you will know why. Chloe resides to go back home to Rock Spring. Will she get what she want or will she be doomed.

Gabe is one of Chloes brother Blake's best friends and gets to help Chloe accomplish her dream. By offering her a job on his ranch. Have and Chloe' s brothers now something is not right with Chloe and James but they have no clue what's coming. Will Gabe be able to help Chloe? You my friends will have to read to find out.

A MUST MUST READ.. I can not get enough of Author J.S Scott. She is a fantastic writer and all her books are so heart gripping and breath taking. So AGAIN A MUST READ...

Debbie Collins says

For me, J.S. Scott, is one of those authors that I never have to think twice about before buying one of her books, especially The Billionaire's Obsession series. This book was no exception, and as usual it grabbed me from the very first page. Gabriel Walker, the billionaire cowboy, is sexy, hot, protective and possessive. Chloe Colter, is a vet in her small hometown, but her passion is to work with horses. She also happens to be engaged to a man (and I use that term loosely) named James. He has beat Chloe down both verbally and physically almost the entire time she has known him. After sharing an unexpected kiss on New Year's Eve with her childhood friend Gabe, Chloe decides that she has to get away from James, and the sooner the better. James is not the type of man to not get his way, and when Chloe tries to break it off with him, Gabe has to step in to protect her. Gabe takes Chloe to his ranch, a place where she can not only get away from

James, but she can be what her heart has always desired, an equine vet. For the first time in a long time Chloe is happy, but can her happiness last?

This is a must read for all romance lovers, as Chloe begins to understand that the problem with James, was not her fault. Also, Chloe has to learn that her family is there for her, they do not blame her, and will do whatever they need to do to protect her. This book revolves around domestic violence, and how it affects the person being abused, so be ready for a wild ride of emotions, not the least of which is anger, not toward Chloe, but towards James. Oh yeah, the way Gabe handles James, will give you a little bit of satisfaction, but the way Gabe handles Chloe will melt your heart.

Also, in this book we got a glimpse of Chloe's best friend Ellie, and I cannot wait to read more about her. Five stars all the way for this book, another fantastic read by a truly great author.

Natalie Townson says

WOW!! Okay i can't lie i love books by Author J.S.Scott they always have that happy romantic feeling that leave you smiling. This book has all the romance but wow there is so much emotion. I cried! no i didnt just cry i sobbed!! This book will tug at your heartstrings while allowing you to connect so fiercely with the characters you are rooting from them from start to finish.

Chloe is in a destructive and abusive relationship that she is desperate to break free of. Gabe has longed to be with chloe for a long time but has always held back. When these two finally stop fighting their attraction the sparks are electric.

An amazing must read and one of my best books i have read this year

Ronda says

Gabe and Chloe are perfect!

This book was good, but honestly the whole story I was dying to find out what happened to Ellie. I am officially dying for the next book in this series!

Denise says

This is hands down an amazing read it will keep you interested untill the last page I think I know this is my favorite book so far in the series .. Come and read Chloe story it has some ups and downs but I think every can relate to this book in one way or other
