Brian says

History is Awesome

Joshua says

Lots of history in a nutshell. I finished this months ago. Ask me a trivia question from it and that would tell you what I learned.

Tammy Post says

Excellent book.

Chad says

An excellent summary of world history. Although it presents the basics of each historic period/event, it provides a very good overview. For its purposes, it is an excellent quick resource.

Nikki D says

This book has short but informative snippets about historical events and the people that influence them. It's a great, quick resource to freshen your memory on certain time periods and it's leaders.

Carlie Crowe says

Daniels, P., & Hyslop, S. G. (2003). National Geographic almanac of world history. Washington, D.C.: National Geographic.

Citation by: Carlie Crowe

Type of Reference: Almanac

Call Number: Ref 909

Content/Scope: This almanac is relevant to high school students and contains all of human history from

ancient times to present. Contents include almost 50 maps that show major empires, battles, trade routes, and historical events, with imagery and artwork.

Accuracy/Authority/Bias: National Geographic is a world leader in geography, cartography and exploration. It is used by educators as a resource across the globe.

Arrangement/Presentation: Arrangement is chronological. Included in the 396 pages of the almanac are highlights of the time period, great ages and cultures told in vivid and varied format. Included is also a detailed index.

Relation to other works: There are many almanacs that cover world history; this almanac meets requirements for libraries that need a comprehensive reference at a high school level.

Accessibility/Diversity: The illustrations include a diverse population. This will be of specific interest to children who are visual learners.

Cost: \$23.00

Iamme11` says

- 1) I'm on page 194.
- 2.) This book was a gift.
- 4.) History/nonfiction
- 5.) Easy read.
- 6.) I'm really learning much considering I took AP World History last year.

Tiffany Morgan says

Daniels, P., & Hyslop, S. G. (2003). National Geographic almanac of world history. Washington, D.C.: National Geographic.

Citation: Tiffany Morgan

Call Number: Ref 031

Type of Reference: Almanac

Content/Scope: This almanac includes information from the first civilizations all the way to the 21st century. The content includes wars, religion, presidents, world figures, artists, etc. It also includes narratives, analyses, timelines, maps, and illustrations.

Accuracy/Authority/Bias: National Geographic is a well known name and its content is always accurate. Patricia Daniels has also written many other works and is a popular author.

Arrangement/Presentation: This paperback book is 384 pages and has an appendix, glossary, and index to help you quickly find what you are looking for.

Accessibility/ Diversity: Great for people 4th grade and up.

Relation: It is great for anyone who wants to learn more about the world and all the questions and answers you can think of.

Cost: \$40.31

Professional Review:

Susan Altick says

Excellent, clear, concise, informative!

Mel says

Quite enjoying so far, the chronological order of it made me little confused.

Finished just now. Didn't find it a very good source.

Mustafa Basree says

if you couldn't find it, it didn't happen! briefly, yet comprehensively, addresses the major events and ideas of time since Homo-sapien till today...

Mary K says

Daniels, P., & Hyslop, S. G. (2003). National Geographic almanac of world history. Washington, D.C.: National Geographic.

Citation by: Mary K Smith

Type of Reference: Almanac

Content/Scope: Encompasses all of human history, from ancient times to present. Included are nearly 50

maps to show the major empires, boundaries, battles, trade routes, historical events, and other fascinating elements.

Accuracy/Authority/Bias: Patricia S. Daniels has written and edited books on history, science, and geography for both children and adults. Her other books include: Great Empires, Eyewitness to the Civil War, and Chronicles of Indian Life.

Arrangement/Presentation: Almanac is told in vivid and varied format with many visuals. It is divided into major eras and organized chronologically with a detailed time line.

Relation to other works: National Geographic also has an Almanac of American History.

Accessibility/Diversity: This book is engaging for both children and adults and is geared towards students of all ages.

Price: \$40.00
