Once in Love with Lily Cathryn K. Thompson

Fans of Emily Giffin will appreciate *Once in Love with Lily*, the fresh, romantic dramedy from Cathryn K. Thompson. If you could recapture the past, would it be worth risking the future? Lillian Josephson is a choreographer living in L.A. with her long-time husband, movie mogul C.S. George. She has settled into a comfortable, predictable, and fabulously wealthy lifestyle. But Lillian's carefully maintained equilibrium is upset when a desperate call from her brother lands her back on Broadway and brings her face to face with Tony, the one man she never expected to see again. Will this chance meeting unravel Lillian and the cloak of stability she pulls so tightly around her? Does Tony hold only the keys to the past, or is he the gatekeeper to a passionate future? This captivating story will take readers on a journey filled with humor, romance, and betrayal. A delicious debut novel!

Shadoshard says

It took me a long time to get this book, but it was well worth the wait.

The story isn't a new one; old lovers reunited. And from time to time the writer crosses over perspectives without warning, but she gets the feelings and the atmosphere and the pacing just right. Roaming from New York to Paris to England and back again, it encompasses old concepts with a warm and intimate voice and the narrative is truly enjoyable. Lily and Tony and even Charles are easy to relate to characters and it was easy to root for their hopes - and find joy in them. We get a hopeful conclusion to the book, a realistic one that grants us the way to a second book that I hope is as promising as the first one was.

Amugawump says

A sweet story of love lost from a first time author. I was more engrossed with the story as I flew through the chapters. I cared deeply for Lily and Tony and hoped everything would work out for them in the end.

Jen says

ONCE IN LOVE WITH LILY was an absolute delight to read! From the very beginning I was hooked on the characters and completely immersed in their lives. Once you start reading ONCE IN LOVE WITH LILY you won't be able to put this book down. In her first novel, Cathryn K. Thompson has done what not every author out there is successful in doing. She has exquisitely written characters who attach themselves to your heart from the first page; burrow themselves even deeper with each passing chapter and feel like old friends by the end of the book. This is the kind of novel I crave but am not always successful in finding because the story not only truly moved me but it completely swept me away and left me wishing it never had to end. I laughed, cried and cheered for Lily. The only downside? I hated to see the book end!

Jenny R. Buck says

Your emotions will flip flop from one chapter to the next

This love story had me in tears more than once. The storyline was engaging, sometimes heartbreaking and frustrating, but well worth the tears!

Jan says

Exciting, excellent, entertaining and enchanting !

Could not put the book down, so fun to read. I found myself laughing out loud and almost in tears while reading. Truly well written and fun read. I want more. More Tony and Lilly.

Jen says

ONCE IN LOVE WITH LILY is one of those books that an avid reader of romance craves down to their very soul! This is one of those books that you hate to put down. In her first novel, Cathryn K. Thompson managed to do something that not every author is successful in doing. She's beautifully created delightful, engaging characters who capture your interest from the very beginning; burrow themselves into your heart with each passing chapter and by the end of the book, leave you feeling like you've known them forever. I laughed, cried and cheered for Lily! This book is a must read! I truly hated for it to end!

Kyla says

This book was one of the best things I've read so far this year. I'm a sucker for a good love triangle and Cathryn K. Thompson delivered it amazingly. The best part of this book is the fact that you get so attached to the character's. It's hard not to completely forget that you're reading a book and not witnessing the story unfold with your own eyes. I can definitely say I'll be rereading ONCE some time soon.
