Sexy in Sarasota

George C. King

Sexy in Sarasota George C. King

A team of con artists descends on Sarasota to defraud wealthy widows and widowers out of millions of dollars by promising romance to the grieving spouses. P.I. Kathy King investigates and enlists the services of a homeless man with an explosive past. A chameleon, he poses as a butler in the home of a widow in jeopardy. Kathy's parents are once again involved as their new neighbor, who is caring for his demented mother, turns out to be one of the widowers targeted for trickery. As the attempted seductions sprint hilariously toward a climax, the investigators engage in a race against time. Can they prevent money from changing hands and discover the identity of the brains behind the fraudulent operation, or will they be too late? It's another imperfect day in paradise!

Barbara Nutting says

I rated it four for FUN!! A sarcastic tongue-in-cheek look at our Sarasota!! Knocking everything from the Republicans, Bush, Ringling and FOX with tons of humor that rings with a lot of truth!! Loved following through town with his exact directions - right by my apartment on University Parkway and on to my Walmart!! Looking forward to reading more by this irreverant author!!

Briar's Reviews says

This mystery is sexy, hilarious and a wonderful read! It's often hard to find a light-hearted comedy with a splash of sexiness and mystery, but this find is a keeper! When I picked up the book, I found it a little slow to start, but once I was a few chapters in and I learned about our conflicting characters I was instantly hooked!

The reader follows Kathy King as she investigates the neighbors of her parents (with the help of a homeless man who loves movies named George) and learns that some characters might not be all they appear to be. Despite this novel being a sequel, it was very easy to follow (and made me want to read the first book now! I must get my hands on it somehow! I am determined to! If this novel was great, the first novel must be excellent for it to deserve a sequel!).

This novel did a great job keeping the story moving along and not getting too slow or boring. I expected at some points for the plot to slow, but it kept moving at a steady pace, which was a massive plus for this novel! I also found that George C King was great at describing images and the past events within the story (which was very helpful as a reader).

If anything, there could have been more conflict within the story between the opposing parties (without spoiling anything). I would have liked more conflict before the climax or the end of the novel. Not having more conflict didn't ruin the novel, but it would have made it a lot more exciting.

Overall, I enjoyed the book! I'd love to read the first novel and the next ones! Anyone who enjoys a good mystery that isn't gory or horror related should pick up this book! It's an excellent read in my eyes!

Five out of five stars!

I received this book for free through Goodreads First Reads.

P.S. I also loved that it was signed (and my name was actually spelled right) and had a little note! That makes this novel so much better!

Becca says

I received this book as "first-reads", and had not read the first book, Sixty in Sarasota, however it was a good stand-alone. Initially, I wasn't sure I was going to like it, but once I got into the story, the pages flew by! It

was a light crime-solver mystery, with a lot of humor thrown in.

George King says

If you like Carl Hiaasen...you'll like George C King, February 27, 2011

By J. Filipowski "Kindle Bookworm" (Winston-Salem, NC)

This review is from: *Sexy in Sarasota* (Kindle Edition)

I am planning a trip to the Sun Coast and wanted to find a book about, or set in, the area. I stumbled upon *Sixty in Sarasota* and *Sexy in Sarasota* and was immediately taken with the author. I tore through both books in the last week and thoroughly enjoyed them. I recommend reading *Sixty in Sarasota* before *Sexy in Sarasota* as the story line follows through the two books. Can't wait to read King's other books and hope there are many more to come.
