## **She Puts The R In Ratchet** Lady Lissa , Maria Harrison (Editor)

Ever since Kandee was a little girl, she had high hopes about her future. That was until her mom dropped her and her sister, Rania off at their Aunt Ruby's for the night, but one night turned into forever it seemed. Ruby refused to take care of both girls for her missing sister, so she sent Rania to live with their Uncle Junior and his wife, Gloria.

Kandee and Rania didn't want to be separated, but they had no choice in the matter. While Rania was being raised in a loving home with her aunt, uncle and cousins, Kandee was still being raised by her mean Aunt Ruby.

Kandee's life is torturous for the next two and a half years that she lives with her aunt and cousin, Mike. When Kandee turned twelve, her life changes forever. Her cousin, Mike decided that it was time for her to learn what being a woman is all about. Not only did he take her innocence away from her, but he also gave her a responsibility that she won't soon be rid of.

After being gone for a little over two years, Brenda returns to get her girls back. While Rania was extremely happy to see her mother, Kandee was not. She blamed her mother for everything that happened to her and over the years, continued disrespecting her mom and fighting with her sister.

When Kandee meets Cinnamon, her life changes, and it is a welcome change for her. That is, until a blast from the past returns. How far will Mike go to keep Kandee from sending him to prison? Will the two of them ever be able to coexist? Will Kandee ever forgive her mother for everything that happened to her?

### **Syretta Adams says**

#### **Oh my!!!!**

Lady Lisa's you never disappoint me. So can I say that I don't like Mike or that Aunt Ruby.. I hope that Kandee gets her act together, I feel so bad for her.. can't wait for part 2..

---

### **Tanya Neil says**

#### **Closed mouths**

Sad but reality of the day , secrets that hurt families.Glad her mother got help but so much damage was done and she couldn't let it go , What's done in the dark shall come to light

---

### **Shawnda Booklover says**

“With the skill and grace of a veteran author Lady Lissa delivered an amazing read!”

She Put The R in Ratchet was a page turner from beginning to end. From the clever title to the relatable characters, I truly enjoyed this book. I found myself immersed in the world that Lady Lissa created and by the end, I wasn't ready to leave it. Take a look at the book description found on Amazon.com

“Ever since Kandee was a little girl, she had high hopes about her future. That was until her mom dropped her and her sister, Rania off at their Aunt Ruby's for the night, but one night turned into forever it seemed. Ruby refused to take care of both girls for her missing sister, so she sent Rania to live with their Uncle Junior and his wife, Gloria.”

The opening page captivates the reader with drama and intrigue. Stepping into the angry and bitter world of Kandee wasn't easy, but was truly satisfying to me as a reader. This book's plot was well developed and realistic. By the last page I was breathless and couldn't believe that Lady Lissa would leave her readers gasping that way. That right, there is a cliff hanger and it leaves me already excited about the next installment of this series!

This emotional, relatable, well thought out gem of a book was chock full of characters so real, I had to remember that I had never met them in real life. I felt like I knew each and every character personally. I could definitely feel their struggles, disappointments, and the pain that each one of them dealt with. The characters were so well developed. Each had their own voices and you could identify with the emotions they were feeling throughout the book. These characters were created in such a meticulous way that they almost leap off the page. I actually felt like someone was sitting in my living room pouring their heart out to me. With the skill and grace of a veteran author, Lady Lissa took on a taboo subject and was able to deliver it tastefully. From the constant inner conflict of Kandee to the issues of her life that aren't completely her fault, Lady Lissa takes you for a ride that you are not prepared for.

She Put The R in Ratchet was definitely a five star read. The message of this book is one that will resonate with every reader. If nothing else “She Put The R In Ratchet “ teaches you that secrets and lies can ruin a life and that there is always a chance to fix it.

**DENISE says**

This book gets your emotions all worked up. I felt very bad for Kandee but she could have chosen better than continue the path of auto destruction. I do get the fact that she was damaged do to the fact of her mother abandonment and the abuse of her aunt and son. Mike and his no good mother Oh Lord I hate them both for what they did to Kandee. I hope that before the series end something happens to both of them as a karma for all their wrong doing. Great job Lady Lissa never disappoint with your work.

---

**Rochelle Allen says**

???

Don't understand what the title has to do with the book. Ok read going to wait on part two . Hopefully it will be better

---

**Paula Milan says****Satisfied Reader**

OMGGGG. This book definitely had me in my feelings. I couldn't understand how a mother ups and leave her daughters. Ruby was so wring the way she treated. Kandee did have a chance at childhood. Rania was a very sweet girl. I couldn't stand Mike I wanted to reach thru my Kindle and castrate him. Kandee really needs a reality check and I hope in pt.2 she gets it and grow up real quick.

---

**Jounay says**

4.5 stars

---

**Toni Williams says****She puts the R in Ratchet**

Mike and him mom need help omg I hope everything comes to but him in the butt I'm glad the mom got it together hopefully Kandee get the help she need

---

**Mecca says**

I couldn't stop reading page turner all the way through. I hope Kandee get the help that she needs & Mike gets what's coming to him.....ready for 2

---

### **E G says**

This was a slow read. The only reason it kept my attention is because I'm nosy. There were a few mistakes. But those can be overlooked. This was a tell tell story. It was sad. I guess if a person could relate; they would like the story. To decide if I want to go on part 2? I wish Goodreads had half stars too. I rate this book 2 & a half stars.

---

### **Imma Booker says**

This was unexpectedly good since the title actually didn't make me expect too much from the characters. The history of each character gave great insight into how Candy and her sister were effected by their mother's disappearance and how they had very different reactions

---

### **Taja Seymore says**

#### **Love**

Page turner loved it please dont keep us waiting years for part two thank you. This is a must read really good book.

---

### **Marci says**

#### **Well damn**

I wish this girl would have told her grandma. Aunt ruby was just a piece of shit. Why didn't they just put mike out of his misery

---

### **Dee Cherry says**

#### **Whoa!!!**

This book was so good I was done before I knew it! Mike & his momma need to be handled....The storyline was so deep at times I had to pause.... Kandee-my heart went out to her. Lady Lissa did a superb job with this story's characters, contents, settings-all of it! Kudos & please bring on the next part! Highly recommended!

---

**Velmeta Ligons-Carlis says****Speechless**

This was do sad I wanted to cry. That damn aunt and cousin Mike should be shamed. He needs to be put away and Kandee is going to need counseling and lots of love and support.
