Silk and Spurs Cheyenne McCray

Stories in the “Rough and Ready” Series: The Camerons

Book 1: Silk and Spurs

Book 2: Lace and Lassos

Book 3: Champagne and Chaps

Book 4: Satin and Saddles

Book 5: Roses and Rodeo

Book 6: Lingerie and Lariats

Book 7: Lipstick and Leather (3 short stories)

Jessica Porter finds herself in southern Arizona on the Cameron’s Bar C Ranch ready to photograph the ranch and the oldest Cameron’s wedding. When Jessie meets Zane Cameron, she finds herself wishing the tall, dark, and gorgeous cowboy was free.

Lately, Zane has had the feeling that things aren’t as they seem with his fiancée. When she shows her true colors, he calls off the wedding.

Zane feels it’s too soon to fall for another woman, but when he meets Jessie, he just can’t get enough of being around her. It’s not long before the pair gets together and it grows hotter between them than an Arizona summer.

But Zane’s ex-fiancée threatens Jessie and everything takes a dangerous turn...and Zane could lose her forever.

Overall rating 4.5

For a short book I have to say I really liked it a LOT! Loved Zane the hero and really liked the heroine Jessie too. The story grabbed me from beginning to end.

♥ WishfulMiss ♥ says

Not for me.

Photographer Jessie comes to her friend Danica's older brother's ranch on assignment. She's been hired as wedding photographer for said older brother Zane's wedding to his widowed neighbor. The instant these two see each other there is an attraction and over a course of a few days Zane realizes that he genuinely likes Jessie and that the woman he planned to marry, the very cliched villainous widow Phoebe isn't really as great as he'd once thought. Apparently everyone including his brothers and sister can see that Phoebe is a witch but never in front of a very gullible Zane.

Zane eventually breaks it off with Phoebe and pursues Jessie. It's revealed that Phoebe is a black widow, having killed her last few husbands shortly after the wedding and running off with their money. Phoebe along with her boyfriend/accomplice plot to take out Jessie so that Zane will take Phoebe back. What follows is a kidnapping, foiled murder plot and a really fast declaration of love and a HEA for the MCs.

This is insta-love but I found it off putting that they both constantly flirt and check each other out knowing full well that Zane is days away from tying the knot with another woman. Plus the fact that he started "spending time" with Phoebe a week after her husband died and proposed to her five months later was just ewwww!

To be fair, right from the start of the book, we are told that Zane has been having reservations about marrying Phoebe. That he doesn't feel right about a permanent relationship, but the fact is he obviously liked this woman enough to marry her - he even mentions the fact that it was time for him to settle down and have kids to carry the Cameron name. So he cared enough about her to consider fathering his children with her. And yeah he was probably just thinking with his pecker but that doesn't leave a good impression of him as an honorable or likable H.

This was a romance fail for me and tbh a bit boring. I would not recommend. Luckily it was free on the Kindle and a quick read. On to the next.

Linda Strong says

Jessie is a photographer hired to take pictures of the huge ranch owned by Zane Cameron. Zane is getting married to Phoebe in a few months. That's a fact he keeps reminding himself as he finds Jessie extremely attractive .. inside and out. Jessie is immediately attracted to Zane but keeps her distance. Her last boyfriend cheated on her and she isn't about to become the 'other woman' in any relationship.

When Phoebe starts showing her real colors ... those ugly things like acting like a fishwife ... kissing another man no one knows about except Jessie... when she berates the ranch hands when they don't show her enough respect...Zane calls the wedding off, leaving Phoebe one mad woman.

Jessie and Zane act on their mutual attraction and all seems headed for a happy ending. But wait ... we haven't got to the part where Jessie's life hangs in the balance.

If you've read any of Cheyenne's books and enjoyed them you will love this one. If you haven't and this will be your first one, it's a great read and a great place to start. It's a short, really intense love/mystery story (with some really graphic intimate moments).

My thanks to the author who provided a digital copy in exchange for an honest, unbiased review.

Kathy Davie says

This was terrible. All *tell* and the writing was quite juvenile.

Barbara ★ says

I would have liked this a lot more had the story been more fleshed out. Everything seemed very rushed which detracted from the romance though it was obvious Jessie and Zane had an instant attraction.

Beth Jones says

Good read, likeable characters and plot,
Part of a series, but can be read as a stand alone
Jessie met Zane when she was hired to take photos of his ranch and his wedding, they are instantly attracted to each other, after Zane calls off his wedding, can they find happiness together

Angela says

5 November 2015: \$0.00 FREE on Kindle

Katie Blythe says

This book was given to me by the author in exchange for an honest review

3.5* stars

Jessica or "Jessie" Porter is a photographer who is hired to take wedding pictures at a ranch for Zane Cameron and his nice, sweet, and very beautiful fiancé Phoebe. As soon as Jessie gets to the ranch she's in awe of how big, beautiful, and open the ranch is since she lives in the city. She's also in awe of how sexy and attractive Zane is yet reprimands herself because she knows she should not be thinking those things. Zane is the oldest of 5 siblings and feels that it's time to find a wife and settle down and have some kids to carry on the Cameron name, since it seems that no one else in his family wants to settle down yet. He's dated Phoebe for 5 months before they got engaged, and has been feeling iffy about the wedding so he's been putting it off for a few months. However, ever since Jessie came up to take pictures of the ranch he's immediately attracted to her. He would never cheat on Phoebe but he realizes that his feelings for Phoebe may not be as deep or as strong as he once thought, and has to make a decision about if he's truly ready to go through with his marriage. It also doesn't help that as soon as Phoebe meets Jessie she's immediately rude and standoffish with her which is very unlike her. Phoebe feels threatened by Jessie and makes it her mission to get her out of the picture, by any means necessary.

This is a very short story and everything is pretty rushed from the characters meeting, to them being attracted to each other, to making completely life changing decisions. But some people do like stories like that, where it's just a simple love story and there aren't a million different story lines going on so if you're looking for a quick little romance, I'd check it out. Some characters are not always as they seem so there is an added little twist that makes things interesting.

Jen says

I enjoyed this book, and felt it is along the same lines as "the ROugh Rider" series by Lorelei James. The "Rough and Ready" series by Cheyenne McCray are shorter books but they pack a great story and steamy sex into a fast read.

This series is about the Cameron family who consist of four brothers and one sister. Silk and Spurs starts us off with the oldest Cameron brother Zane. He is awaiting his wedding and his sister has sent her friend Jessie to the ranch to be the wedding photographer. Zane and Jessie meet and the attaction is instant fireworks. He has been having second thoughts about his wedding already but Jessie's arrival just adds more doubts. As the book progresses there are a few situations arise that put Jessie into danger and her life is put into danger. I loved these characters and found Zane was the typical alpha male. (the ones that I like!) He is loyal, honest and hard working. Jessie actually have the same traits and I think that is why they click.

The only downfall to the book is I would have liked more sex!! The sex that was in it was hot and steamy!! I look forward to the next book of the series, where I can revisit the Cameron family!

An says

Jessie meets Zane when she is hired to photograph his upcoming wedding at his families' ranch. She has to keep reminding herself that Zane is off limits because she is so drawn to him. Zane is momentarily attracted but reminds himself of his upcoming nuptials.

Zane's bride to be is not well liked by his brother or most of the ranch employees as she is about as far from a nice person as you can get. Zane soon experiences this side of his fiancé first hand and confronts her, setting in motion a chain of events no one saw coming.

This book was an unexpected treasure, full of romance and suspense that makes you keep reading until the end. Am looking forward to reading more of this series!

Julie says

After having read the entire Rough and Ready series, as I wanted to be fair, I say if you need a hot, sexy cowboy series try Lorelai James Rough Riders series or Vivian Arends' Six Pack Ranch series. Ms. McCrays' writing needs work, spelling and grammatical errors aside, she can't keep track of time passing and how old her characters are, in the last book of the series her heroine is 39, then later in the book she is 29, which doesn't work with the other events she has mentioned. Her bad "guys", of which there was at least one in each book, are so stupid I spent my time trying to figure out how they got away with their crimes until now. They were always out to get the heroine. Each book was basically the same with only a change of characters. Sorry Ms. McCray, I am moving you to my Do Not Read list.

MJ says

OMG... REALLY!

Ok, at its base, the idea is good, but the execution fails so very badly. There's absolutely no soul to the story or the characters. It's just a brief speed walk thru the park with your eyes closed, followed by a several hour explanation of very thing you saw on your way. All crap.

Severe continuity issues that are so obvious, there's no way they were missed, so I can only conclude that CM never bothered to reread what she typed.

The main characters are just so blah, that I really just don't have anything to say about them. The support characters are so badly used as convenient plot devices that they just irritate me to think about them... sadly, most of them are in the running for their own books in the series, and the whole set up has me beyond dislike and forget, to actively avoid so I can stop grinding my teeth. And then we have the bad guys... OMG... CARICATURES. That is the only way to describe them. They are so over the top and beyond dumber than dirt. There's not even the slightest evidence of a brain cell in how this book was put together. No I'm not saying the author's brainless, I'm saying the book is brainless and it's insulting that the author would think that readers wouldn't notice. I can only hope that she's not had beta readers that she trusted to review it,

because if she did, they have done her NO favours by grinning and nodding. It sounds like she's continued with the same premise and poor execution thru the rest of the series, and I can only imagine how many readers will never touch her again, even if it was with someone else's barge pole.

CM, if you have beta readers... ditch them, and ditch them fast. Either way, you need new ones who will tell you the truth and help you become a better writer. You've got the ideas, you just need better help.

Cheesecake says

Could not resist the new cover of this one (love it when they include the guy's face)... plus it's free!

A??ela W. says

Spoiler Ahead This was a good read that I liked. Jessica Porter finds herself in southern Arizona on the Cameron's Bar C Ranch ready to photograph the ranch and the oldest Cameron's wedding. When Jessie meets Zane Cameron, she finds herself wishing the tall, dark, and gorgeous cowboy was free. When Zane's fiancée Pheobe shows her true colors he calls off the wedding. Zane and Phoebe got engaged 6 months after the death of her husband When Zane and Jessie start a hot and heavy romance and Pheobe starts threatening her and Zane knows that he will do anything to protect her. This was my first time reading this author this was a good book. I liked both of these character's Zane is the hot sexy cowboy and Jessie is very sweet. I didn't like Pheobe and Zane should have took the hint when none of this brother's like her and have been telling him something seems off about her. This book was well written with no errors in grammar or spelling. This was the first book in a new series to me. I am looking forward to reading the next book in this series.

Becky says

Hello cowboy!

Cheyenne McCray knows how we like our Cowboys. This was a steamy hot read and I loved Zane. Jessie is a strong woman with a quirky personality and just right for that sexy as hell rancher.
