## **Tall, Dark and Deadly Books 0.5 - 3** Lisa Renee Jones

The box set now includes FOUR full sized novels:

### HOT SECRETS: Book 1 Royce Walker

Royce Walker, a former FBI Agent, who's opened a private security firm with his brothers, has always had the hots for the prim, proper Assistant District Attorney, but considered her hand's off because of a family connection. However, when danger threatens Lauren, he isn't willing to stand by and watch her get hurt. Now the passion for survival is only rivaled by the passion burning between them. And that passion, might just be the death of them both.

### DANGEROUS SECRETS: Book 2 Luke Walker

Being a divorce attorney for the rich and famous isn't all it's cracked up to be. Julie Harrison has learned that love doesn't last, and she's sworn never to make the same mistakes as her mother, or her clients. She uses the games men play to keep them at a distance. The only man who managed to break down her walls was Luke Walker, a Navy SEAL who loved her and left her, and changed her forever.

When Luke arrives back in New York, running Walker Security with his brothers and having left his Navy SEAL days behind, he sets his sights on Julie, the woman he's always wanted and couldn't have. Except, she runs from him every time he gets close.

But now, one of Julie's clients, a powerful judge, gets involved with a dangerous cartel, and his soon-to-be-ex wife ends up dead. Julie's next on the list, and she finds herself on the run from those who believe she knows too much, and counting on Luke to keep her alive. In the deepest, darkest moments of the night, passion will bring them together while danger threatens to tear them apart. Can Julie and Luke trust each other and find their happy ending before they find ... the end?

### BENEATH THE SECRETS Book 3 Blake Walker

Two will paths collide. Two people who will do anything, including sleeping with the enemy, to avenge or save someone they love. But what if everything isn't as it seems and the enemy isn't the enemy at all? Can these two broken people drawn together by their sizzling hot attraction see beyond their pain and their need for vengeance? Undoubtedly, they will face the ghosts of their pasts, but will those ghosts destroy them or forever bind them?

### SECRETS EXPOSED: A bonus story lightly connected

Attorney Lindsey Paxton is about to have a brutal case from her past come back to haunt her in the most dangerous of ways. To survive she will end up in the arms of a man she considers her enemy, but might just be her only salvation.

#### **Big bad men and the women that tamed them!**

I found your writing style to be very good and fun to read, but I think you mist some points along the way as when in Blake and Kara went into that office building looking for evidence, the Walker brothers would have known there was security and that they were walking into the Lions den. but overall I liked the way you used every one of the players and the twists right up till the end, and look forward to reading more of your books. thanks for a good read! Fred G.

#### **Hot Secrets**

I was hooked from the very beginning and I am in love with each and every Alpha Walker brother! Full of angst and suspense and some quite steamy scenes as well!

#### **Dangerous Secrets.**

Luke has to be my favorite Walker so far. The angst and connection in this book kept me glued to my seat throughout the entire story.

#### **Beneath The Secrets**

I enjoyed the suspense and angst in Blake's book but I was left confused due to a name issue of Blake's fiancé that was mentioned in Luke's story.

That aside I did enjoy the connection between Kara and Blake.

#### Secrets Exposed

I enjoyed all of the intensity of Lindsey and Mark's story. Lisa Renee Jones knows how to keep you on the edge of your seat with her stories.

##### Out of order

Warning: read the last story first. It's a prequel to the series. Not sure why it's included as the fourth instead of first.

The first three stories introduce 3 brothers who've started their own security company. Each meets his "intended" through their work. The stories seemed to deteriorate a little as you read from 1 to 3 but were ok.

##### Not the greatest security guys...

Every time I turned the page the bad guy had gotten close to the lady that main guy was with. Book one the guy kept breaking into her apartment and they STILL stayed there.. Dumb then he was always letting her wonder off on her own and bam bad guy attacks...well duh of course hebor she is gonna. Overall I didn't care for any of the books. I would rate them all a big 2 stars.

### **Leigh Sonnekus says**

#### **Excellent box set**

Really enjoyed this box set! All three novels and the one novella, had suspense and plenty of steam to keep me hooked.

Each one can be read as a stand-alone, but probably best read in order. The 3rd novel ends with a HEA for Blake and Kara but there's a lead into the next book that leaves me wanting to purchase it!

### **Gloria Herrera for As You Wish Reviews says**

All the stories about the Walker brothers are worth reading. In particular, I enjoyed rereading Hot Secrets. Royce and Lauren's dynamite love affair is what makes romance books worth reading. The passion, emotions, thrills Lisa Renee Jones can pour into her prose, is what makes this series worth reading. The Walker brothers are HOT, alpha and "yummiliciously" unforgettable!

### **Amber Day says**

This is amazing all three walker brothers and the first time that Royce was introduce into the wonderful world that only Lisa Renee Jones can create. Her writing is phenomenal. Her writing pulls you right into the book and makes you go feel desperate to find out what is going to happen next! This is a MUST READ trust me!

---

### **Phantasmagoric says**

Excellent story lines with strong characters. I liked the way the FBI agent kept saying 'stop man handling me!' so many times women have men grab or push them about thinking it's sexy but this lady saw it for what it was, a distracting power play, if not bullying. Still sexy if shared rather than overpowered. Great value. Am now reading another of her books.

---

### **Naughty Mom Story Time says**

The Walker brothers are quite intense with their alpha-ness. Each of them are quite different but are driven by the same goal - to protect. Each of them having gained special skills in a gov't agency they have now gone into the private sector to put those skills to use for civilians.

When it comes to a woman they've claimed? That protectiveness is at a level that surpasses any service their agency provides. In the Tall, Dark and Deadly series we meet these three brother (who are very different from one another) as they find an unexpected love -as with Royce and Lauren; get a second chance at love - as with Luke and Julie; or re-discover love - as with Blake and Kara.

Each of their stories are standalone with Blake & Kara's leading into a spin-off for Kyle and Myla in Deep Under.

For romance, suspense and some action - this is a series that will give that to you.
