The Diva Code: Miss Piggy on Life, Love, and the 10,000 Idiotic Things Men Frogs Do Jim Lewis

From one of the most famous--or infamous--divas of our time, Miss Piggy, comes THE DIVA CODE: 10,000 IDIOTIC THINGS MEN DO...AND OTHER FABULOUS FACTS OF LIFE EVERY DIVA NEEDS TO KNOW. Over the years, Miss Piggy has gleaned, glommed, and garnered wisdom about what's wrong with everyone else and what's right with her. And now, in the latest book from the Muppets, Miss Piggy is ready to share all of her best advice on love, fashion, career, attitude, and her secrets of diva-dom! And as an added bonus, it will help release your inner diva, so you can get what you deserve and give others exactly what they deserve! A few of the idiotic things men do...

HE'S JUST NOT READY TO COMMIT ? Let's begin with one of men and frogdom's all-time idiotic offenses. You give him the pleasure of your company (plus untold hours of prep time) and in return he's not willing to commit to anything. Mention a romantic getaway, a steady and exclusive dating policy, a long-term relationship, *marriage*? and he runs for the exits! *WHAT VOUS NEED TO DO*: The best defense is a good offense, which means that you must never give up trying to make him commit. Remember: Never stop being offensive.

HE'S STATUS OBSESSED -- It's all about the label, the fancy car, the platinum-encrusted watch, the vacation place in Gstaad, the showy perks. *WHAT VOUS NEED TO DO*: Give moi his number.

HE'S A NARCISSIST - This guy can usually be found at the gym defining his triceps, biceps, bicuspid, you name it. And when he's not pumping iron, he's primping in front of the mirror-tweezing, conditioning, moisturizing and otherwise invading your personal grooming space. *WHAT VOUS NEED TO DO*: Ask yourself if he's such a hunk that he's worth it. If so, get more mirrors. If not, dump him?but get more mirrors anyway. After all, narcissism isn't a bad thing if it's about vous.

Sarah says

You have to be in a sassy mood for this book: I wasn't for the first half, but the sass was back for the second!

Ann Keller says

I laughed my way through this book! Miss Piggy has much to tell us about what men say, but really mean, perfecting the fine art of flirting and the types of dating. She is very instructive in enumerating questions a girl might ask before going out with a guy or deciding to marry. Interspersed with advice on cosmetic surgery and beauty tips, the finest "diva" of them all gives us words to live by.

Brenda says

Whenever I read this, it always makes me laugh. Miss Piggy can be very wise. :)

Cale says

I don't know what I was expecting out of this, but what I got was a horrible attempt at parody that demeans the name of Miss Piggy and the Muppets. Ostensibly a collection of mistakes men (and frogs, because they're interchangeable) do, it's basically an excuse for insulting everyone. Piggy's faux french appears to include Moi and n'est pas and that's it, and there's absolutely no heart in this. Muppets are all about heart, even when they're squabbling, but this is just mean spirited and small minded. At least it's short. But you'd be better off putting it back on the shelf and walking away.

Liberty Arrow says

This was laugh-out-loud funny! I thoroughly enjoyed it.
Miss Piggy has such an "interesting" way of looking at things and it was really fun to read her perspective.
I'm sure if you love the Muppets and you love Miss Piggy, you'll get a kick out of this book, too.
5 stars! Only the best for the fabulously-dressed pig.

Evangeline says

This was cute.

I adore Miss Piggy, and she's always true to herself, so I knew what to expect from this. It was a very quick read, and I chuckled a few times.

Andrew J says

This was dumb but cute.

Tracy says

I am such a big Miss Piggy fan and her book is a real "kick"....."Hiyah!" It made me laugh out loud. And boy, is she ever protective of her frog!

Different Is Beautiful says

This book was short and funny ?

Ana Luisa says

Um livro simplesmente genial! Desengane-se quem espera um manual de como conquistar um homem, este é um livro de humor puro, que nos leva à gargalhada a cada virar de página. Quem conhece a Miss Piggy dos Marretas (e quem não conhece?) sabe do que falo, ela é A personagem mais engraçada do elenco juntamente com o seu namorado Cocas, o Sapo e neste livro vem falar nos sobre a vida em geral, sobre o amor e as 10 000 coisas que os homens sapo fazem. Porquê 10 000? Sim, ela colocou essa mesma pergunta a si mesma, mas respondeu de uma forma muito peculiar que na verdade não vos vou contar. Leiam o livro e descubram as coisas fantásticas que ela nos vai tentar ensinar. Claro há sempre algo a aprender neste livro, existem frases e situações chave que nos deixa a pensar, mas tudo é dito/ escrito de uma forma muito especial que nos faz chorar de tanto rir. Deixo-vos aqui uma das frases que mais gostei (foi difícil de escolher, mas lá consegui): ?"Qual a diferença entre o amor e a luxúria? Cerca de três jantares dispendiosos e algumas jóias vistosas".

Espero que leiam este livro e que desfrutem tanto dele como eu.

Miss Piggy, espero que voltes com mais um livrinho para nos rir-mos um bocadinho...

Stacy says

"[On:] Finding Love

Love turns up where you least expect it. So look there first."

"What is lust?

Lust is love minus the paperwork."

"What is the difference between love and lust?
About three expensive dinners and some oversized jewelry."

"On looking your best...
Wear clothes that are distinct, elegant, and--if you're dating a frog--waterproof."

Peggy says

Sometimes I like some light reading; this would qualify. It is a quick read and gives you a few laughs. Miss Piggy is certainly a diva and her tips on life and love fit right into the category.

What I learned from this book: Miss Piggy can hit the nail (or frog) right on its head. Her advice is partly silly, but some of it makes some sense. Some is pure Miss Piggy, though. Example: Under her category "what every diva needs to know" are these gems of wisdom. Too much is never enough, when the going gets tough you are obviously in the wrong place; if you don't succeed at first, complain loudly until they give it too you.

Some of her ideas do merit some consideration. Example: in the section "Moi on Style", she says: style is about being yourself; style is about expressing your inner self, being stylish is a lot of work, style comes in all shapes and sizes.

If you want a book to make you laugh, get you to think, and make you say "huh?", you will enjoy this book a lot. And.... it is a quick read.

Laura says

Miss Piggy really knows what it's like to be a fabulous woman. You can't argue with Miss Piggy. No really, you can't. She'll karate chop your face.

Alexandra says

"'Tis moi!"

of course that would be the way Miss Piggy starts off her book :P I heard her voice when I read that line and it immediately made me smile.

but then the word "moi" gets used about a couple hundred times throughout the book and it becomes annoying.

this little book was chock full of advice from Miss Piggy on a variety of topics like how to deal with various types of guys (i.e; narcissists, cowards, liars etc), how to spend men's money and how to pretty much be fabulous.

although some parts were pretty funny, like this random disney reference:

He's Got a Peter Pan Complex ---No, I'm not talking about those round collared shirts, which I still think look fabulous if worn with a cashmere sweater and just the right set of pearls. I'm talking about ~~men~~ frogs who refuse to grow up and want to act like little boys forever.

What Vous Need to Do: Think of a wonderful thought, any merry little thought. think of Christmas, think of snow, think of sleigh bells off you go...and then tell him to "grow up, buster" or he'll be flyin' all right.

overall, the book was completely superficial and redundant. granted, I know Miss Piggy is the queen of superficiality but this book was kind of boring to me. it didn't make me laugh and I'm glad it was short because I don't think I would have gotten through the whole thing if it weren't.

one thing I noticed was that I could completely tell the diva code was written by a man. just by some of the terms that were used, and by the overall feel of the writing. some of the expressions were a little outdated and some of the jokes were a little too corny. this is not necessarily a bad thing, because it's the Muppets and corny jokes are their thing, but I do kind of wonder what Miss Piggy's "voice" would be like if this book were written by a woman.

Vero says

Funny!! If you're looking for a fun, short book to take a break from long readings, this is the perfect choice!
