Julia Mills

Twinkle Twinkle Sassy Little Star Julia Mills

The books in this epic saga can be read as stand-alone stories, or you can experience all the love, thrills, and exploits of the whole series from beginning to end. It's up to you. ENJOY!

Back to the swamp. Back to the wolves. Back to her...

From the moment Grey laid eyes on Star he knew beyond all doubt she was the woman for him, but the sassy little she-wolf wouldn't even give him the time of day. Then he was called home and all hopes of claiming his mate disappeared. Now, he's heading back to the sweltering heat of the Florida wetlands and this time she will be his.

Fight the rogues. Fight the wizards. Fight the attraction she has for him...

Star thought the problems with her love life had flown out the window as she watched Grey fly off into the sunset, but now the sexy dragon is back and looking better than a man has a right to. Not only is he tall, dark and handsome, but he makes her wolf roll over and beg to be taken. What's a girl to do when her happily ever after is staring her in the face but she's not sure she deserves it?

The Florida Swamps have never been hotter. The wolves are under attack, the full moon is only days away and as if that wasn't enough, out-of-control wildfires are closing in on all around them. Praying for a miracle won't work. Fate and Destiny can't help this time. Only the white-hot magic created by a dragon and his one true mate can save the day and Grey has no intention of taking no for an answer.

“Twinkle, twinkle, my sassy little Star. This dragon knows exactly who you are. And baby, I'm coming for you...”

After all, Fate Will Not Be Denied...or will it?

Samantha says

Twinkle Twinkle Sassy Little Star is a fast, easy and extremely enjoyable read. Julia Mills continues to entertain us with her wonderful stories. If this is the first of the Guardsmen's series you have read, I highly recommend reading all the rest, you will love them and all the characters you will meet

Monica says

Oh my.....she was something! Gave Grey a run for his money literally! She's the take no *H*T kinda gal. She didnt let him get away with nothing! Nuh-uh! Hell no would he dictate what she would/wouldnt do. Funny thing is his fellow guardsmen WARNED him to NOT say it but he did anyways. Boy she told him a what for! We know everything! When you dont expect us to listen in oh we sooo are. Loved Star. Loved Grey when he pulled his head out of his butt! They've both been through some really hard things. They pasts are intertwined but they dont find out until later. Not that they knew each other or anything just the timelines were mixed a little in similar ways. Enjoyed the book. Took me forever to get to it through my pile of books. :) Worth the wait!

JodyL says

Grey and Star

Star is a wolf living with with same clan as Olivia and Angus. She knows Grey is her mate but thinks she isn't worthy because she thinks caused the death of all of her former clan including her alpha father.

Grey is tired of waiting for Star to see that they belong together. He is about to go back to Florida swamps to talk to her when the dragon clans gets a call asking for their help with someone ravaging clans in Florida.

Kayne, Pearce, Noah and of course Grey head to the Florida swamps.

Their trouble is being caused by Thanatos(demon) again. They also discover that Grey's brother Garrett has been held hostage for the last eighty years. Thanatos wants to possess the dragons body(Garrett) in order to be stronger because of having dragon magic.

Find out what is happening with Mara(the witch Thanatos is currently possessing) and her sisters. We see a little forward progression in this line of the story. We get a HEA for Grey. I'm excited to see what happens with Garrett.

Love the Dragon Guard series. On to number 24!

Shanny says

I really enjoy this series! The books in this series are quick, light reads with sweet romances. This can be read as a standalone, but some storylines and characters are from previous books, so I'd recommend read the previous books, but it's not totally necessary. I actually loved everything about this story, but what the story

didn't have is why I ended up going with a 4 star. I felt the story was missing scenes that would've added to the meat of this story. Everything felt too easy; there wasn't really any conflict, and so the story didn't feel quite complete. I would've loved more suspense scenes, and to see the characters growing more together. I loved the setting of the Florida wetlands, and I loved both Grey and Star. They are both strong characters, and the romance between the two is wonderful. I love any type of shifter romance, and I enjoyed that Grey is a dragon and Star is a wolf shifter, so there were scenes with both groups, and I love how the dragons band together to help each other out. So, in the end, I just would've like a bit more content to the story, but I really enjoyed the whole book. I'll definitely continue to read more books by Julia Mills!

REVIEW

Grey may have finally met his match in his mate.

Grey knew she was his when he was down in Florida, but he didn't push. Now all heck has broken loose down in the Florida Swamps, and he is not going to sit around while Star gets herself killed or worse.

One problem? Well, she is one heck of a spitfire, and although the other Dragon Guard try to get Grey to back off well, he puts his foot and more in his mouth.

I loved this short but sassy little tale.

Julia Mills

Patricia Kearns says

Sassy little Star

There is just something about dragons I can't resist.

Well any book that Julia Mills write I don't seem to resist.

The plots, the characters all come alive.

Great read please keep them coming ?

Betty says

This is a fast paced and fantastic read of two fated mates. Grey Acheson is a gray Dragon who is tired of waiting for his mate. He's given her time to come to terms they are fated to be together. Star Llyal is a strong

& sassy wolf who feels she doesn't deserve Grey because she feels responsible for something that happened in her past. They both have lost a lot to the demon, Thanatos, who is back to create more havoc. How will all this end - read for yourselves to find out. You won't be sorry and I highly recommend this book. If you are a Julia Mills fan, you will love it, after all, who doesn't love a brawny, handsome Dragon Guardsman!!

Diana Page says

Grey had met his destined forever mate Star, but life had gotten in their way in the form of the Demon Thanatos, and now Grey is done waiting !! He wants his Star and he wants her now !! Just one big problem Thanatos is back with a vengeance and Garrett (Grey's brother who's been missing for 80 years is in his clutches) !! Will Star give up everything to become the "bait" needed to catch Thanatos and free both Garrett and Mara (the tiny witch whose body Thanatos inhabits), or can Grey find a way to free both of them and not lose his sassy little Star ? Lots of hot sexy innuendo, some even hotter mating sex as well as getting much closer to being rid of Thanatos for good !! 5??'s for great characters, continued world building and merging the storylines effortlessly. I recommend this to any lover of paranormal romance over the age of 18 !!

Jennine McWilliams says

ROMANCING THE DRAGON

Alpha Dragons, talented witches, tragic past and dreams from destiny. This sassy she-wolf has to face the past, accept the future and figure out how to handle that hot headed insistent dragon-man before he breaks the door down! Well worth the read, this story is sure to delight all those Julia Mills fans out there!???????

Betty Finch says

Twinkle Twinkle Sassy Little Star is a fast, easy and extremely enjoyable read. Julia Mills continues to entertain us with her wonderful stories. If this is the first of the Guardsmen's series you have read, I highly recommend reading all the rest, you will love them and all the characters you will meet.

Star is a sassy wolf who has lost all to the demons of the world and has come to rely on herself for what she needs.

Grey is a grey dragon who also has lost to the same demons. The fates have declared they are to be mated but Star is fighting it.

This story has a little of everything. Some violence, co-operation between species, and some smoking love scenes. Definitely a book for 18+. Happy Reading!!

Hsu Lee says

ARC - I voluntarily offered to review this book with no obligations and my opinions are honest!
Star thought she was responsive for the demise of her pack.

That is why she thought that she did not deserve a mate.

Grey would not give up.

Then they found out the truth.

It was a demon that kill all of Star's pack, even her father.

Now they will join forces to destroy the demon.

They could not deny fates for too long.

The mating call was too strong.

I am glad that Star forgave herself + gave love a chance.

The best way to honor her father was to live her life to the fullest.

Love the ending. Very sweet read!

Elaine says

Another enjoyable book in this shifter series. Getting difficult to keep track of all the different dragon's and their mates now

Ana says

Dragon Guardsman Grey is dead set on going back to the swamps of Florida when he realized while there that the she wolf Star was his mate, doesn't matter that she keeps denying him and throwing him out of her head whenever he decides to visit it . He is also determined to find his younger brother Garrett who was abducted 80 years at the age of 13 ago by an evil demon and kept chained Goddess knows where wasting away.

Star can't deny the attraction she feels toward the hot Guardsman, or that they are true mates, but she will allow no man to take away her independence, or her mind on anything let alone a pushy dragonman. But Goddess when she sees him and finds out that he has been suffering all these years because of the same evil demon that killed her father and her pack, all bets are off. She will no longer fight the attraction or pain she feels when she sees his. Together they will defeat him and find Garrett.

A passion withheld for so long that sparks ignite between these two.

Debra Jones says

OMG!!!! Julia Mills has done it again! Another fantastic Dragon Guard story! Just like all of the others of this series that I have read, Sassy Ever After: Twinkle, Twinkle Sassy is a book that grabbed me from the very first page and kept me enthralled until I reached the very last word. Star and Grey's story makes a great read. You will lose yourself in this book quite easily.

If you enjoy dragon shifter books then this book should be one of the ones you grab to read! It is very well written and keeps you entertained from beginning to end. I know that I will be re-reading this book over and over again. And I will definitely be highly recommending it to others!

I volunteered to read this book and am now leaving an honest review of it.
