Unsuitable Samantha Towle

From **New York Times** bestselling author, Samantha Towle, comes a new sexy, romantic suspense **standalone** novel...

Daisy Smith has spent eighteen months of her life paying for a crime she didn't commit. Now out of prison, she has only one focus—to get back custody of her younger brother, Jesse, who is deep in the foster care system. Desperate to rebuild her life and show the system that she is responsible enough to care for Jesse, she takes on the only job available to her—working as a maid at the Matis Estate.

On day one of her new job, Daisy meets Kastor Matis, the only son of the owners and her new boss. An enigmatic, handsome Greek god of a man, Kas is closed off, cold, and...well, kind of a bastard.

The more time Daisy spends around Kas, she starts to see there might be more to him than just his cold, bastard ways. He may actually have a heart beating in that frozen chest of his.

But Kas has secrets, too. Secrets that he's determined to keep.

Secrets make Daisy curious.

And you know what curiosity can do...

I adore Samantha Towle's books, so naturally, I couldn't wait to read *Unsuitable*. I didn't even know what it was about, I just knew I had to read it regardless. I was so surprised by *Unsuitable* it wasn't what I expected from Towle, but I LOVED IT!

Daisy is raising her brother Jesse, doing the best she can to take care of him and herself. The struggle is real for her, but it's just the two of them now that her dad died and her addict mother abandoned them. Daisy will do anything to keep her family together and make sure Jesse has the best chance in life. All her hard work is thrown out the window when she is framed for a robbery and sent to prison.

Now at eighteen months later she has been released and is trying to piece back together her broken life. Her primary focus is getting her brother back and making sure he is okay. As someone with a sibling, I completely understood Daisy's desire to take care of him. I understood how she would do anything to fix this for him.

The first step is finding employment and that's how she meets Kas. For my friends who love the sexy, dominating, asshole antiheroes this guy is for you. He isn't easy to love. He is harsh, crass and secretive most of the time. Daisy may find him attractive, but she can barely keep up with his mood swings and spends her time trying to avoid pissing him off. So now she has to maintain employment with Kas, a guy who complicates her life for so many reasons and decide how to handle her developing feelings for him.

I didn't expect this type of read from Towle, but I legit loved it. I was hooked from the very beginning. I loved how Daisy was strong and determined, she is definitely a character to admire. While Kas may not be easy to love, you can't help but be drawn to him and I desperately wanted to know his secrets. I loved how together they truly complimented each other, but mostly put the other first.

There are moments of this story I predicted with the foreshadowing provided, but even having a slight clue I was still left breathless at times. I think this book is the perfect mix of sexy, heart, and even suspense. I absolutely recommend this read!!

"I once thought of Kas and me as totally unsuitable for one another. We were unsuitable."

UNSUITABLE took me by surprise. I was expecting something good, having read the blurb, but the book far exceeded my expectations. It was amazing.

Sometimes a book starts so well that I feel afraid something will happen and spoil it all for me and I was scared that would happen here too because everything was so good all the time. But despite my worries, it just got better and better and there was nothing to criticize about it. Every moment of my reading experience was perfect... And the ending, oh that ending...

UNSUITABLE is a romantic suspense and the suspenseful aspect of the book was very well planned and the plot twists were very good. I didn't see any of them coming. I hate it when writers use cliché plot twists (such as unplanned pregnancy etc); and here we see how plot twists should be like, this is how it is done. Bravo Ms Towle, thank you...

This is the story of an ex-con heroine, **Daisy**, who works as a maid for an as*hole of a boss, Kastor Matis, aka **Kas**, or as Daisy calls him, Kas-hole!

Normally, I do not favor the as*hole type of hero but Kas is no typical as*hole. He is cold and rude but there is more depth to him than that. He can be kind and compassionate, too. This "cold" and "hot" versions of Kas really confuse Daisy.

Kas has dark secrets that have made him the man he is now and revealing of them comes much later in the book, so you will understand why he did what he did or why he acted the way he did much later. Just be patient with him... Just know that I cried for him... cried hard.

Now, I will write a spoiler-free review because I do not want to spoil any of the plot twists for you. You have to experience them all by yourself without having a clue about them so that their impact feels good. Please avoid spoilers for this book if you come across them in other reviews. Leave them "hidden".

The book is told by Daisy's point of view except for the first chapter. The first one is told by Kas, even though it is written nowhere. But you understand it soon.

Daisy is such a lovable heroine. She is beautiful, hot and sweet.

Dark hair, amber eyes...

And it was good to be in her head because she was mostly hilarious.

"My stupid stomach is doing cartwheels at the thought of going out riding with Kas. My head is suffering with severe confusion as to why my stomach is so happy about it."

Even when she was in a terrible condition, the way she put it into words always made me laugh.

"Jesus. How stupid am I? I must have dumb bitch written all over my face. I mean, Jason saw it written there. I thought I'd cleaned it off. But, apparently not..."

"I fell for a liar before. It didn't turn out so well for me.

Fool Daisy once, stupid Daisy. Fool Daisy twice...yeah, not going to happen.

I won't be so dumb to let that happen again.

So, I'm going to find out exactly what Kas is hiding from me because I won't be anybody's fool ever again."

"Questions? Do I have questions? Of course I have fucking questions! But, right now, I'm trying not to piss my pants, and I need to restart my heart to normal function because it's decided to stop working properly."

Daisy has been really unlucky in life.

Her dad dies at a young age.

Her drug addict mother disappears, leaving Daisy alone with her little brother.

She works hard to look after her brother and herself.

She trusts the wrong guy.

This so-called boy-friend sets her up.

She finds herself in prison for a crime she didn't commit: Theft!

Whatever she says or does, she cannot make people believe that she is innocent.

So, 18 months of her life is stolen away from her.

When she is released from prison on parole before she completes her 3-year-sentence, she has to start from the very bottom and prove that she is trustworthy to be able to get the custody of her little brother Jesse.

However, Daisy also has the best luck with regards to her friend, Cece. She is amazing. She is like her family, being there for her all the time.

When her probation officer finds her a job as a maid, she feels that things are finally getting better but when she enters the Matis Estate, where she will work, she meets the owner of the house, Kastor Matis, who mesmerizes her by his hot and handsome looks. However, this hot boss of hers acts incredibly hostile towards her, warning her immediately not to steal anything...

Daisy starts to call him Kas-hole in her mind but no matter how much she hates him, she also finds him incredibly attractive. She can't help but stare at this Greek god, swooning and drooling.

Kas has dark hair and dark eyes... Stone-cold black eyes! But sometimes, there is also something else in his cold stare... something hot... something blazing...

"Kas is staring at me. The look in his eyes almost undoes me. No one has ever looked at me like he is right now. Like I'm all he can see."

Kas is a complete puzzle. One day, he acts as if he loathes Daisy, yelling at her, being very rude and cruel and one day he makes you think that he is doing everything in his power to resist his attraction to her but slowly failing.

When Daisy tells Kas how she ended up in prison, Kas believes her without asking twice. That is a total shock for her. Especially after that, they start to get closer and begin to surrender their attraction for one another...

Their push and pull was breath-taking, I forgot to breathe while reading those moments. The build-up of angst and sexual tension was off the charts.

The way they finally found a way into each other's hearts was endearing.

“I’m not alone. I’m with the cute bartender—”

“Exactly. Stay right where you are. Don’t fucking move, Daisy. And tell that bartender, if he puts a hand on you, I’ll rip it off.”

“Okay... Is it weird that I found that totally hot?”

“Kas...”

“What?” he snaps.

“What if I need the toilet? I’ll have to move—”

“I said, stay the fuck put. I’ll be there soon.”

The closer they get to each other, the more heart-warming their interaction becomes.

The more Kas reveals himself, the clearer his earlier actions become.

“I want you like you wouldn’t fucking believe. You’ve made me feel again, Daisy,” he murmurs, surprising me.

I shift back and stare at his face. His eyes are still closed.

Then, he lets out a shallow breath. “You’ve made me feel...and I fucking hate that.”

The more they felt, the less they were able to resist...

After their short-lived happiness, things start to get darker and darker. I was on the edge of my seat, my heart beating like drums, bum bum bum, wondering what other secret would be revealed and how explosive its impact would be.

There are incredibly painful scenes. I cannot tell you how sick those scenes made me. I couldn’t sleep for a while thinking about them, shivering, trying helplessly to delete them from my memory... in vain, of course.

The book doesn't have one dull moment. It is like a roller coaster ride, getting faster and more dangerous all the time.

I cannot recommend this book enough. Until the very last few pages, I didn't have an idea about how things would end or if there was a HEA. So, I was biting my lips, tapping my feet, holding my breath... doing all the nervous stuff to be able to cope with the anxiety. And when the book ended, it was worth it all.

"I just wanted something of his, some connection to him, to remind myself that he was real. Because, sometimes, it felt almost unreal. Like Kas had never actually existed. Like he'd never really been mine.

But he had. I'd had him for a brief moment in time, and then I'd had to let him go.

Kas was never meant to be mine forever, and I had to come to terms with that. And I did. Kind of.

But, as I've learned, you don't get over a man like Kastor Matis. You just learn to live without him."

Do not think that this book is one thing, it is many things all in one.

It will make you laugh.

It will make you cry.

It will make you angry, frustrated and disgusted.

It will make you feel hot and it will make you swoon.

It will make you question "the right" and "the wrong", the notion of "justice" and all.

It will force you to your limits, asking you how far you can go...

Or asking you how much you can forgive...

IT WILL BREAK YOUR HEART MANY TIMES...

THEN, IT WILL STITCH IT TOGETHER...

BUT IT WILL LEAVE SCARS, MANY SCARS...

HOWEVER, SOMETIMES THE BEAUTY IS IN THE SCARS...

5 solid stars and more...

P.S. I couldn't judge neither Kas nor Daisy for what they did when they did it; who knows what we would do in their shoes????

I really enjoyed this new book by Samantha Towle. *Unsuitable* was seductive, thrilling and totally

unexpected.

"You wreck me."

Daisy Smith has been in jail paying for a crime she didn't commit, for the last eighteen months of her life. She's lost everything after trusting the wrong people, her whole life has been destroyed after she was wrongly accused, and what hurts her the most is having lost the most important person in her life, her little brother Jesse.

She got sentenced three years, but after eighteen months she has been set free, with parole due to good behavior. Daisy is very focus on getting her brother, and her life back. She needs a suitable place to live and a job to start in the right path into getting Jesse back.

Her best friend and parole officer have set Daisy up with both a home a new job as a maid at the beautiful Matis State. On her first day in the job, she meets her boss, a man with both extreme good looks and terrible attitude. Even days after starting the job, Daisy can't escape her boss's disdain, the man is impossible.

Kastor Matis is of Greek decent, gorgeous, rich, fit and always grouchy. After a few interactions with Kas, Daisy realizes that there's more to him than what meets the eye. Her boss is quickly becoming a sweet obsession to her, and when he finally asks her out, she is more than ready to accept.

But Kas and Daisy aren't simply a man and woman who like each other, and want to date to get to know each other better. They both have complicated pasts, that have altered their lives and shaped their futures. Daisy can't afford any complications while all she's trying to do is get her brother back, and Kas doesn't know how to love or trust anyone, needless to say, their story won't be neither easy nor predictable.

This story is so much more than your typical sassy heroine, and hot alpha hero. There's a lot of angst, and nothing I say can prepare you for the thrill of this *Unsuitable* couple's story.

*****Random tangent*****

I just saw this review in my feed and saw that the "2/2.5 Stars" header wasn't bold - which drives my OCD sensibilities bonkers - and when I then looked at the title, I realized I had actually NO recollection of this book, the story line, and/or the characters...and I only finished it two days ago.

So that's how much I liked this book, I guess LOL. Whoops!

2/2.5 Stars

I'm definitely in the minority on this, but it just didn't do it for me.

The suspense didn't feel the least bit suspenseful and all the tragedy just felt flat to me. Like I said though, I think this is a case of it's me, not you.

Oh well, win some/lose some. On to the next.

► I don't really know WHY but I've always been a sucker for those stories featuring heroines who have been wronged or have been dealt a shit hand in life. And, although, the hero in this novel certainly lends a helping hand he doesn't really barge into her life as a prince on a high horse. In fact, he's a pretty major douche at the start of it all.

► The story begins with Daisy Smith, our heroine, being released from prison after serving her 18 month sentence. What sucks is that she was set up by her ex boyfriend and was locked away for a robbery she had nothing to do with.

► What sucks even more is that she lost custody of her only family - her little brother. Now Daisy has to pull her life back together and get back what she has lost.

► She starts a job at an estate run by a hot and arrogant man by the name of Kastor. He obviously joined a program to help recently released inmates find a job but instead of being a nice and understanding employer

he adapts more of a "your vacuum is too loud" and "knock before you enter to clean a room" douchebaggy attitude. Like, seriously, knock on all the doors even though you know the rooms are empty.

I really really wanted to be Batman and kick his ass at that point. Because, well, I just liked the heroine.

► But anywaaaaay... Kastor, of course, is the way he is because of some traumatic past. Secrets get revealed and some shit goes down at the end.

► So the book really gave me the feels and I had no problem finishing it.

► The writing is great and I was pretty happy with the character development. The ending has left me mildly unsatisfied and that's probably just me. I don't wanna give anything away so you should read the book and

find out for yourself! Overall, a pretty great read for me!

⇒⇒⇒ ***What a story filled with action and drama being brought to a totally new level of excitement!***

⇒⇒⇒ Samantha Towle never fails to amaze me with her writing, and she sure as heck does not disappoint with this new story of Kas and Daisy. The intensity level of drama and outstanding plot twists are absolutely incredible and such a pleasure to read.

⇒⇒⇒ Now, with the story... Daisy Smith is a pure, unique, and whole hearted human being that only looks out for the best of her younger brother, Jesse. Until that one day when she was accused of robbing from her work place at a jewelry store. It all comes crawling down to her and the lack of evidence she does not have to support her statement that she did not do the act of robbery. After eighteen months of being locked in jail, she is released to start from the bottom. She is instantly hired to take the job of a maid at a house for the Matis.

⇒⇒⇒ What Daisy did not realize is that the current owner of the estate is the one and only handsome, Kastor Matis- the son of Mr. and Mrs. Matis, whom are away for a sixth month trip to Greece. Their first interaction is filled with so much tension. Kas(-tor) does not make her guest feel welcomed and instantly becomes a beast with a jerk attitude. As Daisy would call him, "Kas-hole."

⇒⇒⇒ Their story evolves, and when finally Kas breaks his walls to let Daisy in, he does it by being careful. But Daisy, being the snoop she is, she ends up finding the inner deeper secrets Kas is keeping from her. Secrets that could break them, and ruin both their lives...

⇒⇒⇒ But when they allow each other to be together, they do not stop. Kas and Daisy are a force to NOT be wreckin' with! They are two inseparable individuals with determined minds of their own, but somehow need each other for that love and support they have long to want;

"You've made me feel again, Daisy. You've made me feel... and I fucking hate that."

What a great story that was. I loved it. A lot of angst, push and pull, mystery, and whole lotta sexiness.

I especially loved this Greek God Kastor Matis aka **Kas-hole**. And oh man, did he deserve that nickname! Definitely hero extraordinary.

And Daisy - strong and very likeable. She wasn't afraid of him and didn't take his shit, girl knew how to stand her ground and call him on it.

What started as an employer - employee relation, with Kas as a mean, rude and arrogant boss, turns into something more as our couple gets to know each other. And then around 80%, let me just tell you, I did not see that coming, so kudos to author for that.

Yeah, there was definitely "Oh Shit!" moment. And then everything started to add up, his hot and cold and generally his behaviour suddenly made sense.

Anyway, well written, emotional and angsty, with great characters and mystery in the background. There's some nice, hot sex too. And their first kiss, OMG that first kiss... le sigh.

I recommend!

Unsuitable surprised me in the best way possible. Such an enjoyable, different read that gave me so many aspects that I simply did not expect. It's a Contemporary, Sexy and Suspenseful Romance about love, loss and so much more.

After spending time in prison for a crime she had nothing to do with, newly released Daisy Smith is keen to get her life back on track and, most importantly, she wants to gain custody of her younger brother. To achieve her goal, she begins working as a maid at the Matis Estate where she meets her boss and the hero of this story, Kastor Matis. Both protagonists have an engaging history. Daisy's is clearly depicted from the very beginning, via her first person narrative, allowing readers to warm to her character and sympathise with her predicament. Enigmatic Kas and all his secrets are unveiled to the reader at a slower pace as the story layers are peeled away showing his complexities and motivation comprehensively. His past made my heart ache for all that he has endured and totally engaged my attention. I don't wish to impart any more story details than I have already as the pieces of UNSUITABLE need to be put together by the reader as they come to light so the reader can experience the full impact of this story.

By half way through I was convinced UNSUITABLE was going to be a 4 star read for my tastes, it's a little wordy in places and I felt a small amount of repetition in words and sentences, things that generally can pull me out of my story bubble but at around 55% all of my picky thoughts faded into insignificance because the story brilliantly picked up pace and characterisation. I was gripped to the action and I felt for the protagonists, I found it exciting and the suspenseful element had me thinking. And of course, I fell for the sexy broken hero. **This slow burn contemporary ROMANCE picked up pace at exactly the right moment and gave me a story arc I truly appreciated with development, intrigue, romance and the unexpected. I totally rooted for this couple as I raced to the finish line of this story and thoroughly recommend to readers who enjoy novels of this ilk.**

I enjoyed this story more than I expected! It was a little bit different from the other books I read from Samantha Towle. There was a twist that I didn't see it was coming and that worked a lot for me!!!

Both characters were complex and they had their own demons to deal. But I loved them both!! Daisy was a fantastic heroine!! I loved the fact that she was sassy and strong! Kas was something else!!! He was an arse at the beginning but also smart, hot and cocky!!

Like I said this is a different story yet so compelling!!! I would like to see more books like this by Samantha Towle!

4 Kas-hole Stars!

Unsuitable is a new standalone from Samantha Towle. I've been a fan of hers for the longest, and let me tell you- this is like nothing she's ever written before! It's much more of a romantic suspense than anything. I loved Daisy, Kas, and their story!

I'm poor and a criminal; therefore, I'm beneath him. I'm beneath everyone. I'm branded for life. I was always poor. Now, I have the criminal tag to go with it. Well, aren't I a perfect catch?

Daisy has spent the last eighteen months in prison. For a crime she did not commit. She was set up by someone she trusted. And the worst part of all? Her younger brother, who she loves more than anything, has been stuck in the foster care system until she can prove that she is fit to get him back. She has a long road ahead of her, but that's all she cares about. All she's focused on. Getting Jesse back.

The job pool is limited for Daisy, being an ex-convict and all, but thankfully, her probation officer finds her a job as a maid at the Matis Estate. Her first day there, she meets her boss. Kastor Matis. Aka Kas. Aka 'Kas-hole'. His demeanor is not friendly. He's as surly as he is handsome. She can't help but be attracted to him, but man... this guy is a jerk. Now, of course, the more time Daisy is with him, the more she sees him. The real him. He has a different side than just the jerk she first met. He is very hot and cold with Daisy. He has secrets he's keeping from her. He knows he should stay away, but Daisy is irresistible to him. I loved watching their push and pull.

"You've made me feel again, Daisy," he murmurs, surprising me. I shift back and stare at his face. His eyes are still closed. Then, he lets out a shallow breath. "You've made me feel...and I fucking hate that."

Daisy and Kas had this spark between them right from the start. You could feel it between them. And sometimes, that love-hate feeling really works. I didn't like Kas at first, but I knew there was so much more to him than we first saw. I was right. His character is so complex. There is so much there. There is a connection I never saw. By the end of the book, I adored Kas. I understood him. Daisy is a heroine I think everyone will love from the start. She's strong, determined, and even though she's been dealt such a crappy hand, she's doing the best she can. I loved her relationship with her brother and her bestie was fantastic as well.

Unsuitable is one of those reads that will captivate and engage you from the start. It's smart, sexy and different than your normal romance. I loved that there were plenty of things that happened I didn't see coming. Both characters were fantastic and I was impressed with how well Towle wrote the suspenseful/mysterious aspect of the story. I enjoyed this one lots! It was a great read for me. I give it 4 stars and recommend it to anyone who loves a strong heroine, jerky hero, and romantic suspense!

Well, this was quite different...

I liked it, even though at parts i wasn't instantly swept away, but it merely gradually entered my soul *sigh*

About the story...

Daisy May Smith had a rough life, parentless, taking care of her little brother **Jesse** from when she was 16 years old, but she made it somehow – working beside schooling, making Jesse her no.1 priority. But then she made a mistake, of falling for a wrong guy, of falling into a trap of misconception and devious ploy of crime, and all of a sudden her life is taken away from her, she lost everything, she lost Jesse when she was set up for a crime of theft which ended her in prison.

18 months later Daisy is out on bail. Eager to set her life back on track, to start fresh and most of all get her brother back out of a foster care. With a help from a faithful friend Cece, she turns a new leaf of her life starting with a job as a maid on a **Matis estate**. Never expecting that the fate had its own pages already written for her from the first moment she stood face to face with **Kastor/Kas Matis**.

He is a **complicated, complex young man with scars from his heart-breaking and devastating past, that are so deep he's tormented within, to the point of being empty of emotions**. Basically giving away the **shallow frame of reactions of an inconsiderate, cruel, arrogant, dismissive recluse**.

But he's also a man who will stir Daisy's nerves, inner awakings of dormant sensations and feelings, making her whiplash with his mood change, the thin line of forbidden they both walk trying to deny the chemistry between them.

We're pulling on each other, both taking what we need...fucking the hell out of each other's mouths.

But no matter the mutable and moody exchange of reactions Daisy gets from Kastor/Kas, she's sticking onto the job cause her goal is to get her brother back and she's grateful for the chance, even if Kas's not giving her any extra reason to be, as he's interfering with the lines of an employer/employee frame by default.

,,I'm the last person you should be thanking.“

And he's not immune...no matter how damaged he actually is...

,,You've made me feel ...and I fucking hate that.“

But that might not be enough, as they embark on this road of getting to know one another, cause there's a hidden pull Kastor/Kas holds for Daisy and it goes way beyond the reasoning or the notion of what she could have ever imagined.

She can't put up with his outbursts/then making amends in kind, soft, friendly manner and she slowly gives in to each of the physical tension between them until the **secrets, deeply covered beneath the pain, grief and shattered soul driven only for revenge for the shattering event of the past come to the surface and change the outcome of the game...** and those secrets might be too heavy to deal with....

but even then, Daisy is not willing to give up...

,,Be with me, for however long that is. Then, be with me again. And again. I'm here. I' not going anywhere.“

But it's not easy, or simple, or in plain sight...

I'd had him for a brief moment in time, and then I'd had to let him go.

or not...

when the roll of the events takes another hit on their lives making the hard choices even more harder - will the waiting, the sacrifice, the forgivness show them the way to another beginning?

I don't think I'll ever deserve you, Daisy. No man ever could. But I'm closer to getting there

than I was before, and I'm done being without you...And I'm back to claim what was always mine.

The storyline was gripping and suspenseful despite the slow-ish pace, it was meant to be so as a way to build up attention and mystery...and that worked fantastically. I found a bit difficult in making a connection with **Kastor**, even though his mood swings and the complex, torn personality was vividly portrayed, I didn't quite "feel" him, he was way elusive for my grasp until the very end as opposed to **Daisy**, who was a formidable character growing from every single page - from a naive, vulnerable young woman towards a strong, open hearted, warm and apprehensive woman, who fought against the shitty ordeal and stood straight through the pain, hardship, sacrifice for her loved ones, only to be torn apart by love...until she accepted it and owned it...all over again.

I liked the **atmosphere** in the book, but given the crime aspect referred in it and the resolving matter of it, didn't leave a space for me to apprehend it in a more acceptable way. But that's just me, and even with this said, I'd still **recommend this story as an enjoyable experience**.

Fuck, baby," he groans before taking my mouth again. He kisses me with more intensity, bordering on crazy. And I match him stroke for stroke. We're pulling on each other, both taking what we need.

What. The. Heck. Was. That!!!!

I had NO idea Samantha Towle had something like this in her. This book was...something else entirely. It was nothing that I expected and everything I wanted. (See what I did there?) You know that moment when you start reading a book and you're hooked from just the first few pages? So you know, you just *know* you got something different and exciting on your hands. Something that will not only hook you but will keep you riveted to the pages until the end? Yeah. Unsuitable was that book for me. I was hooked, riveted, and enthralled.

Kas was simply one of the most complex and magnetic heroes I've read in a long damn while. He was hypnotizing in his intensity. And let me tell you, he was INTENSE.

This is so much more than just a romance with an alphahole hero and a heroine that's down in the dumps and crawling her way back. It was multi-layered, cleverly and deeply developed, and with a sexual tension so intense that it practically crackles the pages with it.

Daisy is a heroine that's impossible not to like. This is a woman that has been in hell; wrongly imprisoned, betrayed by those she trusted, she's lost everything and now has to rebuild everything having had almost nothing to start with. Yet she's got sass to her, she's funny and endearing and while she may be jaded in some things, she's not eternally pessimistic. She wants to experience the good even while not believing it will happen for her.

The chemistry between her and Kas is instant. And let me tell you, you'll want to hate Kas. This is a man that's a downright a-hole to Daisy. Blatantly so. But there's always something that's so clearly brewing beneath the surface with him that you just know that there has to be a good reason for his behavior and it isn't just that he's an ass.

The complexity of this story blew me away. The complexity of these characters blew me away. Sure there was some cheese in some parts, and while I could have done without it in parts, it worked for me, too. It's no secret that I love a good alphahole, and Kas was definitely that. But he was so SO much more too.

What I feel for you is debilitating and terrifying and exhilarating...and the best thing to ever happen to me. You are the best thing to ever happen to me. And, if you only ever believe one thing I've told you, then believe this; if I could love someone, then it would be you, Daisy. A million times over, it would be you."

It was a gripping romance, a story of second chances and redemption and healing. It was a fluid combination of light and dark, filled with plenty of depth. Samantha Towle seriously hit it out of the park with *Unsuitable*.

Samantha Towle has gone out of her comfort zone with **UNSUITABLE** and I think she absolutely **NAILED IT!!!!** I've read a lot of her books and I can tell you this is nothing like her previous works. I had heard that she struggled with writing this book and all I can say is that she shouldn't have worried whatsoever. The story held me captive from beginning to end! I looked at the length of the book and thought that it would take me days to finish but actually if I didn't go on a mini vacation, I would have finished this in one day. The book is just that good!!!! Kudos to Ms. Towle!!!!

Daisy Smith has just been released on parole, after having served eighteen months of her three-year prison sentence. Her ex-boyfriend and his brother framed her for a crime she didn't commit. Imprisonment has cost her custody over her younger brother, Jesse and now her main focus is to get her life on track and to have her brother back under her guardianship. She is assigned a job as a maid for a wealthy businessman by her parole officer.

Kastor Matis is an extremely wealthy and successful businessman. These two do not get off to a great start, mostly because of Kastor's belligerent attitude towards Daisy. Even though her new employer is a bit of a bully, Daisy can't deny that the man is incredibly handsome and does things to her lady bits! Kas seems to be affected by Daisy as well, but he plays hot and cold with her so many times that it sets her mind into a tailspin.

When it seems that they are both finally on the same page as far as their feelings for each other go, outside influences and lies could end up tearing this couple apart. Daisy has been burnt by her last relationship and she's not willing to let her feelings for any man get in the way of her plans to be reunited with her little brother.

The chemistry between this couple is seriously **off the charts HOT!!** And when you find out some things about Kas they will only make you fall harder for him!! I was a little bothered by the ending but overall this was one outstanding read!!! You will not be able to put this one down once you dive into it!!
