Bookwatcher says

ok, I'm losing my patience
just saw the book 1 and 2 was re-released and... yes, this one no, and the story is just dead (the book 4 ended with a cliffhanger)
so... WTF? Second edition to first books of this series, while the series after book #4 was abandoned?

Carlijn says

After going through the first 4 books in only 2 days (ahem) I can't wait to read this next installment. It is rare that I find a M/M (and some more M's) series that captures me like this, and I truly hope that there is still a long way to go 'till the end.

I'll be anxiously awaiting any news about this book!

Caroline Brand says

Love this series. Just reading it for the second time. Anyone know when book 5 is due out?

Julia says

If you like gay vampires this series is for you. Very well written and very erotic. The models on the cover of these books fit perfectly to the characters. And what a cast of characters.

Lucien, a vampire, seduces Peter. The first time they have sex, Peter lets Lucien bite him and their life together begins.

It has vampires, werewolves, demons, vampire hunters.

I really love vampire stories because there is always eroticism associated with them. I really would love to see a movie or series made out of this, but with all the adult scenes too. ;)

I am looking forward to the next book in the series.

Jocasta says

I am looking forward to book #5 in that amazing series :)
