Asher Effy Vaughn

The Sutton Boys - those three words bring a smile to the faces of females of all ages in the small town of Malroy, Alabama. Five brothers who help their momma run their farm during the work week, while seeing how many women they can sweet talk out of their panties on the weekends.

Each brother has a story and just like with all families and small towns, their stories twist together into a tangled mess that changes each of their lives forever. Because for each brother there will come a moment when he has to make a decision to keep playing or finally become a man.

One will be given a gift that every man longs for.

One will be broken.

One will be lost.

One will find out what it means to be owned.

One will make the ultimate sacrifice.

South of The Mason Dixon, the boys get naughtier, the nights get hotter and the southern charm is down right addictive.

Lucia Franco says

JESUS. LORD.

I came across this book by chance and have been waiting for it to be released ever since. Country themed... A band of hot brothers... The South. YES PLEASE! The moment it went live, I bought it and read it in a matter of two hours. To say I enjoyed this book a lot is an understatement! I was hooked from the first few pages and fell for each of the brothers. Each one brings something different to the table and it makes them difficult not to like. Go ahead and try to dismiss their southern charm. You won't be able to! But my favorite character? The mother. She is a riot and I love her! She doesn't put up with shit, but best of all her boys respect her. She is awesome.

This is a serial series, meaning the books are fairly short but will be released one after another. Think novella size, but doesn't read like a novella (which is a good thing). Never have read anything like this before, I quickly became intrigued and couldn't put it down. I absolutely loved southern dialect! It rang true and kept the story authentic. I had assumed each book would be about a different brother, but it's not. We follow the lives of each one through a different point of view for each chapter. But don't let that scare you a way! All the point of views work perfectly for this story and very easy to follow. I was pleasantly surprised considering the length of the book. Trust me! However, I will say one thing...

YOU. WILL. WANT. MORE.

I am dying for the next one to come out now! I have no idea which path these boys will take, but I do know one thing for sure- I can't wait to go with them!

TG KMT | QUESTL♥VE says

uhhhmmmm... WHAT?!

Why did it end like that?!

Seriously pissed off.

How could Asher.. *just do that?! so freakin easily!*

Totally confused right now.

Damn.

Alba M. says

QUE PUTA MIERDA ES ESTO
QUE PUTA MIERDA ES ESTO
QUE PUTA MIERDA ES ESTOOOOOOOOO!!!!?????????

Ósea yo CUANDO COGI ESTE LIBRO me fijé bien en la sinopsis y las sinopsis de los siguientes y vi VIIIIII perfectamente que CADA LIBRO es de un personaje distinto. Ahora bien... PORQUE MIERDA TERMINE ESTE LIBRO CON LA MISMA PUTA MIERDA CON LA QUE EMPECÉ?????????
Es decir, estoy como si no hubiese leído nada. De hecho, si ese es el puto final QUE ALGUIEN ME DEVUELVA MI TIEMPO Y MI VIDA QUE LE HE PERDIDO!!!!!! Que cabreo tengo.... esto ha sido una estafa en toda regla. Encima de corto, mierdoso, que esto no es ni final ni es nada. ESTO ES JODER A MÁS NO PODER. Nos das un puto final que es el principio del siguiente. Venga no me jodas

NI SE OS OCURRA JAMÁS LEEROS ESTE LIBRO.

Shannon says

Update 6/3/14- I guess this was Abbi Glines alternative pen name, and she'll release the episodes for free (which is good because they were never released and we were left hanging)...
<http://www.abbiglines.com/2014/06/eff...>

3.5-4 stars. This was definitely a clever way to write a story. The Author will be releasing new episodes every three weeks on a Friday, which is a cool concept. It's like tuning in to your favorite TV show.... I was concerned at first about paying \$.99 every two weeks in order to complete the story, but was assured that the overall cost will be within the going e-book rates.

Told in multiple POV's, it's a story about the Sutton brothers, who are the stereotypical corn fed country boys. Asher, who is the eldest of the boys, comes home unannounced to take care of some family concerns. Once he's home, he finds out that he's been out of the loop and discovers that another family member has to endure something that he tried his damndest to protect his family from. There is already betrayal in the mix, love that is forbidden, and the unfortunate expectation of future heartbreak. Since this is episode 1, the story leaves you hanging in all measures. Which is why I cannot wait until the 21st! Who knows, this may be a clever, refreshing way to read books – I'm hooked. It kind of reminds me of Fiction Press or fanfic stories that I read, but I'm not held to the mercy of when the author has finished another chapter to the story, this Author has set dates.

Fun read!

Autom says

Holy Crap this book was good!!! Starting Bray now and will write a "real review" later!!

Can understand why Abbi would want a pen name, but damn. I'll read anything she wants to write!!!!

And this was after I finished Bray. ;)

What, that's how it ends!?!?!?! I need more now!!

This is what Abbi does. She is the queen of drama with insane backstories. I think this series is the best so far and I am a big fan of her other series!

These Sutton boys are holy crap h-a-w-t! I want one!! Can't wait for more of this series.

If you are a late bloomer to this like me here's what you need to know...

Abbi Glines decided to write under a pen name so she could write something for her. She started writing Asher and dang if she didn't stir up a hornet's nest! You can meet the Boys South of Mason Dixon here: <http://www.abbiglines.com/2014/06/eff...>

This is the second installment called Bray and man if I don't need more right now!
<http://www.abbiglines.com/?s=bray>

Anne OK says

WARNING: This is the first episode in a new serial. New episodes are to be released every other Friday. Each one will be about 100 pages in length and will be an ongoing saga -- so expect cliffhangers at the end of each new story.

Down south along the Mason Dixon Line lived five brothers -- five really gorgeous and bad boys. Only thing keeping them in line was one strong-willed momma who ruled the roost. There's a wide range of diversity in the personalities of the brothers that keeps things jumping. One thing stands strong: they love one another without question and are momma's boys.

There's plenty of good old soap opera drama and lots and lots of hot, sizzling romance.

Well-written and without a bunch of editing problems. The story stays true to southern roots and is a mixture of emotional angst and fun-to-read as well. The plot is nothing new and one that you've probably read more than once -- but it still comes across refreshingly well done.

♥ Tila Grey Maddox ♥ says

Gawd do I HATE serial books. I didn't like how this book turned out. I mean seriously if you're gonna tell their story write a freaking full story instead of writing a small amount of their story with so much build up to it & then just leaving us hanging in the end & waiting for freaking long for the next book. I'm not a big fan of serial books & this book really did annoy the fuck out of me...

I'm still thinking if I should keep reading these series or just give up because the story line is pissing me the fuck off!!

Natasha is a Book Junkie says

OMG... I need Valium... and then some ice... In that order! What the heck did I just read?!?!

Lucinda - I JUST LOVE TO READ says

And now we know who Effy Vaughn is: hahaha!!! (and I have really been wondering ;))

<http://www.abbiglines.com/2014/06/eff...>

First book is on her website.

Sobia says

Please forgive the all caps (they won't last long,I swears)

JUST SO YOU DON'T MISS IT, GR HAS LABELED THIS WRONG, THIS IS NOT JUST #1, IT'S EPISODE ONE (it says so on the book cover) YES, THAT MEANS IT'S A FUCKING SERIAL!

Before taking my review to heart, Keep in mind, if you can't tell already, that I despise serials....they're IMO a sneaky way of tricking readers into spending more money,when I buy your book I want a whole damn story, not a little bit, then get a cliffhanger, just so I have to buy the next book. And the next one, and the next one.....that's rings too much of calling a phone sex line or a psychic hotline....you get to a certain point, but oh no! If you want more, you gotta pay up! (no offense to anyone who uses either, if they're your thing, enjoy:))

I don't call phone sex operators, I don't call psychics, and I sure as hell don't buy stories that aren't even fucking finished.

If I had registered the episode one bit I'd have avoided this like the mother fucking plague....

So having said that....

There's way too much melodrama in this, and there's little to no buildup, we're just tossed into the deep end, with little to no preparation. Also, there's a trope I freaking hate (view spoiler).

Also there's way too many characters, and too many pov's, the only sex scene was thrown in at the end, between characters that are the focus of the next book(and iirc, was supposed to come off as kinky/ bdsm-y, but for me anyway, fell short of the mark), and there's no resolution to any damn thing. (Which is why I stay the hell away from fucking serials! Grrr!) and the southern stereotype was a little over the top.

So yeah, now that I know it's a serial I won't be reading any more. Maybe if I'd have been pulled in more, maybe if I'd actually liked any of the characters, I'd give the next one a go, (but probably not, I really hate serials, dammit!) but this wasn't for me. To be fair, the writing itself, minus the typos, wasn't all bad. Had this been a full story, I wouldn't have hated it. Also if you're a fan of serials, you may like this, like i said, it just not my cuppa.

Taryn says

WOW! Another serial series that caught me by complete surprise! What's going on lately? I'm not a serial reader and stay as far away as I can from them, but I loved every minute of this story.

I can't wait until the next episode is released. Hopefully not much longer. I want it now!!

On a side note: I read this the day it published in March, before Abbi Glines announced she writes under Effy Vaughn. To be honest, I'm not a big fan of Abbi's writing. I can't connect to her books or characters no matter how hard I try, but writing as Effy was totally different experience for me and prefer it much better.

Drama filled short story about a bunch of awesome brothers

Genre: New Adult Romance.

Cover: 4/10

Writing: 8/10

Heroine: 5/10

Hero: 8/10

Hotness: 3/10

Romance: 6/10

Ending: 8/10

Extra book Details: Mostly dual POV. Approx 80 pages.

Set in a small town, where everyone knows everything. 'Boys South of the Mason Dixon' is a series of short books featuring the loves and lives of the Sutton brothers...

Asher – the eldest, the protective brother

Bray – the moody, angry, dark horse

Brent – Bray's twin, his total opposite

Steel – all round good guy

Dallas – the youngest at 17 years and the biggest, Momma's boy

BLURB: Asher has been away at college for two years. When he left, he left Dixie his girlfriend, and she has no idea why.

They had been the 'golden couple'. Asher was a Football star and loved by the girls of the town. Now he's back, his momma is ill and... Dixie's been dating Steel for 9 months.

Asher has been suffering all these years, he's never truly stopped loving Dixie, he had to leave, he had to protect a secret, but he never thought Dixie would fall for his brother.

Well it just goes to show how much can be done with 80 pages.

For such a short read I was sucked right in, dying to know the secret, eager to learn more about these intriguing young men.

Though I really enjoyed it, there were a few things that made it less than perfect for me. I was a little confused whether Asher been away 2 or 3 years, at different times he was gone 2, other times 3. I didn't understand what made Dixie loveable, she is what what I like to call a 'blank canvas heroine'; acts as a normal woman would, but no defining personality.

Like I said, I loved the brothers (my fave is Dallas at the moment), but I also really liked Dixie's Dad, Dixie's best friend Scarlet and the Sutton boys' mother. Though they weren't in it for long, they came across as good characters quickly.

Was I happy with the end? Not totally. I hope that by the end of the series there will be more of a HEA for the main characters than that was given in this book.

Loved the sneak peek of the next book, which features another love triangle with Scarlet, Dixie's wild best friend, looks like the series will get hot too!

Fanny says

Asher es el primer libro de la serie Boys South Of The Mason Dixon de la autora Effy Vaughn, seudonimo que utiliza la conocida Abbi Glines.

La saga estara compuesta por cinco libros, cada uno narrara la historia de los cinco hermanos Sutton.

Las historias de Abbi Glines no son las mas profundas ni las mas novedosas y originles, pero cumplen su funcion de entretener, Asher no es diferente de sus otros libros, no son los mejores que he leido pero tampoco son horribles e imposibles de leer.

Es una historia que tiene un ritmo fluido, se le muy rapido y no tiene grandes dramas, pero esta llena de cliches como Abbi acostumbra a poner en sus historias.

2 Estrellas!

Autumn Review says

Love it! I can't wait to read more of this delicious serial!
