Blackmailed Into Bed Heidi Betts

Businessman Chase Ramsey's audacious terms should have offended her, but Elena Sanchez had no choice. To save her family's business, she'd have to become Chase's mistress.

Chase had waited years to avenge what Elena had done to him. Now she'd have to play by his rules. But the ebony-haired beauty soon had him craving her like a starving man. Had his indecent proposal backfired?

Prami{reader and dreamer} says

I wanted to read something light and romantic for Valentine's and picked this one. Now so great but good romance.

Cláudia says

Hot damn.

However, mending a failed "business arrangement", in an attempt for it to finally blossom into a real relationship, with a marriage proposal, does **nothing** for me. Au contraire. Call me weird.

AvidReader says

A steamy,medium angst,interesting read with likable characters. It was quite refreshing to watch friendship in their relationship eventhough what they agreed on was mistress/business deal. Main characters & secondary characters were lovable and epilogue was very good.

Recommended.

It was ok. I didn't care much for Chase I did like Elena.

Kay says

4 Stars! ~ As a teenager Elena had been a rich, spoiled brat eager to please her equally spoiled friends. Egged on by her friends, she humiliated Chase at her parent's Christmas party, earning his hatred. Now nearly twenty years later, Elena needs Chase to hold off taking over her father's struggling business. Chase agrees under one condition; Elena must become his mistress for as long as it takes her father to pull his company back up. Entering into their affair, both discover that not only do they have a combustible chemistry, they feel right together. Over coming the past is a big stumbling block for Chase, until he almost loses Elena through his own arrogant behaviour.

You'll need a fan for this one! The heat written on the pages will scorch your fingers. It took Chase a while to figure things out, but he comes around beautifully. :)

Roub says

absolutely loved it !! der was nthng new abt the plot but it was beautifully written n the sex was awesome n the best part of the book actually. no intense emotions involved here, no melodrama nor big pain. a very light read n very good one at dat

Paige says

Revenge is a beautiful thing, especially to Chase Ramsey. What started off as a normal working day only got better when Elena Sanchez walks into his office to plead with him to give her father more time to come up with enough money to save the family business before he finalizes the plans to take the company over.

Two decades ago, Elena's family was rolling in money, which made her act like a stuck up snob. Or that's what he found out about her after she publicly humiliated him at a party. Now he always remember the night he wasn't good enough for her to even talk to and vowed he would show her and her family.

Now, suddenly she's back in his life begging him to not take over her father's company and he can't fathom why after what she did to him that he still finds her attractive. Deciding to allow the attraction to take it's course he offers her to be his mistress an in exchange he will pause the company overtake for as long as she is his mistress.

Soon however, he starts to realize that she may be getting the last laugh. He can no longer see the spoiled, rich, selfish girl that humiliated him. The thing is, he's not ready to admit his feelings and ends up messing everything up at a business dinner. Now the question is how is he going to get her back?

Kelly says

It's like the plot is made of toothpicks and held together with sex scenes and tropes. I liked it.

Pat Cromwell says

This is the 2nd book I read by this author. Whenever I see her name on a Harlequin I now buy them. She writes her characters with an added umph! She takes the standard Silhouette Desire themes and adds a little zest.
