## **Bloody Point Linda J. White**

Looking for some peace in her life, FBI Special Agent Cassidy McKenna leaves the Bureau, retreats to a sailboat on the Chesapeake Bay, and struggles with the recent death of her husband and her shaken faith in God. When her former partner, Jake, is assaulted and nearly killed and then her marina is torched, Cass knows she must find out why. She believes the crimes are connected and unofficially investigates, not knowing that she is both the hunter and the hunted. She must connect the evidence, help Jake deal with his brain injury, and find the perpetrator before she becomes the next victim.

## **From Reader Review Bloody Point for online ebook**

### **Darlene says**

Very good book. I didn't want to put it down. I did guess early on who the culprit was, but that is okay. I almost always guess. Good story line, great characters. I enjoyed Bloody Point!

### **Joanna Harrell says**

#### **Awesome read!**

I have now read all of Linda White's books and I can't wait to Battered Justice! I will be up all night reading it, I just know it!

---

### **Erin says**

While not the most gripping, it was a really entertaining read. The book was obviously well researched and the setting of a busy bay was filled with wonderful imagery and really allows the reader to see the scenes as they unfold.

---

### **Sharon King says**

I really like this author. Her stories are mystery/suspense with a Christian twist. The parts based on faith are not deep, but get you thinking. This was a very good story and I really didn't figure it out until almost the end which is great! Just learned there will be a sequel to this book - Battered Justice! Will definitely read it as well!

---

### **Julie Holdsworth says**

#### **Well done!**

It is obvious when someone writes with authority about subjects they both know and love. I have never read any other book when the author was so real about Christianity, God and salvation AND an authority on the FBI, sailing, boating, a specific geographical location AND can still write a thriller that you can't put down. I'm going to read another one of her books as soon as I finish this review.

---

### **Stefanie says**

This one took me awhile to read, but only because I was reading it on my Kindle, which I only read when I'm at work.

Anyway, I thought this story was really good and enjoyed the read. The suspense was great and I found myself constantly trying to solve the mystery and getting thrown off the trail with a nice added twist here and there. Only one unsolved mystery... the author never said who the man in the floppy hat was!

Cassie was a really relatable character and I found myself really enjoying her personality. Definitely glad I picked this book up for my Kindle!

---

### **Linda Goff says**

#### **Great!!**

Another exciting book! I have read a couple of other books by this author and I would read them again and again.....each character is so real and events are believable! I am so glad there is a sequel to this one!!

---

### **Cindy says**

Amended review 01/04/15 Christian mystery doesn't "beat you to death with the Bible," good plot & characters (lead female seemed unskilled for an experienced agent - grief?). No gore, graphics or language. Keeps interest up. Will read author again. Recommended. ©2005 (published by RiverOak, which optimized this extremely well for Kindle. Thx to Larry at LCWBooks@verizon.net)

---

### **Cindy says**

Christian mystery doesn't "beat you to death with the Bible," good plot & characters (lead female seemed unskilled for an experienced agent to me). No gore, graphics or language. Keeps interest up. Will read author again. Standalone, #1 in series. No Audiobook available at this time. For my blind friends, TTS-enabled eBook will have to do. Recommended. ©2005 (published by RiverOak, which optimized this extremely well for Kindle. Thx to Larry at LCWBooks@verizon.net)

### **Glenn says**

Surprisingly this was a good book. Had a good plot line, enough to keep you guessing who the killer was etc. Really enjoyed reading this one...

---

### **Kenneth Kotmel says**

#### **Intrigue**

This was a true page turner. A fast moving story that just draws the reader in to be a part of it.

---

### **JoAnn says**

#### **Great Suspense**

Another great FBI suspense book by Linda White. I was pulled immediately in to the tense plot. Could not put this book down. I highly recommend this book.

---

### **Patricia says**

This is kind of a mixed review of Bloody Point. On the one hand, this book was just too wordy--lots of extraneous descriptions of places and events and extra long gospel discussions, beyond what was needed for local flavor, faith-promoting discussions, or framing the story. So I scan-read a lot, which is ordinarily an automatic two stars. On the other hand, and aside from the wordiness, I liked the story and would read another book by the author so that is why I rate this 3 stars.

OK, note to self: this appears to be book one in a series that is not noted on Goodreads. I do like Jake and Cassie and that is probably why I would be open to reading more by this author. So I glad to know there is more to their story, even if I will scan-read.

---

### **Mae says**

It's a little bit predictable but still a good drama mystery. Had me turning pages to make sure that I got to the end and saw that I was correct on who the villain was.
