This is my first read by author, Suzanne Steele and I was not disappointed. This short story is face paced and filled with intrigue. Lovers of psychological drama, suspense and the unexpected will not be disappointed. The clock is ticking and you will not want to miss out on the action!

I was given a copy of this book for an honest review.

### **Ultra Violet says**

The short story "Tick Tock" is another intense and interesting piece from Suzanne Steele. I read her book TWISTED BOSS, enjoyed it, and decided to try this one next. Just like that book, "Tick Tock" is written in a brisk style that doesn't drop the reader's interest for a second. Fans of dark psychological fiction won't be disappointed!

This is a four part story & yes you must read them all & in order. Suzanne Steele has done it again with yet another hot, sexy, possessive Alpha male. Miller is totally yummy & he also happens to be a Hitman. He has two rules; never the woman twice & no killing women. When he is contracted to kill a woman who her ex

husband claims is a baby killer he wants more information. Laura's ex was hoping to get rid of her so he could collect her life insurance & pay off his gambling debt. Miller started watching Laura who was an agoraphobic & knew that her ex had to be lying. There was no way this beautiful, scared woman could kill her baby. After inserting himself in her life the two become extremely close & Laura is transformed into Stormy his new partner in crime.
