## **Cinderella Story** Elizabeth August

A desperate mother fights to save her family....  
A child's life hangs in the balance...  
A powerful man offers a surprising solution....

They shared one moonlit dance before she disappeared into the night, leaving Alex Bennett with no clue to the mystery woman's identity. But this influential oilman never backed away from a challenge.

Life was hardly a fairy tale for Nina Lindstrom. Out of work and with an ailing child, the struggling single mom was running low on hope. Then Alex found her and proposed an alliance that could be the answer to her prayers. Would she play his betrothed for a price?

### **sheila hamblin says**

#### **Excellent**

The story is good. Alex isn't as hard as he tries to be. He fights falling in love but Nina and her children have him.

### **Rochelle Baldwin says**

I couldn't actually finish the book I read about half and felt no real connection to characters. Their conversations seemed to go in circles with them feeling a bond, but all the same doubts kept arising. I skimmed ahead of where I read and it appeared the same for 3 more chapters so I stopped reading. I liked the plot line, but not much more than that.
