I kinda stumbled over this cleaning up and I figured why not read it before putting it away.  
Cute and funny, not to mention a trip down memory lane.

Part One:

The principal of their school is retiring, so Oliver is making a tribute video. Also, her aunt Dolly comes for a surprise visit. She's recording things for people back home. Meanwhile, Miley is bummed because she likes this boy, but it's complicated. While venting to Dolly, she eventually figures out the camera is recording everything she's saying. Oliver comes by with his camera and eventually switches his camera with Dolly's by accident.

Can honestly say I never thought I'd read a book where I'm picturing Dolly Parton as a character. I've also seen the episode this is based on, not to mention know who she is outside the show.

Just when I was going to give the author praise for not announcing Miley's secret again, there's a part of a song sung with changed lyrics, but no lyrics mentioned. I only know them because I've seen the episode. Cardinal sin.

Otherwise, it was written very well.

**Part Two:**

Miley and Lilly feel like they don't spend enough time together because of Hannah Montana. Miley suggests Lilly try out with her at school for cheerleader. Meanwhile, the sink is broken and Mr. Stewart lets his son try to fix the sink for \$50 instead of paying a plumber \$80/hr.

No writing issues in this one. I give the whole book 3 stars.
