God Ain't Blind

Mary Monroe

God Ain't Blind Mary Monroe

"Monroe is a masterful storyteller." --*Philadelphia Inquirer*

There are some things even forever friends can't fix. . .

Annette Goode Davis is a survivor. Life has often knocked her down, but she's never stayed there for long. To Annette, it's all about family and old friends like Rhoda O'Toole. And right now, Annette needs all the friends she can get. Because lately, her husband, Pee Wee, barely has the time of day for her. And she has no idea why. . .

Desperate to regain Pee Wee's affections, Annette goes on a crash diet, gets a makeover, and looks hotter than she has in a long time. Everyone notices--except Pee Wee. So when handsome Louis Baines showers her with attention, Annette finds herself having an affair and spending money on Louis like there's no tomorrow. But when she learns a terrible secret about her new lover, she realizes she's in way over her head. Soon Annette must face the fact that she may have destroyed the life she loved--and this time, not even Rhoda can help her make things right. . .

"A fast-paced, sexy, tense story that will make readers think twice before getting tangled up in an affair."
--*Booklist*

"Monroe's never better than when she's writing about Annette and Rhoda. . .who are always getting in trouble." --*Publishers Weekly*

Elise Randall says

Another good read. I had figured out Owe Wee's problem poor thing. Jade is a real character with a lot of nerve. Hopefully Annette has realized just how much her husband loves her

Brandon C says

Mary Monroe knows how to keep readers wanting more!!!!

Sharon says

Just because family and friends can't see your secrets....God ain't blind...He sees everything!!!!!!!!!!!!!!

BFFs Annette Davis and Rhoda O'Toole are back. In God Ain't Blind, Annette and Pee Wee have drifted apart, sexually. Annette loves her husband and wants to bring the fire back into their bedroom. She transform into a new woman; weight loss, beauty makeover and a new wardrobe. Everyone notices the new change in Annette, except Pee Wee. When Pee Wee begins to spend less time at home, Annette concludes he is having an affair.

Handome Louis Baines moves to Richland, Ohio to help is ailing uncle and his restaurant. After his uncle death, Louis remains in Richland and thrives to become a successful caterer. One day for lunch, Annette walks into his restaurant and he immediately shows interest in her. Feeling unwanted and unloved, Annette falls for his charms and an affair commences. Jeopardizing her marriage and career, Annette is unaware of Louis actual intentions until it is too late. Once the truth is revealed, she may not be able to save her marriage or her carrer.

Great story line, characterization....a gripping story of love, trust and communication.

Hmp mohanedi malaka says

The day I was rushed into a family room
I realized something bad had happened to you
the doctor told us there was nothing to do
now you are gone and words can't explain how much I miss you

when I went home later that day I locked myself up
and cried away. you were my hero my best friend
now I can never see you again. It came as a shock

I can't describe you were so strong and now you have died

I was daddy's little girl and now you were gone what was I
to do this felt so wrong I was all alone in the world so
cold I wanted to be in your arms for you to hold

now all I have is memories and photographs I wish that wasn't true but god needed an angel so he took one
like you.

you were the best person I ever knew and when you died I died too.

I think of you everyday and hope that you can hear me say
I love you dad for eternity even though you are no longer
with me.

I can't wait till I die and go to heaven with you for I am sure you will be waiting at the gates then we will fly
to the moon we will be together again hand and hand and once I'm up in heaven with you I will never cry
again

I can't wait to ride with you on your motorcycle through the skies for I have been waiting far to long for
another ride.

I miss you so much

Ama Major says

I enjoyed this installment in Mary's 'God' series. This one started out a little slow for me but in the end I was
fully sucked in by the drama and the twists. Without spoiling the book for anybody I will say that I was very
surprised by the turnout of the story behind what was really going on with Pee Wee, as well as Louis Barnes'
true motives. In the end I was conflicted between feeling sorry for Annette and thinking that she made her
bed and that she deserved some of what happened.

I didn't get why the Jade storyline was so dramatic. Mind you I read 'God don't play.' so I know exactly what
went on between her and Jade. I just found that it was way over played in this book. People acted like Jade
tried to kill her or something.

All in all I would recommend this book to people who are familiar with the series already. I wouldn't jump
right into this one to begin though.

:) Ama

God Ain't Blind

This is my second introduction to the work of Mary Monroe, I know I am late but that's the thing about

written work you can discover it in your own time. I have found reading fiction as a welcomed break from the heaviness of pouring over slave narratives, like those narratives I am able to see a common thread that runs through both genres.

The narrative is centered around failed communication and a misrepresentation of reality. Monroe proves the old adage to be true "misery loves company." So many lessons can be learned if we as they say in the Caribbean 'take sleep and mark death.' Monroe weaves a tale of matrimonial infidelity, dysfunctionality and exploitation into a comical and sometimes dramatic experience. Her choice of explicative words sometimes jars the reader because like a deer on a lonely road in the back bush the author comes out of nowhere with them. Watching how adultery unfolds how it becomes the gate way to transgressing so many other laws was a great take away from the story.

It was a good read for the purpose of studying the African American culture, the fall out and after effects of enslavement and to see how much art and life are paralleled.

God Ain't Blind

Cecil says

Annette is such a slut. A good book that just ends leaving you in the lurch.

J says

(FROM JACKET)Annette Goode Davis is a survivor, and while life's obstacles have often knocked her down, she's never let them keep her there for long. To Annette, life is all about family and old friends like Rhoda O'Toole. And right now, Annette needs all the friends she can get...because her marriage is in big trouble, and she has no idea why...

Lately, her husband Pee Wee barely has the time of day for Annette and she suspects he may have fallen for another woman. Desperate to regain his affections, Annette goes on a crash diet, gets a total makeover, and looks hotter than she has for a long, long time. Everyone notices-everyone except Pee Wee.

Annette is ripe for the picking when she meets Louis Baines, a handsome young caterer who showers her with attention. Soon, Annette is embroiled in a full blown affair and spending money on Louis like there's no tomorrow. But when Annette learns a terrible secret about her new lover, she realizes she's in way over her head. Her life crumbling down around her, Annette turns to the only person she knows she can trust: Rhoda.

With Rhoda by her side, Annette's determined to find a way out of this mess. But when the truth finally comes out, Annette must face the fact that she may have destroyed the life she loved-and this time, not even Rhoda can help her make things right...

Dorel says

This 4th book's story line was boring. From the way God Don't Play ended I don't understand how Annette started having an affair. I'm sorry but this book didn't connect with me & was boring.

Suzanne Paristina Johnson Kim says

~Annette is so DUMB sometimes and so is her BFF, Rhoda, but I love the series^^~

Gw says

I didn't like this book at all. I guess the older I get, my tastes have changed a lot! I wanted to read the last box of books that I have but I don't think I will be able to. When I was purchasing all of these books I was so much younger. I stopped reading on a regular basis. I hate to waste books, but some books are truly garbage so I guess I shouldn't feel bad throwing those that are in the trash.

I read the first few of this series many years ago. I remember I enjoyed the series, especially the first one. After reading this one I have to wonder if I would have read the first one recently, would I have bothered with the rest. Of course I had this bad habit of buying an entire series of books before reading one or after reading only one.

I won't do that again.

I made it to chapter 23, then I just skipped ahead to find what cancer Annette's husband had (I knew it was cancer before I even got that far) and to read about his reaction to her infidelity. The entire book was stupid. How dumb can a woman be? Annette is "flattered" by this man she doesn't know telling her, in a restaurant at that, how he wants to F her and lick her P?! That's disrespectful not flattering. She is married on top of that! She begins to spend HER money on this guy? She is married, claiming to still love her husband yet falling for this other guy? Why do women have to be portrayed so pathetically? When I thought about it I realize Annette has been pretty pathetic through the entire series. What about Jade? Why is she even in the story?! The parts thrown in about her were so pointless. It had nothing to do with the story. Monroe is struggling with Rhoda's character relevance. The series should have ended after the first one probably but definitely after the second one.

I think I have the last one "God Ain't Through Yet" I doubt I can read it. He may not be through but Monroe needs to be, through with this series. I went to her website and read about her other titles that I have come out since I purchased this book and wow all of those sound stupid. I guess I have changed. I can't imagine who would want to read any of that crap.

I went and bought 3 new books because I just can not bring myself to read anything in my box. I am not saying I never will, since I bought the books. It is going to have to be at the same time I am reading something worthwhile, or at least right after.

I bought Gone Girl, and Beloved. I pray these books will be much much better. I am guilty of buying another book that may disappoint me, but I own 2 of the series and neither were the first book. I gotta at least start with the first of any series I read.

I'll get it, read it and post on it later.

Michael says

This was a freebie, so of course I downloaded it for my Kindle. I deleted it after barely going through it - if you enjoy low-class trashy people, poor writing skills, and really want to waste your time then by all means give this book a shot. I just wish I could permanently delete it from my account, as now Amazon is using it to profile me to make recommendations of other crappy novels. Just goes to prove just about anyone can be a

published author!

Sunny says

This was one of my least favorites from Mary Monroe. I usually love her books and had not read her in a long time so I was seeking her former glory. This book was stupid for lack of a better word. I was annoyed by every character as they were one-dimensional and flat. No one had personality. It jumped all over the place. Annette's behavior was downright horrendous and I really hoped Pee Wee would have left her. Though Pee Wee was no different, at least he had a valid and very serious issue. It was still idiotic that he wasn't upfront. I wouldn't recommend this read to anyone.

Pam says

Like I said before, Mary Monroe has good intentions. I think her ability to put an engaging plot together is amazing. While reading this book, I truly did have trouble putting it down because I wanted to find out what was going to happen next.

Her problem is the characters. Her characters are about as flat and one-dimensional as a sheet of paper. In previous books, I certainly at least liked Annette more than this one. This was a completely different Annette than what I am used to. This Annette cursed like a sailor and somehow had let losing weight inflate her ego. She had learned NOTHING from her previous drama except how to hate Jade, and somehow was manipulated AGAIN and got involved in more drama. But she provided about as much depth as the book could offer in a character.

I grow tired of hearing about Rhoda and her striking good looks and long hair. Despite all that Rhoda is supposed to represent, I still don't really feel like I know her.

I really believe that Mary Monroe could be a great writer if she would put more effort into creating characters with some depth to them. Not predictable flat characters like she continues to use.

However, I could give the book three stars based on the plot alone.

African Americans on the Move Book Club says

I absolutely love Mary Monroe but it is not a secret to say that this book fell off the radar completely. Let's take a look at the series. God Don't Like Ugly, God still don't like Ugly, and God don't Play. ALL great reads and I absolutely love the thriller ride. However I am so confused by this book. Annette is back and for the first three installments she had been considered ugly and fat, and dark. Even though she found love in a childhood friend the fact was she looked a certain way. It was interesting that I felt I read a totally different character this time. No mention of her lack of looks instead it made it seem like she was a banger in the looks department. My point is the book lacked balance and a point. I am sorry to say that I pretty much guessed what was gonna happen. O many parts in the book got boring, and I wanted to put it down a few times. However, I felt Monroe's writing was different this time like she wrote differently or if it wasn't her. I felt disconnected to this book because the writing was way worse than the others and the bad language was

sometimes unneeded. The book lacked a good ending as well to me. So I am guessing there is a next part to the series. I was just disappointed with this one. It kind of messed up the series to me.
