Identity

Cleo Scornavacca

Identity Cleo Scornavacca

People aren't always who you believe them to be.

Dominick Kane and Rain Medici started their relationship with one another in the most unconventional way.

He kidnapped her.

With the kidnapping now behind them, life returns to normal, right?

Not a chance.

The push, the pull and their fights for control that we've come to love about Dominick and Rain still exist. And so does their passion.

People aren't who you think they are. Familiar faces are not so familiar. The past and the present collide, opening up all of those old wounds and struggles once again.

Now, everything you thought you knew, gets blown out of the water.

Can Dominick and Rain finally heal what's broken? Or will new discoveries push them even further apart.

Will love win out and bring them back together? Or will ghosts of the past ultimately destroy their love once and for all...

From Reader Review Identity for online ebook

Jennifer B says

I like how the story starts off. You immediately see Dominick's reaction to Rain leaving him and there is no lapse in time from the end of Miss Taken to the beginning of Identity. Rain is so strong and she finally learns to stand on her own 2 feet and stand up for herself without anyone else's help.

Questions that you were left unanswered in book 1 were answered in book 2. More questions arise in book 2 and you guessed it we have to wait for them in book 3. Cleo does a great job of holding the readers attention and keeps them interested and not just in one book but in a whole series. I have a love/hate relationship with all the characters especially Rain, Dominick and Tommy and I know that is what Cleo intends when she writes her characters but it doesn't make it any less frustrating when you want to punch them so very often. Jaw dropping secrets are revealed and more are kept and hearts get crushed. There are super sweet surprises throughout this entire book and you won't see them coming. Next is Tommy's story and Oh boy I can't wait for you to read what happens with Tommy in Identity! I love Cleo's books and will continue to read and recommend everything she puts out.

I liked this story I loved rain and Dominick's journey from the beginning there was a lot of twists I did not see coming and then some I did. not sure if I would make Dominick my book boyfriend yet he still isn't there for me just yet perhaps in the next one ? this book has a way of sucking you in makes you want to be on their journey it was loving at times heart breaking and sexy, now I didn't like one area of this book which was some of it had a little too much attention to detail on small insignificant things such as making coffee or food or sitting at tables that for me kinda puts me off reading I don't mean this in any harsh way but its the only way I know how to say it so don't fault me on it I loved the book and the storyline but if I wanted to learn how to make stuff and so on I would read a cookbook things like that in books like this for me make me not want to read it which would be a shame because the book is great besides it still looking forward to reading the next one well done Cleo the story is great the journey fantastic but the attention to detail on the small stuff just wasn't my thing, all in all a great book.

Maria Vega says

**4.5 stars from me. Just because Rain really pissed me off few times! Ugghhh girl! Grow up. Why you sometimes pain in the ass. And ohhh i more and more love dominic :D
Cant wait to book 3 to release, just hope not far away please ;)**

it released yet? Gahh been waitin on this book like fo'evahhhhhh!!!

Kathleen R. says

How much does the past hurt the future?

People aren't always who you believe them to be.

Dominick Kane and Rain Medici started their relationship with one another in the most unconventional way. He kidnapped her.

With the kidnapping now behind them, life returns to normal, right?

Not a chance. (Amazon Blurb)

Fairy tale loves can't always end happily ever after, or 'we'll get through it together, no matter what'.

Dominick and Rain are going to have to face the worst of their problems, their secrets and the demands of their basic functions together or apart. The right question to ask is whether or not they can overcome these obstacles and manage to find their way back together and fight for what they need. Once again, Cleo Scornavacca manages to deliver a raw couple: two people ripped apart from individual pains, having to fight their needs to control, to dominate and having to share these, and having to wonder if the past really has a catastrophic effect on their future together. Hours of mind turning pages, this is one that does not deceive.

Rain and Dominic were off again on again. Rain knew that she was in love with Dominic, but could she give in to his every command for the remainder of their relationship?

How could she leave and never go back to the man she loved and the man who was now going to be the father of her unborn child?

Now that Rain discovered she was pregnant, she wanted to find out the truth about everything that had happened in the past and why Dominic was not given his birthright to start with?

After meeting with her father, Rain had so many things that didn't make sense. All this time she was thinking one thing but it turned into something different.

How was this going to change things with Dominic??
Their unborn child?

On their quest to find out the truth, Rain and Dominic were unsure of what was going to come from it all.

Once one secret was out it was like opening PANDORA'S BOX.

Secret after secret, lie after lie.

Was Rain's whole life a lie?

And Dominic, how was he going to take this?

How would this affect his life?

Rain and Dominic decided that everything had to be out in the open before they could move forward with their lives.

Was this going to be possible?

Could it all be forgotten?

Can the past be left where it belongs, in the past?

This is a must read guys. We found it a better read than the first. It kept us guessing at every chapter.

A definite 4 star read.

Spunky N Sassy says

~~~~~Dee's 5 Star Review~~~~~

Ms. Cleo scored a bullseye again with this second book of the series. I was thrilled to see Rain finally stand up and find her backbone. She knows what she wants, picks her battles, chooses what to overlook, what to forgive, and decides for herself what she will or will not tolerate. This Rain is much stronger and more determined than the Indecisive, doubtful, second guessing Rain we met in Book One.

The drama and intense energy continues to flow throughout the book. Rain and Dominick worked on the secrets and pains of their pasts; two broken people finding healing in each other so they could have their "somewhere". But as some secrets become revealed, others rise to the surface bringing more questions, mystery and suspense. Their love has been through a wood chipper but the pieces manage to find their way back together again and again. While it is exhausting, it is so very entertaining and enjoyable. I was given this book in exchange for an honest review. Five Stars.

I just finished reading this book ...

i really enjoyed this story even though the characters frustrated me with thier behavior! Lol, I wanted to smack them until they smartend up

The story is full of emotional craziness, struggles, surprises and more...

I recommend this book

\* \* ARC received on behalf of obsessed by books for an honest review \* \*

>>> must read miss taken first >>>

This book was better than the first one. it's kinda hard to do review and not give nothing away.

we continue our story of Dominick and Raine. The love they have for each other is amazing and the way they came together is just unreal. Yeah you want to slap Dominick but his not perfect he may not say or do the right things but what man does, that's what I like about this book the characters are real. You can't deny the love Dominick has for Raine it is beautiful. of course they have bumps and past but I lived it.

5 out of 5

**Rebecca Rohman says**

Salacious and intriguing...

Wow. What an amazing read. I have no idea how, but Cleo Scornavacca managed to convince me that a man who kidnapped a woman falls in love with her, and she too falls in love with him. This book is filled with ups and downs, highs and lows and sometimes you will even want to knock both Dominick and Rain on the head. That said, not for one second can you ever be sure what will happen next. The very way their relationship starts is unconventional, and the way it progresses too, but you will have to read it yourself to find out all the salacious and intriguing details of what happens next. Great job Cleo Scornavacca.

**Letty (Cover to Cover Book Blog Reviewer) says**

Rain Medici and Dominick Kane continue with their whirlwind love affair. The story has a way of sucking you in and the colloquial and simple way in which the author writes makes it very interesting.

Several secrets were revealed in the first book, but that only gave way to new ones. Rain is now unsure how Dominick will react, but she knows she has to be honest with him.

Dominick continues with his possessive and irrational nature, but that is the only way he knows how to show love. Rain also has moments where she acts irrationally and that is upsetting. Rain is a fixer, always looking to make everything right. This sometimes gets her in trouble.

The love between Dominick and Rain is strong and all consuming, but at times, it also seems destructive. He loves hard and doesn't always think before acting. This definitely causes issues between them.

So much is going on in the story, so many twists and turns, so many unresolved issues...what a rollercoaster.

I was happy to see the secret of Dominick's parents was just what I thought it would be. Now, I have mixed feelings about the person out to hurt Rain. I think I know who it is and would like to be right, but at the same time, if I am, that would be devastating.

I've enjoyed reading both books in the series and am waiting to see how much gets resolved in the third book.

#### **★★★MY REVIEW★★★**

My Rating – 5 out of 5 ★★★★★

Wow! Wow! Wow! How this was such an amazing book! Just wow!

You know , I am the fan of Dominick. This guy is definitely a full Alpha. He is a very very sexy Alpha. This book enters with initial introduction to the topic. I do not know, Cleo I don't know what to say. You've created a really true story. It's a story that is realistic and brilliantly. That can be easy to read, and definitely a unique story.

I read this book so much pleasure and excitement that took me completely away. I already love the Rain and Dominick. When I was reading the book I felt the wound heart, happiness and unconditional love between them. Facts about the history, secrets, lies and secrets then again ... Love really can also do crazy things to people. (I'm keeping myself hard to avoid spoiler. Ahhh!) Also it shows that everyone could have problems, it is a book about life of ups and downs.

I was shocked, and then I'm glad. Oh, I do not know really have mixed feelings right now. Dominick uncovers the truth, and has endeavored to preserve the Rain, and I've seen Rain is starting to grow to become a stronger woman. Absolutely love it, I want to say a lot more, I do not like to give spoiler. All I can say it is certainly an excellent job! Especially on how it ended. God!

Cleo, I really want to see you in the NYT bestseller list. I want everyone to see the professionalism that you have. Folks, buy Cleo's books, and I could swear that you will definitely not regret reading.

You get plenty of inspiration, Cleo. Love you!!

### **Tina Leonard says**

I was given an ARC copy of Identity for an honest review!!

Once again I can't say enough about how much I enjoyed this book! From the beginning of book 1 to the end of book 2 I was captivated by this story & the characters! When I sit to read a book I want to feel as though I'm apart of the story & that's exactly how I felt! I could feel the happiness, heartache, the unconditional love that Rain & Dominick had for each other! Don't get me wrong they had their ups & downs. They had so many curve balls thrown at them. They were put to the test time after time.

I wasn't a fan of Dominick in the beginning after everything he put Rain through. I was sure he was gonna dig his own grave. But I have to say he redeemed himself. As I said before the love that Dominick showed toward rain was an unconditional love.. He didn't always have to right words to say & he didn't always do the right thing. It was hard for him not to be the control freak he wanted to be all the time.

Rain was my favorite character in this book! I love how she wanted to fix everybody & their relationships. She just wanted everyone to be in love like her & Dominick. Especially her Best Friend Tommy! I just loved her personality all together. She is a strong, loving & wonderful person!

As you read this story you will see that people are not always who they seem to be. Even though people look happy on the outside it's not always the case. Some people have to endure heartache & disappointments in life but in the end they find it was all worth it. Sometimes the littlest of details are what matters the most!! Loved this story!!

### **Kim Page says**

I was lucky enough to receive this book as a gift!! I love this story and it's characters...I was so invested after reading and loving Miss Taken that I already felt like I know Rain and Dominick as well as their family and friends! That being said there is a rollercoaster of feeling as I read Identity. Although there are quite a few grammatical errors and miss spellings...I didn't feel that it took away from the story itself.

As a new writer (this being Cleo's second book) I believe her story line is unique, exciting and intriguing!! Her characters are so complex...I couldn't help but fall in love with them and want everything to work out in their favor but complexities of the past (both Rain's and Dominick's) seem to keep getting in the way. Cleo is an amazing writer and I am so anxious to read the next book in the series!!

\*I do hope that the editor is more careful with the next book though.

### **Philomena Callan Cheekypee says**

This is book two in this series and what a brilliant story it is.

I've read both these books in two days. They are gripping reads with twists and turns that I loved. I may have loved this book even more than book one as secrets and lies were told.

This author has captivated me with the story of Dominic and Rain. I'm looking forward to book three.

\*ARR (Advance Reader Review) - copy provided as a gift in exchange for an honest review...

3.5

Another catchy read from Cleo. This is book #2 in the series and continues off where book #1 ends.
