## Just For The Summer Danielle Jamie

Chase Kenzington loves two things: fast cars and women. At twenty-two, he has the entire world at his feet. With his father being Hank Kenzington, who is one of the best drivers in the Sprint Cup Series and his grandfather, Arnold Kenzington, a legend in Nascar, he's used to getting whatever he wants when he wants it.

When he and his friends decide to spend the summer at his father's beach house in Myrtle Beach, he expects to spend it throwing parties on the beach and finding hot girls to hook up with. The last thing on his mind is finding a girl who'll make him re-think everything.

Ashlynn Myers, along with a few sorority sisters, is heading to Myrtle Beach for four weeks of fun in the sun. The last thing she expects is to meet a guy while on vacation who will make her fall fast and hard before she even knows what hit her. When she meets Chase the chemistry between them is undeniable. The thing about summer and summer romances is that they both come with expiration dates. After summer ends you have to part ways and go back to your everyday lives.

What do you do when you think you've found your soulmate but you're separated by hundreds of miles? Will Ashlynn and Chase be able to walk away from their summer fling and never look back, pretending that what they had for one month over the summer was nothing more than a hot summer hook-up?

## **From Reader Review Just For The Summer for online ebook**

### **Danielle Schmidt says**

I totally fell in love with this novella!!! It starts of with a hot young race car driver Chase Kensington who goes to Myrtle Beach with his friends for the summer to party, have fun and meet as many girls ( to put it nicely) as possible... but what happens when you meet that one girl who rocks your world to the point that you are so unsure and want things that you never thought you did??

Ashlynn Myers heads to Myrtle Beach with her sorority sisters for a summer of fun in the sun and what happens when they get to their beach house and find the house full of hot guys next door?? Ashlynn never expected to fall in love at the beach but when she meets the sexy race car driver Chase Kensington all beats are out the window!!

Read this Novella to find out how Chase and Ashlynn come together and what happens in their summer romance. There will be ups and down along their path but maybe just maybe things will have a way of coming together for a summer love that was just meant to be two young people having fun.

I cannot wait to see what Danielle Jamie will have instore for these two but If I do know anything have your tissues box handy cuz you will get teary eyed!!!

---

### **Angela Ruble Scott says**

For the Summer is a nice sized Novella about young summer love and just how much one summer vacation can change ones outlook on life and love. Chase and Ashlynn are two beautiful people who have no idea what the summer holds for them. While both are looking for a good time neither one of them are prepared for the emotional journey one month in Myrtle Beach will take them on.

Chase Kenzington has everything he could ever ask for; great body, money, and lots of women ready to fall at his feet and into his bed. What he doesn't have is time for love. Will he be able to resist the beautiful girls who move in next door for the summer? Will his heart throw him a curve ball he isn't prepared for?

Ashlynn is gorgeous, funny, and after a bad break up, not looking for love. While she may not be looking for love she really isn't interested in a one night stand either. What will she think when her eyes land on the hunks next door? Will she be able to resist Chase and the Kenzington charm?

I loved the how easy the story line flowed from one scene to the next. This book had everything I look for in a book; humor, romance, and raw emotion. I can't image how two people could be better suited for one another. I have read several if not all of Danielle Jamie's book and I can say the woman really does know how to write great sex scenes and hilarious dialogue that will keep you coming back for more. I can only hope that Danielle don't keep me hanging too long while waiting for more of Ashlynn and Chase's story coming soon in Chasing Carolina due out in 2015.

---

### **Tracey Marec says**

Do you want a hot, blond, bad boy who loves them and leaves them?  
Do you want to see the shy, quiet girl take the bad boy?  
Do you want instant, hot chemistry and melt your panties sex?  
If you answered YES...then Danielle Jamie has the hot summer time book for you.

Just For The Summer has it all. Hot sorority girls vacation on the beach right beside some sexy bad boy college guys.

Chase is a college graduate relaxing for the summer with his best buddies. Ashlynn is the shy quiet girl wanting a relaxing month with her best friends. But what they don't expect is an insanely hot romance for a few short weeks.

Danielle gave us it all, hot sex, intense chemistry, jealous lovers, one night stands and broken hearts. And that's just the beginning. I can't wait to read more about Chase, Ashlynn and all their friends.

### **Miranda Whore says**

Review for Just for the Summer by Danielle Jamie

Just for the Summer is fun and flirty novella by Danielle Jamie author of the incredible Tempt My Heart novel. This story is a bit different from Jamie's previous titles in that it's a New Adult style book vs Erotic. So, if you are looking for a dirty, dirty pick up Tempt My Heart or one of her Knox books — hubba hubba!

As always, Jamie does a fabulous job of painting the picture and giving you just enough to feel the scenes without going overboard. There is a fine line and she never crosses onto the wrong side of it. This novella is a prequel to an upcoming series she's got planned out... judging by the chemistry between the characters I can guess that things will get hot and heavy when we catch back up with Ashlynn and Chase.

These two characters are college aged in this book and with age comes inexperience. It was hard to watch how they stumbled through emotional turmoil and dealt with the fallout from a life changing summer on the beach. I really can't wait to see how they grow from idealistic college kids to adults with careers and the experience that comes with living.

Well done, Jamie, great start off to what I'm sure will be a brilliant new series. Four stars for storyline and 3 wet panties for smut factor.

Review by the Head Whore at Mommy's a Book Whore.

### **Amanda Estes says**

Just for the Summer is a sweet and sexy beach read written as the perfect introduction to Danielle Jamie's new series Chasing Carolina. Don't give up on it too quickly, it takes a few chapters to get into it, but once you do, you will find it was worth your time.

Ashlynn and Chase meet by chance in Myrtle Beach the summer before Ashlynn's junior year at the

University of Georgia and the start of Chase's new career as a Nascar driver. During their summer vacation as neighbors, things go from sweet to flat out sexy! But will their real lives keep them from having a relationship? Is the summer in Myrtle Beach destined to be just a summer fling or the start of something more? Just for the Summer leaves you with all kinds of questions about where Chase and Ashlynn will go as individuals and as a couple. As Ashlynn says, "I don't know where life is going to lead. All I know is with Chase and me, it's going to be a crazy ride."

I look forward to reading the rest of the series!

The author provided a complimentary copy of this book in exchange for an honest review.

---

### **Escape Reality with Books says**

This is a fun, flirty summer prequel novella to the start of the new "Chasing Carolina" Series which will be released next year by Danielle Jamie.

Ashlynn and 3 of her friends from a Sorority at the University of Georgia rent a beach house for entire month of July at Myrtle Beach.

Staying in the house next door is racing bad boy (he will start racing in the Nascar Series after the summer ends) Chase Kenzington and a couple of his mates.

When the two houses meet, sparks fly instantly between Ashlynn and Chase. The two become friends and are in the "getting to know each other stage" when Ashlynn sees Chase hooking up with another woman one night while they are in town. Ashlynn thought there was more to their flirting and is left devastated. Chase finally gets his head on straight and realises that something good could become of the two for the summer. Having worked out their feelings, the two have 3 weeks left before Ashlynn leaves to enjoy their time together.

Before the 3 weeks is up, the two find themselves falling in love but with Ashlynn due back at University and Chase about to start his Nascar racing career, the two are open to the fact that their relationship may be just for the summer.

Chase is downright HOT! He's described as tanned, toned, has dimples, ocean blue eyes and dirty blonde hair...YUMMY!

Danielle Jamie delivers a light, refreshing, hot and steamy read and I can't wait to read more of Ashlynn and Chase's story in the future!

I was given a complimentary copy in exchange for an honest review. Reviewed by Tanya.

### **Theresa says**

**Everything a fun, hot, wild and crazy summer should be!**

OMG... how Danielle makes me connect with her characters! As with any book there is always the good, the bad, the ugly, and the evil. This is no exception. But even the cocky jock hero can have be crying... how can we fall for these guys? I just love them! As with my other favorite books, this one made be laugh out loud, cry with tears running down my cheeks, and kept me up as I just had to finish it! And now a bit about the story...

Ashlynn is ready to have a summer she will never forget. She has spent the last 4 months alone since she caught her boyfriend cheating on her in their hotel room bed during spring break. Now she is back to the beach and looking to have some fun. She has 31 whole days to spend at the beach and is looking forward to ending her lonely streak! Chase is spending the summer at the beach again. It seems to be tradition for him to go to Myrtle Beach. He is a one hit wonder with the ladies if you know what I mean ;) That is until he meets his gorgeous new neighbor. Can this bad boy change his ways, especially when she is only there for the summer?

Favorite passages:

- "Don't mind Parker. I think he ate one too many paint chips when he was a kid."
- She just made it very clear I won't be fucking her anytime in the near future, but still, I want only her.
- "That boy should have danger as his middle name."
- Feelings fucking suck monkey balls.
- "Well, I guess that means Beauty is ready to finally become acquainted with The Beast."
- Love, even when it ends painfully, is still magical at one point in time, and that magic is what we have to hold onto, so we don't lose hope in the idea that our happily ever after is still out there.

### **Karen says**

I fell in love with Danielle Jamie's books so when this book came out as a novella to the series I already read, I couldn't wait to read it. It started out and took me right with it. It was a great introduction to the characters and a mind blowing ride. You saw the pain in her as she struggled to relax and "go with the flow" to get back on the circuit after her last relationship. You saw him struggle with himself because he was feeling things that he has never felt before and he wasn't sure he wanted to. In the end as the summer drew to a close and she dropped those 3 words my heart went into my throat because he didn't say them back. I thought I had him figured out wrong so she left broken hearted and I wasn't wrong he did eventually show up and he did tell her those 3 words too but he was scared. It didn't matter though because they lived thousands of miles away and she had to finish school and he was starting his racing career. I was falling my eyes out during their goodbye but was very glad they continued to talk and see each other when they had the chance. I am thrilled their series will be continuing but I don't want to wait until 2015! If you have not read the Savannah series read it then read this one. You will NOT be disappointed.

### **KFForever says**

#### **Reviewed by Dawn Vickers on behalf of Kindle Friends Forever**

This is the prequel to the Chasing Carolina Series.

Chase loves cars and women. He's twenty-two, has a high profile family and wants for nothing. Chase and

his friends take off to spend summer at Myrtle Beach thinking it will be wall to wall partying and women. What he doesn't bank on is meeting Ashlynn. She'd found out that her boyfriend cheated on her before going on holiday with her friends, and doesn't expect to meet Chase and fall for him. When they meet, sparks fly between them. Even though an attraction grows, she doesn't want to get hurt again. Chase is experiencing feelings he never knew he had, so they try not to fall in love; however, with only four weeks together, can they both survive when something that started out as a summer fling suddenly becomes so much more? Can Ashlynn let Chase in and will Chase be able to change his playboy ways and be with Ashlynn?

Ashlynn will be going to college and Chase is starting his career as a Nascar driver. They both know their time together will be limited and living so far apart— can they settle for a holiday romance and walk away at the end of it, or agree to wait for each other while they pursue their dreams?

This read is perfect if you are after a light, fun, easy read full of sexy hot moments and little drama. The beach setting makes you almost feel like you're in this story, too! The secondary characters are also an enjoyable part of the book and don't fade into the background. Each has a good solid character in their own right.

Danielle Jamie writes some smoking sex scenes and things were definitely hot between these two. This book is a prequel Chase and Ashlynn will be back in 2015 can't wait!!

### **Amanda says**

? I received an ARC from the author in exchange for an honest review. ?

Danielle Jamie is an author to watch out for!! So far, I have read every book she has written and she never ceases to amaze me with her books. You just can't help but fall in love with her characters and experience every emotion they are experiencing.

After finding her boyfriend cheating on her, the last thing Ashlynn wants to think about is that dreadful day and her failed relationship. She's just looking for some beach fun with her friends before she returns back to school. Then she meets Chase and his friends.

While Chase is on vacation, he meets Ashlynn and her friends. Chase is not known for having serious relationships. After he first sees Ashlynn that seems to be all in the past when he can't seem to get her out of his head.

What started off as a summer fling became so much more. This is one summer that will change Ashlynn's and Chase's lives forever.

I was completely immersed into the book from beginning until the end. I CAN'T wait to read more about Ashlynn and Chase!!!!

## **Three Chicks says**

Review by Alison East

I really enjoyed this novella Just for the Summer, it's the pre-quel in a new series from Danielle Jamie- the Chasing Carolina Series, and I can't wait for it. This novella was just a taste of what's to come. This one centered on Ashlynn and Chase.

After finding her boyfriend cheating on her, the last thing Ashlynn wants to think about is a relationship. Ashlynn Myers is spending the summer in Myrtle Beach with her three friends. She wants to have a fantastic summer- swimming, tanning, and just over all relaxing with her friends- what she doesn't expect is to meet Chase. Oh but she does!

Chase is loaded, and is the son and grandson of NASCAR drivers. He doesn't really do serious relationships. He has everything he could ever want, right at his fingertips. He wants to spend his last summer lying by the beach- partying with friends and lots of hot women. But then he meets Ashlynn.

What they feel for each other is definitely mutual- but here's the thing, it's nothing more than a summer fling, right? But what if they want more from each other?

I love Ashlynn's friends- they made great secondary characters- and Chase's friend is funny! And I loved watching the two groups of friends interact with each other.

This book is perfect for those times when you are looking for a great, easy read! This novella is sexy, and sweet. It also sets up the series that is coming out in 2015.

I can't wait for this new series of Danielle Jamie's- it promises to be more of the same- and I always enjoy reading her books!

## **1-Click Addict Support Group says**

Summer lovin'.... Yeah, I know you're all singing that song now. I am too, so it's all good!! Anyway, my point is this: summer loving is awesome. Long, hot days in the water, on the sand, on a boat.....in a bed? Yes please!! Where do I sign up for that? Right here, with Just For The Summer, it seems.

Ashlynn Myers is spending her summer in Myrtle Beach with her three best friends. She wants to relax on the beach, soak up the sun and just enjoy her vacation. The last thing she is expecting is to meet Chase Kenzington.

Chase is the son/grandson of NASCAR royalty and has access to anything and everything he could ever want. He wants to spend his last summer of freedom laying on the beach, surrounded by parties, friends and hot women. The last thing he is expecting is to meet Ashlynn Myers.

Their attraction is mutual and immediate. With only weeks together before real life comes between them, Ashlynn and Chase embark on a summer fling that has the potential to make or break both their hearts. How do you recover when the one you love is only yours for a few, too short weeks?

Just For The Summer is the perfect summer book. It's sweet and sexy, and has enough awww moments to make you want a Chase Kenzington all of your own. Although short – this is the prequel to a new series, coming 2015 – there is a lot to love about this book. Ashlynn and her friends are flirty and funny. Chase and his mate are hot and well, funny. The relationship between the two groups was enjoyable and real. I could just imagine a silly summer spend relaxing, playing and partying in the heat with them. I love the set-up for the new series and I can't wait to read it. I think that my love affair with Danielle Jamie's work will continue long after the summer has ended...

Just For The Summer is the prequel to Chasing Carolina series. It's not really a cliffhanger...it's a set-up for the next book.

5 stars.

~ Review by Beth

### **Sassy Southern says**

5 out of 5 stars

Wow, this book is hot! This quick sexy read is about two young adults on summer vacation in Myrtle Beach.

Ashlynn Myers is a junior in college and is still trying to get over her last breakup. She heads on a summer vacation with her friends to try to have some fun. The last thing she expected was to meet the gorgeous, sexy, racecar driver Chase Kenzington.

Chase is free and wild. He doesn't want anything to hold him down. A summer at the beach seems like the perfect place for him and his friends to let loose. That is until he falls head over heels for the beautiful girl staying in the house next door.

Agreeing to a no-strings attached fling for the summer, neither thought they would lose their hearts.

This was such a fun, romantic story. The characters were great. I just wanted them to be together no matter what. Chase is definitely a heartbreaker and Ashlynn has a huge heart. I was definitely routing for them.

I cannot wait to see what happens next with this couple. They have quite a few obstacles to overcome but I would like to see them get their happy ending!

I definitely recommend this book!

---

### **Taylor Freeman says**

I'm not so sure I really liked this book.

I didn't like what happened after the boat trip.

I liked the story until both epilogues, I saw that it was a prequel novella but I didn't realize it was going to continue with their story in another book.

I wanted them to just have a HEA but that wasn't the case.

I'm sure now in the next book with them being full length too much drama and angst will get in the way for

me.

I liked their relationship in this story when the truly got together.

I don't like when the main characters sleep with other people. I'd rather know they have a past reputation then actually read about them with someone else.

(view spoiler)

I'm not so sure i will read the next book. I don't like conflict and distance between the mains. Maybe it will work out I don't know.

---

## **Romance Readers Retreat says**

4½ Sizzling Summery stars

I was really excited going into this book, because:

1. For the first time, I had no preconceived ideas about this book. Previous books my Danielle have always come highly recommend and at times this leads to people revealing the emotions of a book i.e heartbreaking etc
2. The cover and title of this book just screamed, Sunshine and Holiday/Vacations and lets face it, nearly everyone loves sunshine and holdays.

I wasn't wrong on the holiday factor, because this short read tells the story of Ashlynn Myers, 19 and her 3 friends deciding to spend 4 weeks of the summer in a beach house in Myrtle Beach. She has not long split from her previous boyfriend, who she caught cheating and since then dating has not been her main priority.

Chase Kenzington and his 3 friends are spending time in the beach house next door and from the very beginning, the sexual chemistry between Ashlynn and Chase was hot enough to melt the polar ice caps. Chase, who is also an up and coming NASCAR driver, has always been a player, but there's something about Ashlynn that has him thinking commitment isn't so unappealing.

Chase and Ashlynn embark upon a relationship and while both are fully aware that this will be just for the summer, neither one expects to have such strong feelings for the other, making the thought of walking away and returning home at the end, heartbreaking.

There's definitely a feel good/summery vibe to this book. Its sweet, fun and scorching and would make a great read for anyone taking a holiday/vacation. Although you could read this anytime and still enjoy it.

If i'm brutally honest, the story wasn't particularly drama filled or intense enough for me to give it the full five stars. I love a book where the heroine has a feeling of betrayal, although we do get the feeling of guilt and jealousy between the characters. Having said that, being a novella and the fact that there will be more to come in this series, it has left me with only one urge and that is to find out what else Danielle has in store for this series, because I have a strong suspicion that this is definitely the calm before the storm.
