Murder on Peachtree Street Patricia Sprinkle

NO MORE MR. NICE GUY — Prominent television personality Dean Anderson was as popular as he was respected, but he had incurred a good deal of animosity among family, friends and coworkers. Though the police are willing to rule his shooting death a suicide, his old friend Sheila Travis is not. — As usual, it's irrepressible Aunt Mary, a perpetual busybody, who manages to get Sheila involved in finding Dean's killer. The list of suspects is as long as it is remarkable: a resentful ex-wife, an enraged daughter, a jealous, vindictive co-worker, a spurned admirer, a mobster with a grudge. The truth goes deeper than either Mary or Sheila suspects. And it may prove equally fatal.

Pat says

Not well written, fairly boring mystery.

Sheila "helped" police solve murder of Dean Anderson, a journalist.

Most action in the office.

Atlanta.

Working on a new TV show.

Mary says

I have enjoyed other books more. Very complicated plot and hard to keep the characters straight.

Another excellent Sheila Travis mystery by Sprinkle. Shelia has moved to Atlanta and almost immediately gets mixed up in a murder at Galaxia.. One bit I found very interesting was that this fictional company was working to develop an online encyclopedia. The book was written in 1991---Wikipedia didn't come along till 2001!

Sheila, with the help of her Aunt Mary plunges unwillingly into the murder and after several sidetracks finds the solution. (Naturally)_

This was an easy and enjoyable read. Nothing really unique or remarkable about it, but I liked the main character and it flowed pretty well.
