## **The Mile High Club** Jasinda Wilder

Well, I went with Shane. Crazy? Yes. But it was the ride of a lifetime. The things we did on his private jet...my god.

It turned out, however, that I'd gotten myself into way more than I'd bargained for. I didn't even know he had a private jet, for starters. There's quite a lot I don't know about Shane Sorrenson, I discovered.

I find myself faced with yet another last-minute decision that will change my life all over again. In a world of turbulent change, the one constant that I can rely on is hot sex with Shane.

## **From Reader Review The Mile High Club for online ebook**

### **Stephanie says**

Oh, Shane's brothers are to drool over. I wouldn't mind to take a bite from each. The scenes in war were very heavy, but that was the feel of the book. I loved the interactions and kind of the end. Meeting the mom is always hard, but she asking you for when is the wedding... that's tough. Will she go for it? I will keep reading.

---

### **Lisa Jo says**

Short, hot read totally paying biker homage to FSOG (think Gideon & Ava on a Harley). Liked it but characters were minimal, depth-wise. Could have gone farther, needed much more detail but sex was hot if that's what you're looking for in a short novella. I thought The Sorrenson Family premise was predictable which put me off storyline.

---

### **Rough Draft Book Blog says**

The Biker Billionaire series...

Wild Ride #1

The Mile High Club #2

Riding the Heir #3

**GREAT SERIES!!!**

Totally leaving the same review for each book as all three of these could have easily been put into one Novella instead of three short stories!!!

The plot is good and I really liked the fast pace of it... but like I said before, this could have been ONE book... each of the three stories has everything I needed in a book... hot characters, steamy sex scenes, emotions, secrets, and humor!!! I'm glad I decided to read them.

Even though Shane IS an alpha male, he's got a huge heart and with the right woman (Leona), that softness and kindness come through the hard exterior of a man that is hardened by his families wealth and popularity!! I have to admit, I myself am completely and utterly in love with Shane and his uber hot brothers!!!

The writing style is effortless to read... it actually felt like I was reading my own writing... like the way I would explain something or tell a story of my own... I was whisked away by this story and transported into a world of hot sex, airplanes, war zones, hospitals, and mansions!!! Glad to be along for the ride!!

All is all, I really liked all three stories... and as I said before... COULD HAVE BEEN ONE BOOK... for that I gave this entire series 4 stars... if it was one book... I'm pretty sure it would have warranted a 5 star rating from me!!!

**Dee says**

I just can't connect with these 2 characters. It's sad when you have skim through a super short story. I'll still read the last installment, just to find out what happens with Shane and Leo, but so far, their story has bored me. I still love this author though!

---

**Stephanie says**

This one was mostly sex, and I skimmed some of that too. Not a ton of character development going on in this one.

Honestly I only got book three because I have to know how this crazy thing ends...

---

**Kimberlee says**

What a sexy short little read. I'm already hooked on Shane and Leona (Leo to her friends) Their relationship was founded on lust and suddenly it has taken a turn. I cannot wait to read the next installment.

---

**Shirley says**

This was a great read but terribly disappointed it was to short I want to hear more from them Jasinda please give me more  
I love the way Leo says just what she thinks its refreshing and Shane sounds like he's a hot hunk of a Ex Marine/Medic/CEO ohh what a man lol  
I loved to hear about his brothers they sound just as hot !!!!

---

**Epiphany says**

I love this book and series. Leo may have bitten off more than she can chew when she hooked up with Shane. They have barely known each other for 72 hours and she has agreed to travel to a war torn country to help treat the injured. This book is steamy, hot, sexy, eventful, quick read. I can't wait to read the next one. I recommend this read, but you will want to read the first before this one to understand how Shane and Leo met and how they got where they are now.

---

**Melissa says**

I have to start with ... I love Jasinda Wilder and her writing style. She has a way of writing a story that plays

out just like a fantasy in your head. I've read a few of her books and I can honestly say I have really liked each one I read a little more. The stories suck you in by the time you finish the 1st paragraph. It's VERY hard to put her steamy novels and novellas down.

1st I loved book 2 as much as book 1. I really like the main female character's name - Leo (Leona). It's an old name, but it reminds me of someone who is strong willed, determined, and knows what she wants - and her character really embodies her name. I love that Shane seems a bit vulnerable in book #2. He is still super sexy and every girl's fantasy - smart, handsome, a little dangerous, kind, etc. Biker Billionaire The Mile High Club is as far fetched as book #1 and I kinda like that it's so off the grid of what reality is. It's nice to be transported to fantasy land from time to time. I am still debating if I like that Ms. Wilder is keeping this series a short story series. I think I might like to read Shane and Leona's story as a full fledged novel. I hated to get to the end and need to upload another book in the series. This is definitely a good pick for a romance/erotica reader. It's super steamy and is a super quick read.

---

### **Dina says**

1 and 1/2 stars!!

As hot as this got, still this was almost a DNF for me..

---

### **Marie says**

Bintang 1  
Biker Billionaire #2.

Jadi tambah G BGT baca buku keduanya. Koq bisa ya si Leona dan Shane "gituan" ditengah tengah hujan peluru. Tak terbayang ditengah hidup dan mati ada orang yg berpikiran untuk melampiaskan nafsu mereka.

Saat sedang asyik berduaan di sela sela waktu santai mereka, Shane mendapat berita kalau ayahnya terkena serangan jantung. Leona harus memutuskan apakah dirinya harus kembali kekehidupannya yg lama atau mendampingi Shane sebagai pasangan yg solid.

---

### **Beate says**

*When's the wedding?* No pressure, but when's the wedding?? :D

That's how part two of the story ends. I liked this one better than the first one. Mostly because there was plenty of action. I would never, ever be able to do what Leona did. I couldn't go to into a war zone. Not even if I ran into what would turn out to be the man of my life. No way. I'm too much of a wimp like that.

We get to meet Shane's brothers. Though we don't get to really know them. They're all big and scary. Intimidating. But Leo being Leo, she soon finds her place among them.

Part two is just as smutty as part one was, if not more. Now, moving on to part 3 to see how this whole thing ends.

---

### **Wendy says**

Out of all the series that I have read from Jasinda, this by far is my favorite! You couldn't help but love Shane and Leo, together as a couple and separately as individuals. You could feel their sexual tension and desires coming from the pages as you read it. The scenes from the plane were extremely hot! It definitely felt there was more to their story cause of the pull that it seemed to exist between Shane and Leo. I loved the fact that Shane is such a man-strong and protective. But you can definitely tell that he felt more for Leo and it was showing through his actions. Leo was afraid to show her feelings and admit to them but it was a good read to see those emotions come through the pages. It was a good and enjoyable read and couldn't get enough of the story! Jasinda is a wonderful story-teller not just a writer. Can't wait to read the next part.

---

### **Gail says**

How many times have we walked away from a relationship that just wasn't working? I know I have, maybe not as dramatically as Leona. Very well written, and believable, Shane was a true gem in the rough. Even with the tattoos he was able to pull off an Armani Tux, and still look amazing. More than just a reluctant CEO, who was the only one of the children in the family to be able to take over his fathers Corporation. He is genuinely a wonderful free spirit, and of course family man. With a heart of gold Shane falls in love with Leo and of course there is a happy ever after.

---

### **Diane says**

Another good one to continue the hot sex, hot man with an intense job. Meet his brothers, is there a possible story line for them? Hope so.

To make the decision to take your medical skills to go to a war torn country would be a crazy decision. To go with a hot guy that is into you, even better. Her fears about going are crazy, and what an adventure. If this was a longer book I'm sure there would be more on what was going on and the mental stress of working long hours but wanting to help and do what medical personnel do. Since this is a love story, it is there even in Sudan. It still sucks you in, with there continued saga just with a little more stress. Leo finds out who Shane really is. On to the next one.
