## **The One I Gave My Heart To 3** Mercedes G.

The One I Gave My Heart To 3 picks right up where we left off in the previous installment. Mia's sister Neecy has been triflin' from the beginning. But it seems like no matter what she does, it's never enough for Mia to cut her off. After learning how grimey her sister is in this installment, will it be enough for Mia to throw in the towel and wash her hands with Neecy? Or will she sweep it under the rug like she does everything else. Dola knows that something shady is going on with Mia being held at ransom, and he won't stop until he gets down to the bottom of it. Kelsi doesn't want to have anything to do with Ruth after receiving that devastating letter from his ex-girlfriend Apryl but is Apryl telling the truth or is she just trying to get under Kelsi's skin. Sy and Terri seems to be the only couple that isn't having any real relationship problems. That is until something unexpected happens and it flips their relationship upside down.

### **Ladii Zig says**

#### **Okay!!!**

This was an okay read, reason being is because it's like everything took a turn for the worst for everybody. First off if Ruth knew he was gay the whole time, why in the world would he get involved with a woman and claim to be so in love. Then after almost lossing his life all of a sudden he so in love with his boyfriend and out of the closet. Sy really upset me because I felt like he should have told Terri the deal before she found out the way she did. Crystal was just a messy back stabbing bi\*\*h. I really felt like she got pregnant on purpose. Mia was just so confusing because nobody can make you forgive them if you didn't really want to, so by me saying that she knew what she was doing when she got back with Dola. I also felt like the story didn't end properly becauseeeeeeee Bizzare and Keyshia didn't get dealt with, brother or not he violated in the worst way.

---

### **YVETTE RIVERS says**

#### **Wowwwww**

This author always amazes me shot stuck paralyzed call me what you want but this ending was all that and a bag of chips I love me some Dola, and I'm so happy that I got the ending that I wanted unfortunately I can't get over what happened to my girl I cried real tears for her and Ruth the fuck boy I won't tell the rest you have to read it for yourself but this was all that I loved it and I would love to see something more from Terry and Sy out freaking standing his father never fails me

---

### **Shaney seals says**

#### **Good job**

Wow is all I can say what a great way to end this series. I would have never expected all the surprises in this last book good job

---

### **Gee Winchester says**

#### **Disappointing**

I've read part one of this book about five times. I loved the characters and the storyline, I was really excited to see how book two went. I was ok, but I thought that book three will make up for it. After waiting for such a long time I was disappointed. I forced myself to complete the book. Most books always have a male meet a female falls for each other some shut happens and then they make up, we know this but try to make it

realistic. Disappointing

---

### **Tesha Joyner says**

#### **Good book**

This book was everything I thought that it wou

ld be. Dola is still his self and making sure people know he ain't playing. Mia just figures cause you're family they wont do you wrong. She learned the hard way. Kelsi finds out devastating news & can't deal with it. Ruth causes a lot of heartache cause he wont be honest about things. Relationship are tested and decisions are made. Some are good and some are bad. Dola decides to take the higher road & make things with Mia better & stronger. I loved how there were all types of things going on in the book to keep you entertained. This books gets your attention & keeps it. Good book. Dola & Sy are atill the men.

---

### **Melisia M says**

#### **Too Many Twists and Turns**

I'd come to Love the characters and were rooting for all of them to make it only for Ruth to be gay, Sy pitiful, and Mia fed up after forgiving Dola. I hate when the storyline is filled with so much deceit and heartbreak. I couldn't believe that the story ended without a follow up on the characters. It's like the movies that end abruptly!!!

---

### **Shirley Fraser says**

#### **Simply Uninspiring Rushed Mess!!**

The folks who gave this book 4 &5 stars must nott have waited as long as I did for this sorry sorry sorry conclusion. Grammar mistakes all through this book. It felt rushed the storyline was all over the place...Who had all the signs of pregnancy and relies on home pregnancy test?? I would respected the fact if the author would have just left the series as as cliffhanger. Just like another reviewer wrote, I'm so tired of these authors stretching out these installments that they lose the storyline! It's lazy and uninspiring to say the least!

---

### **Dionna Malone says**

#### **Whew!**

It's been a long time waiting but finally Mercedes G came through with that pen game and turned the notch all the way up! This last installment had me going from 0 to 100 real quick! Deceit is real and boy was it a lot of it going on ! They say your family and friends are the ones who will hurt you the most! This finale was the truth and you'll be shocked with the outcomes! Definitely a must read!

---

## **Shannon YOUNG says**

### **The book was rushed**

I swear I would have waited another year because this book was Rush I know Mercedes have done better work then this. All the plot twists really got on my nerves after waiting so long she could have gave us a better ending this will be my final book that I read from her she takes too long and all her final seem Rush. I rather have just come out with stand alone.

---

## **&#x1f496;KrissyLPlug&#x1f496; says**

### **A little disappointing**

I waited forever for this book and I expected so much more. It ended so dramatically in part 2, and I couldn't wait for part 3, but it was just ok. There was no real drama. Mia was stupid the whole book. The Kelsi and Ruth situation deserved more attention than it got. Sy was wrong for how he handled the baby situation. We never heard anything else about Bizzle or Keisha. It was just like the book was rushed. The ending was disappointing too. I was hoping for so much more because I really loved this series.

---

## **Carolyn King says**

### **Good**

Enjoyed reading about Dola Mia and the crew. Hated Kelsi took her life like that. The truth finally came out about Ruth. Sy should have told Terri about Crystal and the baby. Crystal knew she was wrong. She was not a true friend. Looking forward to reading more books from you.

---

## **Tonya Riddick says**

### **Excellent**

Omg! From beginning to end this second installment had me on the edge man I was completely hurt over kelsi that was just soooo sad and the revelation of Ruth wow I never in a million years saw that coming smh my heart broke into pieces over sy and TERRI they deserved a happy ever after without crystal but sy is a step up kind of guy so respect to him for stepping up we need guys like him but this was a wonderful read I'm like wow life is so real we don't even realize karma is a nasty chick smh

---

## **M4queen says**

### **Disappointing**

Ok so this book took forever to come out. Then reading it, it's like really should have waited longer and got the story together better. The whole Ruth side story was atrocious. Kelsi's character so didn't deserve to go out like that. Then the back and forth between Dolla and Mia was sorry. Same for Terri and Sy. After all that mouth Sy had he couldn't even keep it real on some stuff they did together. Crystal was a psychotic idiot. All the drama and I don't want to be with you to get back together in the end in a rushed ending. Unbelievable.

---

### **Chiquita says**

This was short and a little rushed. I wanted to know why Ruth lead those girls on the way he did and ultimately decided to be with scoop when he could have originally done that. Kelsi killed herself for no reason, that was a choice she made and it came with consequences but she could have lived on. I would have loved to hear what became of neecy. I also would like to know the reasoning behind Sy assuming that Terri would not have accepted his position, if had been truthful with her about the whole situation.

---

### **Daphne says**

#### **Wow**

I'm speechless right now. I was not expecting anything that happened in this book to happen. Ruth...wtf. REALLY SY!?? I don't understand his actions at all. He could've done sooooo many things differently, I don't think I like him that much anymore. Poor Kelsi and Terri was too nice to her b.d. Wow I did not expect the ending, bizzle and keyshia were the only issue that I have with the book, just too easy with them.

---
