## **The Witch of Dakota C.J. Petit**

The Witch's medicine was bad. She must be killed. But she ran before they could act. She ran across the Dakota prairie until she could run no more. She turned and faced the oncoming warriors. She had no hope, yet she would defy them until the end. Then came the thunder.

## **From Reader Review The Witch of Dakota for online ebook**

### **penny winston says**

#### **I was totally happy with the book and loved and enjoyed every word**

It was trolley great read

I have read several of this author and have enjoyed every single one. cOnt wait till the next one

---

### **Frank Evans says**

#### **Rousing adventure**

This is a book with adventure, much action, romance, and heroism. The author achieved a balance of these that did not disappoint. Savage Indians, bad blood between brothers and a captivating woman were spellbinding. I am a fan. I would have given a 5 star review except for the spelling and typographical errors. These could be avoided by using an editor. Unfortunately, those errors retracted from my enjoyment. I look forward to my next book from the author.

---

### **Gary L. Harter says**

#### **A good read, however, not as good as others.**

I liked the story line it was entertaining and enjoyable. It seemed to me that to much of the story was repeated too many times throughout the book.

---

### **Sharon says**

#### **Very Good**

Another good story from this author. I loved the storyline as well and the characters were great it held my attention, there was some mistakes in writing but I still loved it.

---

## **Cathy Bruffett says**

### **OMG**

I can't believe how long it took me to find C.J. Petit books. I have read 5 or 6 of his books now and I think each one is better than the last. I loved The Witcher of Dakota from beginning to end. The only thing I have to add is keep them coming!

---

## **Fredrick W. Beaty II says**

### **Questionable score.**

It isn't very often I "straddle the fence" with regard to scoring a book review. However , this is one of those times. The author repeatedly goes into great descriptive depth regarding the body's response to being shot with guns. How it enters the body, the obliteration of the organs and the destruction left. The author continually uses the same adjectives over and over again to describe affectionately the names for the spouses. The storyline itself was great, but the descriptive nature of the violence makes me unsure if I want to read another book from this author.

---

## **Connie S. Koog says**

### **Ross and Amy!**

This was a great adventure to read. I was impressed with the writing . I enjoyed reading this book .

---

## **Sharon Oliver says**

### **A real page turner**

I am a great fan of the western genre. This one had a bit of a different spin and held my attention. Read in two sessions. Will check into other books by C. j. Petit. Hope they are as original as this one. Good job.

---

## **karen d. janney says**

### **Bewitching Saga**

For those who love western fiction and romance , this is a super read. I found myself totally submerged in the action and interaction throughout the story. Great book!

---

## **Constance says**

### **Heads Up for Adventure & Romance**

From the first page, with the witch escaping, I couldn't put the book down. In fact I stayed up until four in the morning reading. You'll enjoy reading just for the adventure and mystery, but the romance is what tops it off.

---

## **Norm S says**

### **Good Western Romance**

Amy is captured by the Sioux but kept alive because of her unusual Gray hair and vivid green eyes. She escaped and is rescued by Ross and they begin many adventures. Even though they soon fall in love there's one thing standing in their way. Amy's married. Another good story from C.J. Petit.

---

## **Carrol j Oliphint says**

### **Not one of his best**

Although there is action and a good story, it is mundane. Much of what is written seems to be nothing more than a boring attempt at meeting a quota to make the book longer than it needed to be. I'm glad this was not the first Petit book I read. If it had been, it would have been the last.

---

## **Clara M says**

### **The Witch of Dakota**

A slightly different storyline, this time, by C. J. Petit, but nevertheless as thrilling and exciting as the other books I have read! A good ending for another kind, generous, and honorable man, and his adventures in the Dakota territories!

---

## **Randy Nelson says**

### **Amy was NOT a Witch at all.**

The book title caused my hesitation to read what turned out to be an interesting story, though similar to other books by this author. One man able to kill so many others with such ease, seemed troublesome to this reader. Good read overall.

---

**Masina Lane says****Escape**

Another fast moving, well written Western by Petit. It is full of action and suspense from the beginning. I rank it as one of the most interesting stories that he had written. I highly recommend this author.
