When It's Forever Leah Atwood

Jared Scott should have been on the helicopter that crashed and killed his best friend. The guilt of knowing Mike might still be alive if Jared had been on that flight sent him on a path of destructive behavior. Eventually, he cleans up his act, but that doesn't free him from the consequences.

Sybil Hollis has spent her life searching for love in all the wrong places, but would she even know it if she finds it? And commitment? She knows nothing about sticking around when times get tough. All her life she's been taught it's easier to run away from problems or drown them in habits.

Until the day she faces a lifetime commitment from which she can't escape. With Jared at her side, can Sybil discover what love means when it's forever?

When It's Forever by Leah Atwood is another wonderful book in the Always Faithful series.

I really enjoyed reading this story. It is a very heartfelt, emotional & spiritual story.

Jared life is shambles. And he is drowning his guilt with alcohol. One of his best friend's Mike, was killed in a helicopter crash, that Jared should of been on. But he hurt himself, fooling around, & Mike had to take his place. With he life spiraling out of control, he realizes, he has to do something now, to turn his life around. He heads home to Wyoming for a month.

Sybil, who is almost thirty, feels she's happy, living her life doing the same thing week after week. Her childhood was a sad & lonely. Seeing her Mom so desperate for a man's love. Sybil knew she never wanted a life like that.

Jared & Sybil had met, & spent the evening together. They had not seen each other again, until she showed up on his doorstep, the day he was back from Wyoming.

Has fate brought these two people together?

A MUST READ FOR EVERYONE!!!

Ms. Atwood has written a series of three beautiful stories. Each one is centered around the three remaining Marines that survived a chopper crash that killed the fourth member of their team.

The death of one of the team has seriously affected the rest of the team in different ways and needs to be dealt with.

This story contains a well-written and beautiful story of two broken people. Jared tried to bury his guilt over the death of his teammate in alcohol and fast living. Sybil is trying to get past the neglect of a loveless childhood.

Both need to forgive themselves and find love through a merciful, loving, and forgiving God. It is a great series that everyone should read.

It can't be over!

I was really hoping to read the stories of some of the other characters. But, I guess I'll have to make them up, lol. What a great demonstration of God's mercy in action! I recommend this to anyone who is wandering. This book shows that it's really not to late to come back to the Lord.

Jared, on a downward spiral knew he needed to change but when, the lies he spoke of ,would soon catch up. As Evan, said to him, you don't feel like you deserve it. Sybil didn't take life serious, enjoyed the night life, time for that after she was thirty she figured. She didn't want to be like her mom. Jared goes to Wyoming for a month and they meet, a night together changes things. Question is will this be something to build a life on, without the past retreats. Good story.

Gina says

This is a beautiful story of two broken people. Jared drowning his guilt in booze and Sybil trying to bury her neglect from childhood by partying and trying to prove she doesn't need anyone. After a drunken one night stand between the two, a pregnancy happens. This couple will need to come to terms and accept God's forgiveness so they can be home a family. I received a complimentary copy and I am reviewing voluntarily.

Darla Damron says

An awesome story about making mistakes and how others perceive you afterwards. As Christians we are to forgive others and have some grace towards their sin. Love how the author wrote about them praying and coming to know Christ. She showed true conviction and crying out to God to save them.
