Terra Wolski says

I don't know if I want to go everywhere or if I don't want to leave my house lol!! There is sure a lot of partying going on everywhere - and I can't wait to consult this book- and check out a few places mentioned on my next trip!

Kelley Pearson says

Happy Birthday to me from Denise Browning. I'm making a list! Love it!

The great philosopher St. Augustine once said, “The world is a book and those who do not travel read only one page.” Wise words. But we’d like to add that if you travel and stay sober the whole time, those might just be some boring ass pages you’re reading. Unless, of course, you choose something from the pages of 101 Places To Get F*cked Up Before You Die (\$14.00). The ultimate guidebook for people who like to have fun, 101 Places was written by the award-winning journalists at the Matador Network, experts in all that is travel.

It covers every type of venue there is to have a good time at, from the world’s biggest festivals that are on everyone’s bucket list, like Burning Man or Oktoberfest, to the places you have definitely never heard of, like underground clubs and backcountry raves (don’t worry, they’ll give you tips on how to get in). 101 Places To Get Fucked Up Before You Die also outlines important stuff you need to know, like how not to get arrested and/or shanked, where to find the type of music you like, even how to track down LBGT party spots. If you’ve got a passport, and a fully functioning liver, you need a copy of this party bible. We think St. Augustine would approve.

Eh I really wasn't inspired to visit many of these places after reading this. A few here and there maybe but thats it. I was more interested in reading which places they'd picked on locations I'd been to before to see if I'd been to any of them or missed them. I did like some of the first hand stories too.

Jen says

I received this book for xmas and enjoyed reading it. Will definitely be saving it for when we travel.

Joshua Gosse says

Entertaining read, but only when you have nothing better to do but day dream about getting absolutely in new and exotic locations

Thea says

Jase says

Not that I didn't like this book but I don't find myself being in many of these places. I've been fucked up in many places and they were just as fun.

Blissom Booblé says

I'm in here! Pg. 166. Happy reading... and drinking.

Dawn says

I won this book in a Goodreads giveaway. This is a fun travel guide, written in the format of a typical guide, with various contributors giving their suggestions for places to eat, sleep and socialize. And by socialize I mean, of course, get wasted. The guide is not comprehensive, but rather a top 10 picks for different categories of partying. I wish it was written a little less as a guidebook format, and maybe more as short travel essays, as this isn't going to be a book you actually bring along in your backpack. (I was going to say suitcase, but if you are using a suitcase this may not be the book for you anyway!)

Jack Oughton says

yes fam

Pearl says

101 Places To Get F*cked Up Before You Die definitely is "the ultimate travel guide to partying around the

world." It is hilariously informative. If you like to party and have an urge to travel, but your not sure where to go, this is the book for you. I have been inspired, by this book, to put on my traveling shoes and see what the world has to offer.

Mark says

Fun read; my experience of some of the cities listed are different in lots of ways and I'd recommend different spots in most but opened my mind to some places of have never considered places for drinking trips and have some ideas to take forward.
